

WHAT NEGLECT DID FOR HIM

JAS. E. BRANT SUFFERED TORMENTS FROM KIDNEY DISEASE.

Then He Used Dodd's Kidney Pills and Became a Well Man—His Experience a Lesson for You.

Athabasca Landing, Alta, June 13.—(Special).—That Kidney Disease, neglected in its earlier stages, leads to the most terrible suffering, if not death itself, and that the one sure cure for it in all stages is Dodd's Kidney Pills, is the experience of Mr. James E. Brant, a farmer residing near here.

Mr. Brant contracted Kidney Disease, when a young man, from a strain, and, like hosts of others, neglected it, expecting it to go away itself.

But it kept gradually growing worse, till after thirty years of increasing suffering the climax came, and he found himself so crippled that at times he could not turn in bed, and for two weeks at a time it was impossible for him to rise from a chair without putting his hands on his knees.

He could not button his clothes. He was troubled with Lumbago, Gravel and Backache, and tried medicines for each and all of them without getting relief, till good luck turned him to Dodd's Kidney Pills.

Dodd's Kidney Pills started at the cause of his troubles and cured his Kidneys. With cured Kidneys his other troubles speedily disappeared, and to-day he is a well man.

If you cure your Kidneys with Dodd's Kidney Pills you will never have Lumbago, Rheumatism, Heart Disease, Dropsy or Bright's Disease.

Mr. Meakin (who is boarding out for a few days)—"By the way, Mrs. Perkins, I must confess the mutton we had for dinner to-day is not the kind of meat to which I have been accustomed." Mrs. Perkins—"Werry likely not, sir. I alwiz gits the best."

A SPRAINED ANKLE is not an uncommon accident. Painkiller relieves and cures almost as if by magic. The greatest household remedy. Avoid substitutes, there is but one Painkiller, Perry Davis', 25c. and 50c.

Neighbors were designed for other purposes than merely to be talked about.

Keep Minard's Liniment in the house.

They were jollyng the man about his enormous appetite, but he kept "putting away," undisturbed by the taunts. Finally he said in defence:—"Well, you see, I take after both my father and my mother. One ate a long while and the other ate a great deal."

REASON ENOUGH.

Believers in the "strong, purposeful, independent" woman of to-day will find significant the following anecdote of a Chinese missionary. This missionary was taking tea with a mandarin's eight wives. The Chinese ladies examined her clothing, her hair, her teeth, and so on, but her feet especially amazed them.

"Why," one cried, "you can walk and run as well as a man!" "Yes, to be sure," said the missionary.

"Can you ride a horse and swim, too?"

"Yes."

"Then you must be as strong as a man?"

"I am."

"And you wouldn't let a man beat you,—not even if he was your husband,—would you?"

"Indeed, I wouldn't," said the missionary.

The mandarin's eight ladies looked at one another, nodding their heads. Then the oldest said softly:

"Now I understand why the foreign devil never has more than one wife. He is afraid."

THE AGE OF NIAGARA.

To the question, "How old are the Niagara Falls?" geologists have returned replies varying by tens of thousands of years. At first it was estimated that the Niagara River came into existence, through changes in the level of the land around the Great Lakes, about 35,000 years ago. Later this was reduced to only 12,000 years. Lyell increased the estimate again to 35,000 years, and still later other scientists lowered it to about 9,000 years. At one period, many thousands of years ago, the height of the Falls was 420 feet.—Harper's Weekly.

THE GREAT NORTH COUNTRY.

Those Indians who made the first canoe of birch bark long ago, were our greatest benefactors. The children of these Indians know the canoe, and they know how to use it, and if you go to Temagami, Ontario, this summer they will paddle your canoe in their own superb way. Students who camp in summer along the Temagami lakes are able to do two years' work in one. Finest of fishing and hunting. Easy of access by the Grand Trunk Railway System. Information and beautiful descriptive publication sent free on application to Mr. J. D. McDonald, District Passenger Agent, Union Station, Toronto, Ont.

Fanaticism is the child of zeal and falsehood.

