The Railway Strike.

The strike of conductors and train men of the G. T. R., which commenced last Monday evening, still continues, with no immediate prospect of settlement, as far as can be ascertained from the latest available information. Since Monday, one train a day has been arriving here and at points north, coming in the evening and going south next morning, and carrying only passengers, mail and express. This is not as bad as it might be, but a continuance of the freight blockade would have serious results. The dispute between the company and its employees is about the amount of pay the latter should receive. The men want more than President Hays is willing to give. Figures are published showing the wages per month paid and offered to conductors and trainmen, but although the remuneration given looks fair, no correct judgment can be formed without knowing the living expenses of the men and other details. It is to be noted that the profits made by the company are not published.

The present strike, like all past strikes, forces again on public attention the fact that private individuals, forming only a comparatively small part of the population of the country, are at liberty to throw everything into confusion and occasion heavy loss to the rest of the people, and that the sufferers have absolutely no means of redress. Manifestly this state of affairs should not be allowed to continue, but it would seem that nothing has yet happened really serious enough to wake people up to an earnest consideration of ways and means to avoid further disturbances.

To Be Congratulated.

In view of the general protest throughout the province against some of the papers in the recent entrance examinations being unduly difficult, the Fenelon Falls school board, the teaching staff especially, and the pupils who wrote, deserve to be congratulated on the success of the pupils of the public schools here. In most places the number who passed is unusually small. Toronto for example, passed 54 per cent., Kingston 52, Stratford 25, Bobcaygeon none. Fenelon Falls passed 75 per cent., an extremely good showing under the circumstances. That a few exceptionally well equipped schools with much more than ordinarily capable pupils, have done so well, should not, however, be used as an argument in favor of a continuance of the features complained of in the papers set for the examinations just closed. The general result has been unsatisfactory, and it is to be hoped that in future the papers will be drawn up with more consideration than they were this year.

A Distinguished Visitor.

Comte de Lesseps, the distinguished aviator, spent a couple of hours at Fenelon Falls on Tuesday, when the lower lock gates went on strike and detained Mr. Mackenzie's yacht, the Wawinet, in the canal. On board the yacht were Comte de Lesseps, a brother and sister, Mrs. Mackenzie and three daughters, Mrs. Beadmore and daughter, and Miss Mabel Maher, of Lindsay. All efforts to open the locks failed, and Mr. Thos. Cashore took the party to Sturgeon Point, which they wished to see, and returned later, the Wawinet taking them back to Kirkfield. Next day the gates were put in order by Mr. Azor Northey, of Lakefield, the Government diver. The Manita, which was also tied up, was released about 10 a.m.

Comte de Lesseps is a really distinguished visitor. He is not a common hereditary count. His title was conferred upon him for his achievements in aviation. He didn't get his title by heirship, but by airship. He is a pioneer in the new science of navigating the atmosphere, and was one of the principal figures in the meeting at Toronto. The count and party were the guests for a few days of Mr. Wm. Mackenzie, who was showing them the beautiful scenery of this section of the Kawartha Lakes.

Personal.

Mr. Bradley Mowry, of Gravenhurst who is visiting his sister, Mrs. Jackson at Lindsay, was at the Falls on Tuesday. Mr. Mowry lived at the Falls some thirty or thirty-five years ago. His father, who is over eighty years of age and still active, owned the foundry here at that time.

Mr. Archie Clark, who built a cottage on the shore of Cameron lake last year, arrived from Oklahoma City last Saturday, having made the whole distance of over 2,000 miles in his auto.

Subject for next Sunday, "The Transfiguration." On Sabbath evening the pastor will discuss "The Gospel and Strikes."

TAKING A REST.

Work has been suspended on the new sidewalk for a few days. The main street has been completed from the canal to Bond street, and is now a pleasure to behold and to walk upon. The short strip between the two bridges is also completed. In a week or so work will be resumed. The north side of Bond street west, the north side of Francis street west, and the piece from the bridge to Brooks' hotel will then be gone on with and finished.

NEW BUILDINGS.

Mr. Johnston Brandon's fine new house on the Cedar Tree road, about 2 1/2 miles from the Falls, is now being veneered with brick. The size is 22 x 40. Two cottages have lately been completed. Mr. Jas. Barr's, at Sturgeon Point, 50 feet square, and one for Mr. J. I. Fox, of Toronto, a mile and a half north of Rosedale nearly opposite Ball Island. The work on these has been done by Messrs. Rutherford and Thompson. Mr. A. Tiers had the contracts.

FISHING.

The fishing continues good, and numerous catches are being made daily. There will probably be a few left, however, for Mr. Swope, of Dallas, Texas, who caught so many last summer. He is expected to arrive to-day. On Wednesday night three lunge and seven bass were stolen from the Hotel Kawartha ice-house, where they had been placed for safe keeping. Depredations of this kind are happily almost unknown in the town. They are altogether inexcusable, and the culprit should be well punished if found out.

GARDEN PARTY AND LAWN FETE.

