Continued from page 1.

turn deals it off on some poor fool like myself at a handsome profit to his business.

Public ownership of land is just what the farmer needs. He needs it as much or more than public ownership of any other one thing. But the speculator don't need it. You may bet your bottom dollar on that. What would it do to him? It would just say, "Come out of your office. Come off your perch. Come out and get in the shafts of this old plough. Come out on the rich productive fields and soil your soft little hands, dirty your fine silk gloves and be useful producers and pay your way in the world."

But suppose we go along and take over the railroads, banks, steamship lines, mines, elevators and such like and make them all public property, and still the land remains private property, what would happen? The result would be all these multimillionaires would start to buy out us small farmers, and the ones that wouldn't or couldn't be bought out could be mighty soon frozen out. And then what? A nation of paupers and more pitiful than anything you ever dreamed of.

Read Socialist papers, study Socialist books, and the light that will dawn on you will be the surprise of your life.

A commuter hurried into a hardware store on his way to the train one frosty night. "Here," he called to the clerk, "I've only got a minute. I want to get a porn copper."

"A what?" asked the clerk.

"Porn corner."

"Ha, ha!" laughed the clerk, "I guess you mean a con porper, don't you?"

"No, I don't, I mean a pon corper you chucklehead. But I can't get it now because my train is due."

"Silly ass," murmured the clerk, after he had gone, "couldn't say pop corner!"

**The Hospital for Sick Children**  
COLLEGE ST., TORONTO.

**THIS APPEAL IS TO YOU!**

**REMEMBER** That Every Sick Child in Ontario Whose Parents Cannot Afford to Pay for Treatment is Treated Free.

The Hospital for Sick Children had last year in its cots and beds 1,155 patients—

383 of these were from 267 places in the Province. Sixty-five per cent. were children of poor people who could not afford to pay.

Since its organization the Institution has treated 15,613 children; 11,550 of these unable to pay and were treated free.

If you know of any child in your neighborhood who is sick or has any deformity send the name of the parent to the Secretary.

The Hospital for Sick Children is not a local but a great Provincial Charity for the sick child of the poor man in any part of Ontario has same claim upon its help as the child who lives within the shadow of its walls in Toronto.

There were 69 cases of Club Feet treated in the Hospital last year and 67 had perfect correction.

Just think of it—Your money can help the Hospital to do the good work of straightening the crooked limbs and club feet of little children. Please help us.

Please Send Contributions to J. Ross Robertson, Chairman, or to Douglas Davidson, Sec.-Treas., The Hospital for Sick Children, College St., Toronto.