Through indiscretion in eating green fruit in summer many children become subject to cholera morbus caused by irritating acids, that act violently on the lining of the intestines. Pains and dangerous purgings ensue and the delicate system of the child suffers under the drain. In such cases the safest and surest medicine is Dr. J. D. Kellogg's Dysentery Cordial. It will check the inflammation and save the child's life.

SAVED IN HIS OLD AGE.

Annapolis, N.S., May 14, 1909.—I am over eighty years of age and have suffered from Kidney and Bladder Trouble for fifteen years. I took doctors' medicine but got no help. I want to thank you for sending me the sample box of Gin Pills which helped me.

I have taken six boxes of Gin Pills altogether, but got relief before I had taken near that amount. I had to get up some nights every fifteen minutes and had to use an instrument before I could urinate. Now I can lie in bed four or five hours without getting up.

BIRTHDAY IN JAPAN.

On the anniversary of a Japanese boy's birthday his parents present him with a huge paper fish, made of gayly painted bag, with a hoop of proper dimensions forming the mouth. A string is tied to the hoop and the fish is hoisted to a pole on the roof of the house. Then the wind rushing through causes the fish to swell out to the proper size and shape and gives it the appearance of swimming in the air. A Japanese boy carefully preserves every fish thus given to him. One can tell by the number of them that swim from the same pole how many birthdays the little fellow has had.

And all the world loves to laugh with a laugh.

SICKLY BABIES QUICKLY CURED.

The sickly baby is quickly cured by Baby's Own Tablets. These Tablets are a never failing cure for the troubles arising from a disordered condition of the stomach and bowels. Being sold under a guarantee to contain no harmful drug they can be given to the youngest child with perfect safety.

Mrs. Francis McMullen, St. Octave, Que., writes: "I have used Baby's Own Tablets for my baby who was constipated for four or five days at a time. I found the Tablets to be of great benefit and would recommend them to other mothers." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

INVISIBLE.

"Mary, Mary, quite contrary, How does your garden grow?" "I can't tell, because—oh, well—A chicken swallowed it, you know."

No Alcohol In It.—Alcohol or any other volatile matter which would impair strength by evaporation does not in any shape enter into the manufacture of Dr. Thomas' Electric Oil. Nor do climatic changes affect it. It is as serviceable in the Arctic Circle as in the Torrid Zone, perhaps more useful in the higher latitudes, where man is more subject to colds from exposure to the elements.

SOME ROYAL HOBBIES.

Late King Edward was a Collector—Queen-Alexandra's Books.

The late King, as everybody knows, had a weakness for walking sticks, but another collection in his Majesty's possession will have a unique interest in the future, says the Woman at Home.

This consists of relics gathered together from every war in which British soldiers have fought since the early days of Queen Victoria. The King had also a quaint assortment of the programmes of every opera, play and concert which he had attended. One would imagine this to be a bulky collection.

Queen Alexandra collects many things—lace, china, crystals and tiny objects made in precious and semi-precious stones; but her greatest treasure is a collection of books, most of which came to her by inheritance. When Princess of Wales she received the Mitchell bequest, that took the form of a choice collection of books valued at £10,000.

And afterward the late Sir William Fraser bequeathed to her Majesty a splendid collection of books, papers and pictures which dealt with the subject of women's dress during the last century. The Queen has also a vast number of volumes of modern literature.

A Safe Pill for Suffering Women.

The secluded life of women which—The Secluded life of women which permits of little healthful exercise, is a fruitful cause of derangements of the stomach and liver and is accountable for the pains and lassitude that so many of them experience. Parmelee's Vegetable Pills will correct irregularities of the digestive organs and restore health and vigor. The most delicate woman can use them with safety, because their action, while effective, is mild and soothing.

Mrs. M. Barrett, 504 Moreau St., Montreal, says: "A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health."

Zam-Buk is sold at all stores and medicine vendors, 50c. a box, or post free from Zam-Buk Co., Toronto, for price, 6 boxes for \$2.50. A certain cure for all skin diseases, cuts, burns, etc., and for piles.