A garden party and lawn fete will be held on Wednesday, July 27, at the Hotel Kawartha, under the auspices of the Parish Workers of St. James' Church. The garden party will begin at 8 p. m. Refreshments, sandwiches, cake, coffee, etc., ice cream, lemonade, and candy will be dispensed at regular stalls. The following are invited and expected to take part in the programme: Miss Smith of Port Hope; Mrs. Coombes of Toronto; Miss Vera Boanell of Bobcaygeon; Miss McCreary, of Winnipeg; Miss Hamilton of Toronto; Miss McFadden of Toronto, Mr. Clifford Scott, whose headquarters are at New York. Mr. Scott is expected to give part of the second act of "The Thief." Admission to grounds 10c. Proceeds in aid of the Rectory debt.

RECEPTION.

On Friday evening last, 15th inst., a meeting was held in the Sunday School room of the Methodist Church to welcome the newly appointed pastor, the Rev. John Bedford and his family, who have spent the last four years on the Lakefield circuit. There was a goodly number present from the Fenelon Falls

and Powles Corners congregations, and a programme of speeches and music was provided. The chair was occupied by the reeve Dr. Gould. Mr. Richard Byrnell, Mr. L. Deyman and Mr. Jos. McFarland spoke for the village congregation, and Mr. J. B. Powles for the Victoria appointment. Rev. Mr. Bedford made an appropriate address in response to the hearty welcome extended to himself and his family. The impromptu orchestra added to the pleasure of the entertainment, and the exercises concluded by the serving of a sumptuous lunch to all present.

Canada's Next Census of Population.

The next census of Canada will be taken under date of June 1st, 1911, and will embrace the subjects of population, mortality, agriculture, manufactures, minerals, fisheries and dairy products.

Population will be recorded under the heads of residence and personal description; citizenship, nationality and religion; profession, occupation and trade or means of living; wage earnings and insurance; education and language spoken, and infirmities.

Every person living on 1st June will be entered on the schedule of population by name, as member of a family, institution or household, together with place of habitation, sex, relationship to head of the family or household, and whether single, married, widowed, divorced or legally separated. The month of birth, year of birth and age at last birthday will also be recorded.

Entries will be made for each person to show the country or place of birth, year of immigration to Canada if born elsewhere, year of naturalization if formerly an alien, and also racial or tribal origin, nationality and religion. Every person of alien birth who has become a naturalized citizen is a Canadian by nationality; and every British subject with residence in Canada, as well as every native of Canada who has acquired citizenship by birth or naturalization, is also a Canadian by nationality. But there is no Canadian by racial or tribal origin, unless the Indians are so counted.

Every person having an occupation or trade will be entered for it, but if employed in the census year at some other occupation for part or whole time he will be so recorded also. If the person is working on own account, the entry will be so made. An entry is also required to be made showing where the person is employed, as on farm, in woolen mill, at foundry shop, in drug store, etc.

Wage earners are entered to show the number of weeks employed in 1910 at chief occupation or trade; at other than chief occupation if any; the hours of working time per week at chief occupation, or at other occupation if any; the total earnings in 1910 at chief occupation; the total earnings at other than chief occupation; and the rate per hour when employed by the hour.

Entries are required to be made for each person showing the amount of insurance held at date of the census upon life, as well as against accident or sickness, together with the cost of such insurance in the census year.

Under the heading of education and language records will be taken for every person of five years of age and over showing the number of months at school in 1910, and if the person can read and write, and the language commonly spoken by each person. The cost of education for persons over 16 years of age at College, Convent or University is also called for.

The last question on the schedule of population relates to infirmities. It calls for a record of each person having an infirmity. If blind, deaf and dumb, crazy or lunatic, idiotic or silly, a record thereof will be made in the proper column, and the age at which the infirmity appeared is required to be specified.

PROVINCES ALL IN LINE.

Every Province Will Exhibit at the C. N. E. this year.

Every province in the Dominion has applied for space for a provincial exhibit at this year's Canadian National Exhibition and the result cannot fail to be the greatest display of the national resources of Canada ever placed on exhibition. It will be a great chance for Canadians as well as visitors from other countries to see just what each corner of the great Dominion depends on for future greatness. And the net result cannot fail to be a pleasant surprise to Canadians as well as outsiders.

The Toronto World of Friday last says: "Mr. O. Gibbons, a well-known and much-esteemed cattle dealer of Meaford, re-appeared at the Western Cattle Market this morning after an absence of three months spent in the Canadian west. Leaving his home in Meaford, Mr. Gibbons went by way of Port Arthur and Fort William to Winnipeg. Amongst the places visited were Brandon, Saskatoon, Adanac in the Saskatchewan, Battleford and Yonkers on the Grand Trunk Pacific, from where he returned to his home at Meaford. Speaking of the crop prospects in the west, Mr. Gibbons said: 'In all cases crops are late. Northern Manitoba is fairly good; Southern Manitoba very poor; Saskatchewan, fair in parts; Alberta almost a blank. As for pasture, where it is not burnt up it has dried up. This popular cattle dealer returned to his Meaford home a week ago, but this morning was the first visit to the cattle market for three months. His brother, Mr. D. Gibbons, has visited the cattle market once a week in his absence. Mr. Gibbons, although delighted with his trip west, was glad to be amongst his old friends once more.' Mr. Gibbons has been visiting his daughter, Mrs. W. G. Barkley, at the Falls, the past week."
