

### Distribution of Seed Grain and Potatoes

By instruction of the Hon. Minister of Agriculture a distribution is being made this season of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from Experimental Farms at Indian Head, Sask., Brandon, Man., and Ottawa, Ont. The samples consist of oats, spring wheat, barley, field peas and Indian corn (for ensilage only), and potatoes. The quantity of oats sent is 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one twentieth of an acre. The samples of Indian corn, peas and potatoes weigh 3 lbs. each. A quantity of each of the following varieties has been secured for this distribution:

Oats.—Banner, Abundance, Danish, Island, Wide-Awake, Thousand Dollar, Improved Ligowo—All white varieties.

Wheat—Red varieties—Marquis and Early Red Fife (early beardless sorts of high baking strength), Red Fife (beardless) Preston and Huron (early bearded) White Varieties:—White Fife (beardless), Bobs (early; beardless).

Barley—Six rowed; Mensury and Manchurian (a selection from Mensury). Two-rowed: Standwell and Invincible.

Field Peas—Arthur and Golden Vine. Indian Corn (for ensilage)—Early sorts: Angel of Midnight, Compton's Early and Longfellow. Later varieties: Selected Leaming, Early Mastodon, and White Cap Yellow Dent.

Potatoes—Early varieties: Rochester Rose, and Irish Cobbler. Medium to late varieties: Gold Coin, Carman No. 1, and Money Maker. The later varieties are, as a rule, more productive than the earlier kinds.

Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley, peas, Indian corn, or potatoes. Applications on printed cards or sheets, or lists of names from one individual, or applications for more than one sample for one household, cannot be entertained. The samples will be sent free of charge through the mail.

Applications should be addressed to the Dominion Cerealists, Experimental Farm, Ottawa, and may be sent any time from the 1st of December to the 15th of February, after which the lists will be closed, so that the samples asked for may be sent out in good time. Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which they are received so long as the supply of seed lasts. Farmers are advised to apply early and avoid possible disappointment. Those applying for Indian corn or potatoes should bear in mind that the corn is not usually distributed until April, and that potatoes cannot be mailed until danger of frost is over. No postage is required on mail matter addressed to the Experimental Farm, Ottawa.

WM. SAUNDERS,  
Director of Experimental Farms.

### Good, Better or Best?

A VITAL DIFFERENCE IN BREADS

**QUALITY** you know is comparative. Just as much so in bread, as in woollens or linens.

If you make bread at all you naturally want it to be good—as good as, or better than your neighbor's.

But is your bread as good as it ought to be? Does it furnish its full quantum of health and strength? Is it nutritious as well as delicious?

Ordinary flour may make fairly good looking bread. But if you care for food value, for nutrition, for digestibility, for bone and muscle and blood building quality, you will want a flour rich in the highest quality of gluten.

"ROYAL HOUSEHOLD" is the finest flour in the world and makes the best bread in the world.

And it is just as good for Pastry as it is for Bread. It is the one flour which has proved an unqualified success for every household purpose. And its absolute uniformity guarantees you against failure—

**ROYAL HOUSEHOLD FLOUR** is made of Manitoba Red Fyfe Wheat, which is especially rich in high quality gluten.

It is scientifically milled in the finest mills in the British Empire and samples are regularly subjected to the most exacting of all tests, the oven test, to insure uniformity.

"ROYAL HOUSEHOLD" always makes the finest and most nourishing bread, the lightest, flakiest and most healthful pies, cakes, biscuits, muffins, rolls.

Order "ROYAL HOUSEHOLD" at once. Don't delay. The sooner you commence using this finest of all flours the better for your family.
