A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the eight-hour law became effective, and since the wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute operates six official Institutes in America, under supervision of R. R. and Wireless officials, and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

**SURE SIGNS
Of Kidney Trouble.**

If your back is constantly aching and if you experience dull shooting pains, your kidneys are out of order. Neglect quickly brings on rheumatism, diabetes, lumbago, sciatica, etc.

Mrs. John Wagner of 110 Hollis St., Halifax, N. S., says: "Dull shooting pains would catch me across the small part of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would dazzle before my eyes and everything would turn black. I would fall to the floor and be unable to get up without assistance. A friend told me of Booth's Kidney Pills and I began their use. The first box gave me relief and I am now well and strong." All druggists sell Booth's Kidney Pills 50c. a box with a guarantee to relieve or your money back. They are the world's greatest specific for kidney or bladder trouble.
