

Auction Sales.

Mr. David Logan has leased his farm, Lots 23 and 24, Con. 5, Fenelon, for a term of years to Mr. Robert McNish, of Long Point, and will hold a sale of stock and implements on Thursday, Feb. 24. Sale at one o'clock, without reserve. T. Cashore, auctioneer. Mr. Logan intends moving to Lindsay, where he has a good house and lot.

On Wednesday, March 2nd, James F. Webber will sell without reserve his farm stock and implements on West half Lot 23, Con. 5, Verulam, at one o'clock. Thos. Cashore, auctioneer. Mr. Webber is going West.

Baddow.

Correspondence of the Gazette.

Miss A. Brean, of Cobocok, is the guest of Baddow friends.

Mr. Gerald Fell of Fenelon spent Sunday at his home here.

Miss Curtis of Fenelon was in Baddow over Sunday.

Miss E. Townsend spent Sunday at her home at Burnt River.

Miss Edmonds spent the week end with Rosedale friends.

Mr. W. Golden was in our burg over Sunday.

Mr. G. Goodhand and Master Ephraim spent a few days the guests of Cameron friends.

Mr. and Mrs. R. Suggitt were in Glendon Sunday evening.

We are sorry to report that Mrs. Salter, Sr., is quite ill.

Mr. Frise has started his saw mill again and is making things quite busy just now.

Powles' Corners.

(Correspondence of the Gazette.)

Very frequently the postmaster here gives the public mail after hours; but quite a number are determined the postmaster will handle no money of theirs, for when they want to renew their subscriptions for newspapers they will send direct to Toronto and other places or give their subscriptions to other agents. Not one half the postage stamps on letters sent from here are purchased here. Every one of us will have to give an account of his sins. Not much Socialism in this.

Steps are being taken to have rural mail delivery established between the flag station and the Corner. There are likely to be three or four mail boxes at Hall's Crossing, if the Postmaster-General grants the requisition.

Mr. H. Eyles of Cameron has been in this section with his gasoline sawing machine.

A beef ring meeting was held in the school house here last Friday night. It is not known yet whether it will be in operation this season or not.

This locality may turn out a champion checker player, but we would advise him to get all the sleep he can.

Last Tuesday and the following night left the roads almost impassable through this part. A good many road overseers are slow in getting out after a storm. They should remember that a person is apt to take congregation of the lungs any time.

Parry Sound, Feb. 14.—Wolves have become so numerous in Carling township as to be a menace to the settlers, and during the fall and early winter large numbers of sheep have been killed. Persons who have been making investigations are satisfied that there are between fifty and one hundred wolves in the peninsula, and as it is an easy place in which to surround these pests, arrangements are being made for a grand wolf hunt. In order to permit of persons from a distance taking part, special rates will be made with the railways.

Peterboro, Feb. 11.—To be unable to have a broken leg set without driving 50 miles was the terrible experience of Edward Keating, who was employed in one of the camps of the Cavendish Lumber Company. Keating had the limb fractured on Tuesday and reached Peterboro last night. He was taken to a hospital, where the fracture was reduced.

It was 50 miles from the camp to Peterboro and the injured man was accompanied by two companions, Halon Howard and B. McManus. They left the camp early yesterday morning and stopped for dinner at Bancroft, reaching this city about 9 o'clock in the evening. Keating suffered great pain.

During the past week the Lakefield Electric Light Co. have made many improvements to their electric light plant. A fine new dynamo of 150 h.p. has been installed, which will increase the line voltage from 1100 to 2200 volts, doubling the capacity of the line. New transformers have been installed and the capacity of the old ones doubled. The line has been thoroughly overhauled and put in first-class condition, and with further improvements to be made shortly their wire system will be an up to date one. The lamp voltage is now at its standard, and if raised to any appreciable extent the result would be the burning out of many lamps. The new equipment, which is of the latest design, was supplied by the Canadian Westinghouse Co., of Hamilton, the largest electrical concern in Canada. Mr. Leggett is at present in Toronto arranging for new machinery.—Lakefield News.

SUBSCRIBERS IN ARREARS

For the Gazette are requested to call or remit in settlement of same.

FRUIT TREES ON THE ROAD.

