

B. of T. Please Note.

Any literature sent out this spring advertising the attractions of the district will be criminally incomplete without extended reference to the splendid possibilities of careful prospecting in the vicinity of the Chemical Company's woodpile. Surface indications are unusually promising, according to the testimony in court of a resident who discovered a bottle of the real stuff in the southern extremity of the pile on Saturday. Unfortunately he made too thorough an analysis and—also unfortunately—being on the Indian list, had to reveal the location of his find.

Adding Machine.

The local branch of the Bank of British North America, with its usual determination to be up-to-date, has just put in a Burroughs Adding and Listing machine. The machine is a great time and worry saver. It will add, divide and subtract, is absolutely accurate, and a marvel of mechanical ingenuity. It is worked with a key board, in much the same way as a typewriter. Fenelon Falls is probably one of the very few places of its size possessing an institution that uses one of these machines, as they are seldom found outside the larger towns.

Experiments With Farm Crops.

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1911 they are prepared to distribute into every township of Ontario material of high quality for experiments with grains, fodder crops, roots, grasses and clovers as follows:

No.	Experiments.	Plots
1.	Testing 3 varieties of Oats.....	3
2.	Three varieties 6-rowed Barley..	3
2.	Two varieties of 2-rowed Barley..	2
3.	Two varieties of hullless Barley..	2
4.	Two varieties of Spring Wheat....	2
5.	Two varieties of Spring Rye.....	2
6.	Two varieties of Buckwheat.....	2
7.	Two varieties of Field Peas.....	2
7.	Emmer and Spelt.....	2
8.	Two varieties soy, soja, or Japanese Beans.....	2
9.	Three varieties of Husking Corn..	3
10.	Three varieties of Mangles.....	3
11.	Two varieties of Sugar Beets for feeding purposes.....	2
12.	Three varieties of Swedish Turnips.....	3
13.	Two varieties of Fall Turnips.....	2
14.	Two varieties of Carrots.....	2
13.	Three varieties of Fodder and Silage Corn.....	3
16.	Three varieties of Millet.....	3
17.	Two varieties Sorghum.....	2
18.	Grass Peas and two varieties of Vetches.....	3
19.	Rape, Kale and Field Cabbage....	3
20.	Three varieties of Clover.....	3
21.	Two varieties of Alfalfa (Lucerne)	2
22.	Four varieties of Grasses.....	4
23.	Three varieties of Field Beans....	3
24.	Three varieties of Sweet Corn....	3
28.	Two varieties of Early Potatoes..	2
28.	Two varieties of Medium ripening potatoes.....	2
29.	Two varieties of Late Potatoes..	2
29.	Three grain mixtures for Grain production.....	3
30.	Three grain mixtures for Fodder production.....	3

Each plot is to be two rods long by one rod wide except No. 28, which is to be one rod square. Any person in Ontario may choose any ONE of the experiments for 1911 and apply for the same. The material will be furnished in the order in which the applications are received while the supply lasts. It might be well for each applicant to make a second choice, for fear the first could not be granted. All material will be furnished entirely free of charge of each applicant, and the produce will, of course, become the property of the person who conducts any experiment.

C. A. ZAVITZ, Director.

Ontario Agric. College, Guelph, March, 1911.

Physical Effect of Alcohol.

Cornell students have heard from Dr. A. Gilmore Thompson, of Bellevue and Presbyterian Hospitals, in New York city, some plain facts as to the effects of moderate drinking. Dr. Thompson scents the theory of inherited taste for liquor and says that two-thirds of the wards of Bellevue are filled with patients suffering from the insidious effects of alcohol. He denounces moderate drinking as one of the curses of the land, and states: "Dropsy, hardening of the liver, coma, partial paralysis, etc., fill our hospitals with moderate drinkers. These men do not take enough to befuddle the brain, but it produces fatal structural changes in the body. If you will look in the laboratory you will find that to harden pathological specimens of tissues of the body the professor places them in alcohol. The man who habitually bathes his own tissues in alcohol is more sloppily, but none the less surely producing cirrhosis of tissues of his arteries, liver and other organs."

