Client—"You ought to have gone into the Army, not the law." Solicitor—"Why?" Client—"By the way you charge there would be little left of the enemy."

Do not let a cold settle on your lungs. Resort to Bickle's Anti-Consumptive Syrup at the first intimation of irritation in the throat and prevent disease from lodging in the pulmonary organs. Neglected colds are the cause of untold suffering throughout the country, all of which could have been prevented by the application of this simple but powerful medicine. The price, 25 cents, brings it within the reach of all.

BIG MILLING RE-ORGANIZATION.

Negotiations for what is undoubtedly the largest milling consolidation that has ever been effected in Ontario have just been completed in Toronto, and following them the official announcement is made of the organization of the Maple Leaf Milling Company, Limited, with a capital of \$5,000,000.

The new Company has taken over the properties of the Hedley Shaw Milling Company, Limited, and the Maple Leaf Flour Mills Company, Limited, and in addition secures from the new interests that have become identified with the Company \$1,000,000; additional cash capital, which besides permitting of the erection of a modern 6,000 barrel mill and a million bushel elevator and storage warehouse at Port Colborne, will supply the new Company with further working capital. It is understood that Mr. Cawthra Mulock, Toronto, is associated with Mr. Hedley Shaw of the Hedley Shaw Milling Company, Limited, and Mr. D. C. Cameron, President of the Maple Leaf Flour Mills Company, Limited, in the organization of the new concern.

The ability of the Company to easily earn the 7 per cent. Cumulative Preferred dividend on \$2,500,000 of preferred stock is indicated by the net earnings of the old Companies, as per certificate of Messrs. Price, Waterhouse & Company, which shows that from September 25th, 1908, from which date the plants of the Maple Leaf Flour Mills Company, Limited, were in operation, to August 20th, 1909, these net earnings amounted to \$218,843.00, and from August the 21st, 1909 to February 28th, 1910, the net earnings of the Companies amounted to \$166,793.00. This would be equal to over 13 per cent. on the preferred stock, and the payment of the 7 per cent. dividend on that stock would leave slightly over 6 per cent for distribution on the common stock. The New Company's earning power will be very greatly increased once the new mill now under erection at Port Colborne is completed.

The firm of Cawthra Mulock & Co., members of the Toronto Stock Exchange, have made arrangements for a public offering of \$2,000,000 of the 7 per cent. Cumulative Preferred Stock at \$100.00 per share, the same to carry with it a bonus equal to 25 per cent. of common stock, that is for every four shares of the preferred stock subscribed for the applicant will receive as a bonus one share of common stock. It is expected that full details in connection with the public offering will be made public within a few days.

Wantanno—"Why do you call that boy of yours 'Flannel'?" Duzno—"Because he just naturally shrinks from washing."

By bribing the Nerves with opium you may stop a cough, but the inflammation goes from bad to worse. Allen's Lung Balm, containing no opium, goes to the root of the trouble and cures deep-seated affections of throat and lungs.

"So he said I was a polished gentleman, did he?" "Well, yes; it was the same thing, I suppose." "Ah! What were the exact words?" "He said you were a slippery fellow."

SOUNDPROOF ROOM.

The chief purpose of the soundproof room at the University of Upsala is the insuring of perfect freedom from sounds from outside. By building it on platforms of thick lead and cement, and by constructing its walls of many thicknesses of felt, cork, asbestos and other bad conductors of sound vibrations, the principal object was attained. The room is so quiet that the beating of one's heart or the creaking of one's muscles is at once heard on taking up a position within its closed doors and windows, and the only defect of it as a laboratory for acoustic experiments is that ventilation is absent, and no one can remain in it for more than an hour at a time.—Scientific American.

FINDS HIS WORK A PLEASURE NOW

DODD'S KIDNEY PILLS CURED THE POSTMASTER'S KIDNEY DISEASE.

Alberta Man Tells How His Troubles Vanished When He Used the Old Reliable Kidney Remedy.

Scona, Alta., April 25 (Special)—"I can now do all my work without pain and with pleasure." Those are the words of Postmaster Andrew B. Nelson of this place. As all the postmaster's friends know, he has been troubled with Kidney Disease for several years past, and has been doing everything in his power to find a cure for it. He has found the cure. It is Dodd's Kidney Pills. "Yes, I tried all kinds of medicines for my kidney trouble," the postmaster joyfully states. "None of them seemed to do me any good till I commenced to use Dodd's Kidney Pills. Two boxes of them cured me completely. I highly recommend Dodd's Kidney Pills to all sufferers from Kidney Disease. I would not be without them."

Dodd's Kidney Pills cure all diseases of the kidneys, from Backache to Bright's Disease. They also cure all diseases caused by disordered kidneys failing to strain the impurities out of the blood. That's why they cure Dropsy, Rheumatism, and Heart Disease. If you haven't tried them yourself ask your neighbors about them.

A good many sins would stay buried better if we worried less about their tombstones.

The Beauty of a Clear Skin.—The condition of the liver regulates the condition of the blood. A disordered liver causes impurities in the blood and these show themselves in blemishes on the skin. Parmelee's Vegetable Pills in acting upon the liver act upon the blood and a clear, healthy skin will follow intelligent use of this standard medicine. Ladies, who will fully appreciate this prime quality of these pills, can use them with the certainty that the effect will be most gratifying.

You will always find the cowards busy persuading others to fight.

THE LOST COMPANY.

"Hungry, I suppose?" said the sharp-faced woman as she opened the door a little bit.

"W'y no," answered the ragged wayfarer. "I've clean forgot how to be hungry. But I'm out-and-out lonely."

"Lonely!" "Yes. You see, I hain't had nothing to eat for so long that I've got so thin I can't cast no shadow, and you ain't no idea what company a man's shadder is to him while he is travellin' along the road."

There is Only One Electric Oil.—When an article, be it medicine or anything else, becomes popular, imitations invariably spring up to derive advantages from the original, which they themselves could never win on their own merits. Imitations of Dr. Thomas' Electric Oil have been numerous, but never successful. Those who know the genuine are not put off with a substitute, but demand the real thing.

"Do you consider it a moral wrong to cheat a lawyer?" asked the person who is always looking for a chance to start something. "No," replied the man whose speciality is worldly wisdom, "but I consider it a physical impossibility."

FATTEST MAN IN WORLD.

Magistrate in France Who Weighed 807 Pounds.

According to the newspapers a magistrate who recently died in Paris, France, was the fattest and heaviest man in the world. It is claimed that the magistrate weighed 807 pounds, that he was so stout that he could neither walk nor get into a carriage and that he proceeded to and from his office in a two-wheeled car, which was lowered with the shafts in the air, so as to enable him to place his back on the floor and be raised after desperate exertion. A strong horse was then harnessed to the car, and so the magistrate made the little journeys in a recumbent position. It is added that a window had to be demolished to get the coffin out of the house for the funeral, and that as no hearse could have met the emergency a huge and very solid cart had to be used to take it to the church and the cemetery.

ILLITERACY IN BELGIUM.

In some parts of Belgium 60 per cent. of the population cannot read or write. Education is not compulsory and the government, which is clerical, opposes the bill which the Liberals and Socialists are endeavoring to secure for compulsory education. The question is now before parliament. The government insists that the child belongs to his parents entirely, and that they cannot be forced to give him any education without infringing their rights to freedom of action.

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy, while the other applies only his muscular strength. Brain fag begets irregularities of the stomach and liver, and the best remedy that can be used is Parmelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.