Fruit trees on the roadside was the subject of an editorial in The Toronto World recently. On both sides of many of the roads in Germany, the writer says, are to be seen apple, pear and cherry trees, and visitors say that to see them in early summer when the trees are in full bloom or later when the branches are laden with fruit is a sight not easily forgotten. Best of all, fruit is grown in this way with much profit to the State. It not only finds employment for tree wardens, but a large number of men to pick and market the fruit, and after all expenses were paid, last season, it is said a net of \$60,000 was realized. All the members of our Counties Council are deeply interested in reforestation—how is this for a scheme.

English is a queer language, remarks a contemporary. Tell a man that his speech was breezy, and you pat him on the back; that it was just wind and you insult him. Call him a level-head and he is pleased; a flat-head, and he probably blackens your eye. You may speak of his rounded intelligence, but do not intimate that he thinks in circles if you wish to retain his friendship. He will smile if you say he is polished, but glare at you if you assert that he is smooth. It is a fearsome language.

Don't be too ready to judge. We seldom know the whole circumstances. We are not all born alike. One man may have a sunny disposition. He can't help it. Another man may have the misfortune to look on the gloomy side of things. He can't help it. Sometimes he tries hard to overcome his failing. Sometimes he succeeds, but oftener he fails. With some life is one long sweet song, with others a daily struggle with adversity. Some fail because of their very virtues, while others get there because of their lack of them.

Dyspeptic, Bilious.

Strong purgatives have killed many a good man, Costiveness is bad—violent cathartics are worse. If bothered with stomach trouble or biliousness, try Fig Pills. They are so mild you can scarcely feel their action, yet so effective that the entire system is cleansed of waste. Just try.

NEW

TELEPHONE DIRECTORY.

D. Gould, M. D.,
Local Manager.

NOTICE OF MEETING.

Court Fenelon Falls, No. 626, C. O. F. will hold their regular meeting on Wednesday, February 23rd. Organizer W. P. Millward, is in town, and would like to meet all the members of the lodge. He will also have several candidates for initiation.

W. B. BRANDON, Chief Ranger.

Card of Thanks.

Having received the full amount of insurance on my house recently burned I wish to thank the Independent Cas Mutual Fire Insurance Company and their agent, Mr. Elisha Mark, for their promptness in settling the claim, considering that the moving of their offices twice interfered seriously with the company's business operations. But I do not thank some of the people of Fenelon Falls for the circulation of false reports concerning my property. If such reports are continued, action will be taken against the parties responsible for same.

HERB. BYRNELL.

SELECTING A SCHOOL

NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.
2. If any person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.
3. Any person who takes a paper from the post-office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.
4. If a subscriber orders his paper to be stopped at certain time and the publisher continues to send it, the subscriber post-pay for it if he takes it. If ground that office This proceeds not be used.
5. A man must pay & decided that refusing to take newspapers and periodicals from post-office, or removing and leaving them uncolled for, is prima facie evidence of intentional fraud.

AXES.

In this line more than any other, quality counts. The customer's satisfaction lies in one of two things—expert knowledge of goods which few have, or in knowledge of the store selling them, which all should have.

We don't buy and sell at random. We investigate and compare, and we want you to do the same. You are welcome to take away any of our axes, and get any where you can, the best look and judgment on them. If they do not agree in every particular with all that we say of them, you get your money back.

Wheezor or Sneezor?

Have you heard of Hy-o-mel for Catarrh, Asthma or Hay Fever?

If you wheeze or sneeze, hawk or spit, snuffle or blow, something is the matter with the membrane of your respiratory tract, and you need Hyomei.

And you need Hyomei because it will cure you of any catarrhal or inflammatory condition that exists.

It isn't a stomach medicine, or spray, or douche, but a very pleasant, healing, antiseptic balsam, from the eucalyptus forests of Australia. You breathe this balsamic air through a small, hard rubber inhaler, and it reaches every nook corner and crevice of the membrane, and promptly kills the catarrh germ.

W. H. Robson will sell you a complete Hyomei (pronounced High-o-me) outfit for \$1.00, on the moneyback plan.

"I have been a victim of catarrh for many months, the glands around my eyes and nose being sore and swollen. My head felt dull and snuffy. Pains in the front and back of my head, also across my eyes were frequent and I had trouble breathing, especially at night when trying to rest. I had doctored but got no relief until after using Hyomei. This relieved me in the first twenty-four hours and in less than two weeks I was practically cured. I cannot give too much praise to Hyomei." Mrs. Mary Phillips, 153 McNab St., Hamilton, Ont.
