MORE CARE

Should be given a watch than is given larger and less delicate pieces of machinery. Many watches are allowed to run from one year's end to another without cleaning or any other attention, while other machinery is oiled and cleaned almost every day. The result is that the timepiece is not as accurate as it would be if taken proper care of, and does not last as long. Be fair to your watch. Take it to

JOHN SLATER

and have its needs attended to.

Issuer of Marriage Licenses.

BUSINESS EDUCATION

such as you may obtain under the very best conditions at The Central Business College of Toronto, is a sure passport to success. Thousands have proved it. Why not investigate for yourself? Our free catalogue explains. Write for it. W. H. SHAW, Principal.

ONTARIO LIQUOR LICENSE ACT

License District of East Victoria.

NOTICE is hereby given that the Board of License Commissioners for the License District of East Victoria will meet at the McArthur House in the Village of Fenelon Falls, on

Saturday, April 22nd,

at the hour of one o'clock in the afternoon, for the purpose of considering applications for liquor licenses for the year 1911-12.

All persons are requested to govern themselves accordingly.

J. LITHGOW,
License Inspector.

Dated at Bobcaygeon this 22nd day of March, 1911.

The Fenelon Falls Gazette

Friday, April 21st, 1911

The Neglected Hen.

A noteworthy instance of the improvement that is being made in various branches of agriculture is found in the experience of a co-operative cow-testing association in the United States, where the annual average profit per cow was in four years raised from \$21.43 to \$42.82, or practically doubled. This was the result of weeding out animals that were discovered by actual test to be inferior. It demonstrates very forcibly the unwisdom of guesswork as opposed to definite and absolute knowledge, especially with regard to the producing capacity of dairy cows. The remarkable increase in productiveness and in profit that has followed the intelligent effort of dairy cattle breeders would be certain to be to a large extent duplicated were similar care taken in the selection and management of domestic poultry, with a view to developing their egg-laying proclivities. Improvement in this direction has not kept pace with the advance in other lines, the introduction of the trap nest and of record keeping being comparatively recent. Very few farmers or poultrymen can tell which of their birds are the best layers, and may unknowingly be the possessors of a few remarkably good individuals, and at the same time be keeping others that do not pay for their feed. The difficulty in this way of the adoption of more precise methods is that trapnesting looks like a lot of trouble and fussing. The trouble is, however, more imaginary than real. Besides, nothing worth while is ever accomplished without work. Another obstacle is that too much attention has been given to show-room requirements in the breeding of poultry, although when not carried too far nothing can be said against it. A thing of beauty is a joy forever. But eggs are a joy only when fresh, and plentiful.

The pioneers in the keeping of exact records, for the purpose of culling out poor and indifferent performers, will find that, as far as they are concerned, it will settle the burning question, "Do Hens Pay?" A more general adoption of the practice would incidentally remove part of Mr. J. W. Flavelle's grouse against the farmer. The hen has been shamefully neglected. No wonder she refuses to lay when eggs are dear.

Haliburton Minerals.

Toronto World.

"Interest in the Ontario mineral fields is just now centred in Porcupine and Cobalt, but it is expected renewed operations in Haliburton and Peterborough counties, where rich iron, graphite and mica deposits are known to exist, will do much to bring this section of the Province well before the public in the near future.

"It is not generally known that extensive development operations are in progress in this section at the present time. It is estimated that over \$100,000 has been expended in the village of Wilberforce alone. At this point a graphite mill, which will treat about one hundred tons a day, has been erected by the Virginia Graphite Co., New York, and sufficient power has been assured to enable the company to increase the capacity at a later date.

Considerable activity will be witnessed this spring on properties in the vicinity of Wilberforce. The English Land Company are opening up a molybdenite mine about two miles away, and the extensive plant recently installed would indicate that they intend getting after ore in earnest. The North American Exploration and Development Company, of Toronto, have taken on large interests, and have grouped their properties so as to cut down the cost of mining. They have taken over claims with excellent showing of mica, graphite and magnetic iron, all of which will be aggressively worked. Dwyer and Elliott have a gang of men working on their magnetic iron ore properties, having two shafts down 25 feet. They have treasured and sunk pits at intervals over an area of 250 feet wide and 1800 long, and have traced the iron ore for a distance of over a mile on their 300 acres.

