

Powles' Corners.

(Correspondence of the Gazette.)

When the news of the sad drowning accident at Ball Point reached this community, it was the cause of profound sorrow. The Rev. W. H. Chidley was a resident of Stouffville, and was a brother of Mr. Wesley Chidley, of this locality.

Mr. Alex. McGee and Mr. Jas. Powles recently lost a young cow each. The report is that the animals died of paralysis. Mr. and Mrs. Bert Parrish and Mrs. George Kent, of Lindsay, spent Thanksgiving Day in this vicinity. On the same day Mr. and Mrs. A. Willock were at Lindsay.

Mrs. J. B. Powles has been spending a few days in Eldon.

Mrs. H. Wagar was at Franklin. Mrs. Jas. Powles is visiting relatives at Waubesa.

A few of our citizens drove out to the fowl supper at Cambray on Monday evening last.

Hallow E'en was celebrated, as usual, by the boys of this vicinity, who played sundry and various annoying tricks, but did no serious damage to property.

An automobile played out near here on its way to Lindsay last Tuesday evening. The driver caught the evening train at Hall's crossing and went to Lindsay for repairs, after requesting a farmer to have the machine taken off the road and put into the church shed.

Port Arthur News: An exchange tells us that a man named Cxyzowski has been charged with forgery. Is it any wonder he wanted to write some other man's name.

"Ah, lady," sighed the lanky hobo, as he swallowed the wedge of cherry pie, "it was an awful moment. You see, I was de engineer, an' all at once something happened an' I was surrounded by bursting shells."

"My poor man," said the sympathetic housewife. "Were you an engineer on a torpedo boat fighting for your country's honor?"

"Ah, no, mum; I was de engineer of a peanut roaster, an' de blamed thing exploded an' it rained peanuts for two minutes."—Chicago News.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the eight-hour law became effective, and since the Wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute operates six official Institutes in America, under supervision of R. R. and Wireless officials, and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

When to Eat Fruit.

To obtain the most benefit from the succulent fruits they should be eaten at the end of the chief meal. Bananas are an exception and may be eaten with any meal. They are very acceptable cut in thin slices and eaten with bread and butter. Stewed fruits often have their virtues wasted through being eaten at the wrong time. Six or eight stewed prunes half an hour before breakfast are beneficial; so are stewed figs or stewed apples eaten before breakfast. Peeled oranges cut into thin slices so that the juice is set free, with sugar strewn over the slices, are not unlike pineapple and form a highly efficacious aid to digestion. Grapes should never be eaten except after the chief meal of the day. Taken when the stomach is comparatively empty, they are a specially harmful fruit.—Family Doctor.

An Interesting Calculation

HERE is an interesting calculation for young housewives or old ones for that matter. A pound of the best bread in the

world made from

ROYAL HOUSEHOLD FLOUR

costs less than four cents. A pound of the best beef steak costs 25 to 30 cents. Yet a pound of bread made from ROYAL HOUSEHOLD FLOUR contains more working energy than a pound and a half of beef steak. Or three pounds of pork, or two pounds of veal. Whether figured by the pound or by actual units of health and strength, bread made from

Royal Household Flour

is the most economical food in the world. Especially is bread made from ROYAL HOUSEHOLD FLOUR good for growing children. They can't eat too much of it. For their general healthy growth and development it furnishes an almost complete food. As a matter of household economy children ought to be given all the bread they can eat at all times.

Statistics also prove that ROYAL HOUSEHOLD FLOUR will sustain life longer than animal food. It is extremely rich in high quality gluten which comes from the best Red Fye Wheat—the finest in the world. This large percentage of high quality gluten is what makes ROYAL HOUSEHOLD FLOUR so much better than ordinary flour. Red Fye Wheat is known the

world over for its richness in high quality gluten.

The beautiful white color of ROYAL HOUSEHOLD FLOUR is natural. It indicates the richness of the wheat from which it is made.

The one safe rule in buying flour is to get ROYAL HOUSEHOLD and in that way you will make sure of getting the largest percentage of nourishment and the cleanest, purest and most uniform flour. Best for pastry as well as for bread. Rich, nutritive, natural, most uniform and most satisfactory for all household baking. Insist on ROYAL HOUSEHOLD—your grocer will be glad to furnish it if you tell him that substitutes will not do.

NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.

3. Any person who takes a paper from the post-office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the payment.

4. If a subscriber orders his paper to be stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.

5. Courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
