AUSTRALIAN OBSERVATORY.

Lord Dudley, the Governor-General of Australia, has headed a movement for persuading the federal government to establish in Australia a solar observatory to act in concert with those now in operation in England, India and America. It is pointed out that there is a great break in the chain of these observatories, extending between California and India, and covering a distance of 150 degrees of longitude. The proposed observatory in Australia would serve to fill this gap. Moreover, it would possess special value from being located in the southern hemisphere. With its aid a continuous series of observations of the sun, extending throughout the 24 hours, could be made.

**DODD'S KIDNEY PILLS CURE
KIDNEY DISEASE OF EIGHT
YEARS STANDING.**

That's What They Did for William O. Cain, and Now He Says: "Dodd's Kidney Pills are a Great Medicine."

Mapleton, Albert Co., N. B., April 11 (Special).—"When I began taking Dodd's Kidney Pills I got relief right away. I have found Dodd's Kidney Pills a great medicine." So says William O. Cain, well known and highly respected in this neighborhood. And Mr. Cain has a very good reason for making so emphatic a statement. For eight years he was a sufferer from Kidney Disease, and did not seem to be able to get relief.

"Why, I was so bad," Mr. Cain goes on to state; "and my kidneys bothered me so that if I would go to pick anything off the ground I would fall." But Dodd's Kidney Pills cured him just as they have cured thousands of other sufferers all over Canada. They never fail to cure Kidney Disease of any kind. Not once, but scores of times, they have vanquished Bright's Disease, the most deadly of all kidney troubles, while every day brings stories of cures of Rheumatism, Lumbago, Dropsy and Heart Disease from various parts of the Dominion. Other kidney medicines may cure. Dodd's Kidney Pills always cure.

"SOUNDED SO PRETTY."

There is probably as little poetry in the average British workman as in any class of men in the world. But "the omnipotent baby" will evoke poetic sentiment in the prosiest nature.

Some years ago a Nottinghamshire clergyman, in baptizing a baby, paused in the midst of the service to inquire the name of the infant, to which the mother, with a profound courtesy, replied: "Shady, sir, if you please."

"Shady?" replied the minister. "Then it's a boy, and you mean Shadrach, eh?"

"No, please your reverence, it's a girl."

"And pray," asked the pastor, "how happened you to call the child by such a strange name?"

"Why, sir," responded the woman, "if you must know, our name is Bower, and my husband said as how he should like her to be called Shady, because Shady Bower sounds so pretty!"

JEWELS AT COURT.

Some of the Finest Gems Possessed by English Women.

At the two courts held this spring rubies were the favorite gems, and some of the finest of these stones in England were to be seen. At the first court Queen Alexandra wore the Cullinan diamond and at the second she wore on her corsage the famous Agincourt stone, a pigeon blood ruby which belongs to the Crown of England.

Another wonderful ruby which makes rare appearances in public and was visible at the second court was Lady Carew's uncut stone of 132 carats which is over an inch long. It was obtained in Persia by Lady Carew's great-uncle some fifty years ago. On its four sides it carries the names and titles of the four great Emperors to whom it has belonged.

It has been bored from end to end and has evidently been worn as a necklace or armband threaded on a cord. Lady Carew has had it mounted with a diamond for suspension from a neck-chain and it is as a pendant that she wears it. Her jewellers were anxious it should be mounted in a tiara, but that would not show the inscriptions, which form its most remarkable feature. The fact that four Eastern Emperors had their names incised upon it proved that it must have been regarded as a treasured heirloom and a powerful talisman.

She—"Did you hear they were going to tax bachelors?" He—"Yes, but they'll never get it out of me." She—"It is nice of you to put it that way, but I must speak to mother first."

ZAM-BUK
IT SAVES MOTHERS MONEY

Zam-Buk spells saving to you! Suppose husband, wife or some member of the family sustains a cut or a bad scratch, which festers or turns to blood-poisoning. Result—off work! What does that mean at pay day? Zam-Buk prevents wounds, cuts or injuries "turning the wrong way." Apply it immediately, and it kills the poison and starts healing.

There is another aspect. If you have in the family, eczema, ringworm, ulceration, or any skin disease, try Zam-Buk first—don't spend money on experimenting! You will have to get Zam-Buk eventually. Do it now, and save cost of the other things.

Hear these persons:—
Mr. A. M. Brooks, Wellington Street, Steelton, Ont., says:—"If only I had got Zam-Buk at first, it would have saved me scores of dollars; as well as hours of agony." Mr. Brooks has been cured of eczema. He says:—"My neck, chest and body were covered with the terrible disease. The itching, burning and smarting I suffered, none who has not gone through it can tell! Doctors' lotions, salves and prescriptions didn't do me a bit of good; and from one thing to another I passed, only to find them useless. With Zam-Buk it was different, and without going through a long story, I can say that a few weeks' treatment with this great healing balm healed the sores, and rid me for good of the terrible eczema, which had held me in its grip for over ten months!"

"If I had applied Zam-Buk in the first place, instead of trying the other preparations, I should have saved myself a lot of money." So says Mrs. B. E. Edwell, of 237 Provencher Ave., St. Boniface, Winnipeg. Mrs. Edwell had a cut finger, which became poisoned. She says:—"It became swollen and discolored, and my whole arm ached and throbbled violently. I called in a doctor and he lanced it. You may imagine how I suffered, and despite the doctor's treatment the finger again festered, and got so bad that the doctor advised me to go into the hospital. I feared, if I did, they would cut it off, so refused. One day we were advised to try Zam-Buk. We left off everything else and gave this balm a trial. Well, it only took about four days to draw out the soreness! Then, bit by bit, it began to heal, and in less than three weeks from first applying the Zam-Buk the finger was healed and perfectly healthy. If only I had got Zam-Buk at first!"

All skin injuries and diseases are cured by Zam-Buk. Eczema, eruptions, pimples, ulcers, rashes, inflamed patches, cuts, burns, scalds, sores, chaps, etc., cannot resist its healing virtue. 50c. box, all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Ravages of Consumption

ALL HER RELATIVES HAD DIED OF CONSUMPTION

In the year 1890, 18 years ago, Mrs. G. S. Geener, of Belle Isle, N.S., was in a sad condition. All her relatives had died of consumption, and there was every indication that she was going the same way.

At this point her husband suggested to try Psychine. The doctor who attended said Psychine was worthless; but it effected a wonderful cure. Eighteen years after in a letter bearing date August 14, 1908, Mrs. Geener says, "I am better than I have been for years. My lungs have not troubled me since I took your treatment. My physician told me I could not take a better tonic than PSYCHINE, and I recommend it to all who are suffering from Lung Trouble and General Debility."
