

GREAT OPPORTUNITIES.

The expansion of business in all lines of trade and manufacture throughout the Dominion is providing splendid opportunities for bright, well educated young men and women. The ever increasing demand for them is very well reflected in the record of the Employment Department of the Central Business College of Toronto, which cannot begin to supply the many calls it receives for well-trained help for business offices. The salaries now paid, even to beginners, are very much better than in former years, and no field of employment offers better inducements or brighter prospects for a successful future than the commercial interests of our country. A book-keeper, stenographer or telegraph operator can make a choice of the many appointments offered, and can earn a good salary from the day he enters upon this line of work. Proper preparation paves the way, and the influence of a reputable training school opens the door.

Here is a sure cure for broken dishes. If the dish to be mended can be tied with a stout string, then placed in boiling milk and left for one hour, you can never tell the dish has been broken, and it can be afterwards put in boiling water without the pieces coming apart. This experiment has been tried and proven, and many are the broken dishes, once thought to be useless, which are now as good as new.

Are Your Children Properly Fed?

LET us talk about the right feeding of children. Of course, you want your children to grow up strong and healthy; you want to equip them for the battle of life with rugged constitutions and good red blood. Now, the first step is to see that they are properly fed. And these words "properly fed" mean much in the diet of children. For it isn't quantity that counts, but quality.

There is no better food under Heaven for growing children than plenty of first class bread and butter. They thrive on it, grow strong and fat and rugged. Their systems crave it because it is a complete, well-balanced food.

But the bread must be good—the very best, and the best is made from ROYAL HOUSEHOLD FLOUR which contains the full nutriment of Manitoba Red Fife wheat—for only wheat of this character contains enough of the right quality gluten to balance the starch. Gluten makes bone and muscle, starch makes fat. It takes the right combination of both to make properly balanced bread.

Bread made from OGILVIE'S ROYAL HOUSEHOLD FLOUR is richest in blood building, muscle building, health building gluten. Children like it better and thrive better on it.

With "Royal Household" you need never have anything but the very best results for it is always the same, absolutely uniform, year in and year out and is just as good for Pastry as it is for Bread.

If parents knew this important difference between ROYAL HOUSEHOLD FLOUR and other flours they would never use any but "ROYAL HOUSEHOLD".

Send in your name and address also the name of your dealer to The Ogilvie Flour Mills Co. Limited, and get that splendid book of tried Recipes called "Ogilvie's Book for a Cook".

Singer Stocking Darner

Can be used on any lock-stitch sewing machine.

This is the latest and best device FOR HOLDING A STOCKING so that it can be darned AT ANY POINT, by any one who can run a sewing machine.

BECAUSE

It is the most convenient, the most practical and the most useful device ever offered to anyone with stockings to darn and a sewing machine available.

It is so much better than any similar device for the purpose.

It makes DARNING A PASTIME and a work of art.

It will not tear the stocking, nor will the darning hurt the most tender feet.

It can also be used for darning underwear.