NINE HEALTH COMMANDMENTS

1. Keep windows open day and night.
2. Do not spit.
3. Breathe through the nose by keeping the mouth shut.
4. Drink pure water.
5. Eat slowly, take well-cooked meals, and cultivate regular habits.
5. Wear loose clothing of seasonable material.
7. Take regular open-air exercise, in sunshine if possible.
8. Wash the whole body at least once a week.
9. Work but do not worry.

Fell's Station.

(Correspondence of the Gazette.)

The home of Mr. and Mrs. Wm. Bulmer was the scene of a pretty wedding on Wednesday evening, March 15th, when their daughter, Miss Jennie, was united in marriage to Mr. Henry A. Poulson, of Fenelon. The ceremony which was performed by the Rev. Mr. French, Rector of St. James' Church, took place in the parlor under a white bell and an arch of evergreens. The bride, who was unattended, looked charming in a gown of cream silk and wore the customary wreath of orange blossoms, and was escorted to the parlor by her father to the strains of the wedding march, played by Miss E. Poulson, cousin of the groom. After the ceremony, the guests, numbering about sixty, assembled in the dining room and partook of a sumptuous repast. The bride was the recipient of many costly and beautiful presents. An interesting feature of the occasion was the christening of the bride's little nephew, Percy Shuttleworth. The remainder of the evening was spent in games and dancing. Mr. and Mrs. Poulson have the best wishes of their many friends for a very happy and prosperous future.

Mr. R. Hardy spent the week's end with Lindsay friends.

Mr. and Mrs. Wm. Shuttleworth are about to leave our burg, and are taking up farming near Burnt River. Every success, Will.

DIED.

STEVENS.—At Fenelon Falls, on Tuesday March 21st, 1911, Eliza Bell, relict of the late Robert G. Stevens, of Stanhope, aged 83 years.

RHEUMATISM

Cured by Booth's Kidney Pills.

T. E. Foster, of St. John St., Fredericton, N. B., says: I have found more actual relief from Booth's Kidney Pills than in all else I have ever tried for rheumatism. The pains in my limbs have lessened greatly and I am better and stronger than in years previous. My appetite as built up and I eat and sleep better than I have in over three years. My general health is greatly improved and I credit this only to Booth's Kidney Pills.

This is the Booth Kidney Pill way. These wonderful Pills are sold under a guarantee to refund your money if they fail to relieve any sufferer from Rheumatism or any trouble having its origin in the kidneys. They cure backache, dull shooting pains, thick and cloudy urine, gravel and stone, rheumatism and all diseases of the kidneys and bladder. Booth's Kidney Pills are sold by all druggists and dealers, 50c. box, or post paid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by W. H. Robson.

MUNN & Co. 361 Broadway, New York
Branch Office, 625 F St., Washington, D. C.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the eight-hour law became effective, and since the Wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute operates six official Institutes in America, under supervision of R. R. and Wireless officials, and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

Now is the time to place your order for fruit and ornamental trees. We have the largest line of nursery stock grown in Canada. Our apple, pear, plum, cherry and peach trees are unsurpassed for fibrous roots. In small fruits the Herbert raspberry and black raspberries are our heaviest sellers, as they are big money-makers for the small fruitgrowers. Our nurseries have been visited by some of the largest fruitgrowers in Canada and after an inspection of our trees they have given us their orders. Write for our catalogue and give us a list of your wants. **BROWN BROS., Welland Co., Ont.**

WAGGON FREE

For Your Boy or Girl.

TO INTRODUCE
Zymole Trokeys,

We will give the big, strong Zymole express shown in our window to the boy or girl who brings us the largest number of coupons on or before March 25th next. A coupon given with purchase of every box of Zymole Trokeys at 25c. or with every dollar purchase of other goods in our store. Competition opens Saturday, Feb. 25th. Sample trokeys free.
