

Powels' Corners.

(Correspondence of the Gazette.)

The temperance wave is spreading faster in Quebec than in Ontario. There are eleven per cent. more places under local option. They do not require the three fifths clause in Quebec province. Perhaps the brewers and distillers are bribing Whitney. Will the member for East Victoria vote to repeal the three fifths clause? If he did, or would, he would be the recipient of hearty congratulations of all those who hate the meanest business on this earth, the liquor traffic. Now, Dr., do your duty.

On February 8th Mr. Walter and Miss E. Black were united in marriage at the home of the bride near Cannington. We wish the young couple a long and happy life.

Mr. John Lane was called away to Cobourg last week, owing to the death of a relative.

It has been proven without a doubt that horse buyers can buy horses from fifteen to twenty dollars less from farmers than farmers can buy from one another.

Mr. Fred. Hardy of Ops township spent a few days here calling on old friends.

Miss Daisy Cooper is visiting Zion friends this week.

The box social which took place in the church here on the 15th was a financial success, the programme was good, and those who took part in it are to be congratulated. From the time the social was announced and up to the 15th the young people had to contend against bad roads and had to battle against storms, but victory was achieved. It is evident that there is great talent in this community.

The many young friends of Miss Leona Parrish are pleased to know that she is recovering from her recent illness, and it is hoped that nothing will mar the progress.

The roads here are all passable, but very uneven.

ACCIDENT.

Mrs. H. Pearce had the misfortune to break the large bone of her left forearm on Saturday morning, as the result of falling on the ice at the back door of her residence. Under Dr. Johnstone's care she is progressing favorably.

SOME CLASS TO THIS FLOOR.

Mr. H. Brooks has had a new floor put into the barroom and hall of the Brooks House. The material is quarter cut oak, and was bought at Mr. Jos. Eade's sale recently. The lumber was cut about twenty years ago.

CAMERON CHEESE FACTORY TO BE SOLD.

Bills are out announcing the sale by auction of the Cameron cheese factory and contents on Tuesday, Feb. 28th, at 2 o'clock p. m. The factory is situated on concession 6, lot 11, Fenelon. Sale at the factory and without reserve. Mr. Thos. Cashore will be the auctioneer.

PUBLIC LIBRARY.

At the meeting of library directors on Monday evening the salary of the librarian was raised \$10.

The public library was unfortunate in its annual sale, which was postponed from the first date set, and then had only a small attendance on account of other attractions the same evening. The prices realized for papers and periodicals were in most cases small, and totalled less than \$20.

Remember the Carnival to-night.

Lindsay Post:—On Saturday a team of Lindsay hockeyists journeyed to Kirkfield, where they played a friendly game with the fast septette of that hamlet, and were defeated by a score of 14-8. That Kirkfield team has a big string of victories to its credit this year, having only been defeated once, and that was at Brechin. They are a pretty speedy bunch, and would make any of the league teams hustle to defeat them on local ice. They have a splendid defence and their forward line, too, is pretty classy. The whole countryside turned out to see the game, and the enthusiasm of the crowd knew no bounds. Mr. Ferguson, a C. P. R. surveyor, handled the game satisfactorily, and the best of good feelings existed among the players. The locals enjoyed their trip to and from Kirkfield and state they were well treated.

Tuesday a deputation from Fenelon township waited on Mr. J. H. McClellan, Superintendent of the Trent Valley Canal in regard to the McLarens Creek road. The township wants assistance from the Dominion Government towards the construction of the throughfare.

Mr. McClellan pointed out that the Government had already done much at this point and were prepared to finish this piece of work as soon as the township shows disposition to connect up the road with the main throughfare.

The township deputation felt that the municipality could not undertake the expense, and decided to ask the Ontario Government to make a grant towards the construction of the road in question.

Mr. McClellan took the stand that it was useless to continue the grading of the road through the swamp if it was not connected with the main throughfare. The construction of this road means the lessening of the distance from Fenelon Falls to Lindsay.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the eight-hour law became effective, and since the Wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute operates six official Institutes in America, under supervision of R. R. and Wireless officials, and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

DISTRESSING HEADACHES.

Headaches are largely the result of disordered kidneys.

Mrs. Hall, 84 Flora St., St. Thomas, Ont., says: "I suffered for years with headaches of a most distressing nature. They would come on me suddenly and would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to and of my house duties. My back was weak and caused me much suffering through the night. I had doctored for years but all to no avail. Nothing benefited me and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or a dizzy spell since and I feel like a new person."

Booth's Kidney Pills are sold by all druggists, 50c. box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by W. H. Robson.
