

**Bury's Green.**

Mr. Harry Hopkins has sold his farm to Mr. Rufus Sinclair, who will take possession this spring.

Mr. Geo. Grandsin has bought the fifty acres adjoining his own, and will retire from the milk business.

Mr. Emerson Tiers' sale of farm stock and implements was very largely attended and everything was sold at good prices. On Monday evening his friends gathered to bid him good-bye before leaving for Dunsford, where he intends to keep a general store.

Horse buyers have been plentiful in this vicinity, and many horses have changed hands at fancy prices.

Miss Jessie Terry of Eldon returned to her home on Saturday after a two weeks' stay with friends here.

Mrs. Yeoman Smith returned home after a visit with friends in Port Perry and other places.

Miss Parker of S. S. No. 10, Somerville, visited at her home near Dunsford over Sunday.

Several from here attended the lime-light views given by Dr. Marsh in St. Andrew's Church, Fenelon Falls, and were highly pleased with his views and address.

Mrs. Wm. Hoskin has been on the sick list, but we hope to see her around before long.

**Powles' Corners.**

(Correspondence of the Gazette.)

Twenty-two years ago Mr. and Mrs. John Cooper left here for the Northwest Territory. They left a large circle of warm friends, and twenty-two years after that, the same month and the same day of the month, Mr. and Mrs. Cooper drove over the same road from Lindsay to this section, where they were greeted with outstretched arms. Ten or twelve days were spent in visiting here and at outside points. During their trip from London to Toronto the train ran off the track. The engine broke loose from the train or there might have been lives lost. The coach Mr. and Mrs. Cooper were in went over against a snowbank, and they have been congratulating themselves on their narrow escape. They expect to arrive at home about the first of March, by way of Chicago. Mr. Cooper is strictly temperate, honest and industrious, and has made a success of farming.

Miss Clara McGee and Miss R. Powles went to Cobourg last Tuesday as delegates from the Epworth League. It is to be hoped that what will be accomplished will be equivalent to the cost or more.

Mr. J. H. Stroud disposed of a team of horses a few weeks ago for \$400. Mr. Stroud is one of our successful farmers.

If any town or village is depending on the bar for its prosperity we pity the inhabitants.

**DIED WHILE DRUNK.**

The death of Mr. Archibald McDonald, (also known as Archie Cooper) who lived alone on the 12th concession of Mariposa, took place on Friday, Feb. 4th. He visited Cantington on Thursday and while there purchased a supply of liquor, and was taken home by a neighbor in an intoxicated condition. The next morning the neighbors, not seeing any smoke coming from the house or any signs of life about the place, broke open the door and found the stove overturned, pipes down and the place in great disorder, the deceased man having done this while in a drunken state. The man was found lying across the bed with a whisky bottle by his side, almost dead. Dr. Dale was summoned by telephone and hurried to the house, but could do nothing to stay the hand of death. The funeral took place on Saturday afternoon to the cemetery west of Manilla. — Lindsay Post.

**HOG KILLS HORSE.**

That the common hog is not at all times the sleepy indolent animal known to frequenters of the country roads on warm summer days was exemplified in the farm-yard of Mr. J. R. Condon, situated about three miles west of here, one day last week.

It appears that Mr. Daniel O'Shea, also a resident of Douro, drove with a fine team of horses to Mr. Condon's home, on a matter of business, and, after securing the animals by a halter, entered the house. In a short time one of Mr. Condon's sons was heard to shout to the inmates to come, and on doing so they found a large hog attacking the horses, one of which was lying on the ground, struggling in the last stages of vitality with the major portion of its anatomy scattered about the yard. A horrible wound was inflicted in the body. There is no doubt the other horse would have met the same fate had the men not arrived on the scene in time to chase the frenzied brute off; as it was it will be many days before the wounds will be healed.

The loss of the horse, which was in part made good by Mr. Condon, will be about \$150, as Mr. O'Shea was offered this price recently.

Many in this country have wondered why the British elections are extended over such a lengthy period, instead of taking place on the one day. The main reason is that a man can vote in any constituency in which he holds property and many under the present plan go from riding to riding and cast their ballots.

**AXES.**

In this line more than any other, quality counts. The customer's satisfaction lies in one of two things—expert knowledge of goods which few have, or in knowledge of the store selling them, which all should have.

We don't buy and sell at random. We investigate and compare, and we want you to do the same. You are welcome to take away any of our axes, and get any where you can, the best look and judgment on them. If they do not agree in every particular with all that we say of them, you get your money back.

**MAKES HAIR GROW.**

W. H. Robson Has an Invigorator that Makes Hair Grow In Abundantly or Money Back.

If your hair is thinning out gradually it won't be long before the bald spot appears.

The time to take care of the hair is when you have hair to take care of.

For thin, falling hair the best remedy known to mankind is Parisian Sage. It is compounded on scientific principles and furnishes to the hair root a nourishment that acts quickly and promptly and causes the hair to grow.

But remember this: It kills the dandruff germ, the pest that appropriates all the natural nourishment that should go to the hair root.

Parisian Sage is sold by W. H. Robson under a positive guarantee to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

It gives to women's hair a lustre and radiance that is most fascinating and causes it to grow abundantly.

Parisian Sage is now sold in every first-class town in Canada. A large, generous bottle costs 50 cents, and the girl with Auburn hair is on every bottle.

English Girl—You American girls have not such healthy complexions as we have. I cannot understand why our noblemen take a fancy to your white faces.

American Girl—It isn't our white faces that attract them, my dear; it's our greenbacks.—The Wasp.

Having received the full amount of insurance on my house recently burned, I wish to thank the Independent Cash Mutual Fire Insurance Company and their agent, Mr. Elisha Mark, for their promptness in settling the claim, considering that the moving of their offices twice interfered seriously with the company's business operations. But I do not thank some of the people of Fenelon Falls for the circulation of false reports concerning my property. If such reports are continued, action will be taken against the parties responsible for same.

**NEWSPAPER LAW.**

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears, or the publisher may continue to send it until payment is made, and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.

4. If a subscriber orders his paper to be stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.

5. Courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