The district is also an excellent prospect as a gold mining proposition. Findley and Anderson have a large

quartz vein on their claims and it is stated that assays of \$40 to the ton gold have been obtained. They will recommence work this summer. This section of the Province has received little publicity, but should the present plans be carried out, it is likely the results will do much to awaken interest in the rich mineral products that are known to exist there. Wilberforce is in Haliburton county, about 75 miles north of Trenton. The Central Ontario Railway passes through the district.

Hydro-Electric For Lindsay.

Mail and Empire.

"Notification was sent to Lindsay yesterday by the Hon. Adam Beck, chairman of the Hydro-Electric Commission, of the terms made by the commission with the Lindsay Light, Heat and Power Co. The municipality will submit a by-law to the ratepayers for the ratification of the agreement, and there is no doubt that it will pass, as the commission has made the terms by which the town will save about \$20,000. The town will take about 2,000 horse-power, and will soon be in the Hydro-Electric zone.

"The question of the supply of cheap power for Peterborough was discussed there by the Hon. Adam Beck and the Citizens' Committee. The engineers of the commission have looked over the situation and presented a report; and, if the city act on the report, Peterborough will be in a position independent of the power merger which generates power on the Trent River. The city will get power from the Otonabee Power Co. "Midland and Penetang will vote next week on by-laws authorizing the towns to make contracts with the commission. Penetang will buy out the existing plant, and both places, together with Wazbaushaushene, will take power supplied by the commission through the Simcoe Light and Power Co."

Wind-up Meeting of Curlers.

The wind-up meeting of the curling club was held on Thursday evening last at the rink. The treasurer's books show a small balance on hand. This year the regular schedule competition for the J. H. Brandon cup was won by skip Thos. Graham and his rink, who will hold it until next year. Skip Stanton was a close second. The other eight rinks figured as also rans. As an illustration of the uncertainties of curling it may be mentioned that last season skip Graham failed to win a single scheduled game, while this year he is at top of the heap, winning seven out of eight games played, and being also successful in making the highest score in the points competition, the prize for which is the pair of curling stones very generously donated by Mr. F. A. McDiarmid for the points game, previous to his departure for Vancouver. Mr. McDiarmid was an active member of the club for four or five years after his arrival here in 1900, and will no doubt be pleased to hear that the stones have been won by skip Graham, with whom he was associated on the managing committee during his residence at the Falls.

The two man games for the Brandon McLean cup were not finished, and the trophy will be awarded by the committee to the couple who in their judgment are best entitled to it.

Personal.

Miss M. Hood of Pickering spent a few days with her aunt, Mrs. Wm. Keast, this week.

Mrs. A. Torrance, of Lindsay was a visitor to the Falls on Tuesday.

Mr. Stewart Mason of the Bank of B. N. A., and Messrs. Montizambert and Carey, of the Bank of Montreal, spent the holiday out of town.

Mr. H. E. Austin of Toronto, was in town on Saturday.

Misses Dolly and Lulu Jones spent Easter with Peterboro relatives.

Miss Maggie Wilson and Miss Kathleen Junkin, of Lindsay Collegiate, are spending the holidays at their homes here.

Miss Lulu Lane of Toronto spent Easter holidays at the Falls.

Mr. and Mrs. J. A. McKono of Peterboro, were the guests of Miss Ethel Robson over Easter.

Mr. H. N. McDougal of Toronto spent Easter at the Falls.

Miss Bertha Brokenshire and Mr. and Mrs. J. C. Bilton, of Toronto visited Mrs. Brokenshire over Easter.

Mr. Geo. McGee, of the Bank of Montreal, Lindsay, was at the Falls this week.

Miss Ruby Austin of Kinnmount visited Fenelon Falls friends this week.

Miss Cowles spent Easter at her home at Toronto.

Mr. Fred Goodman of Winnipeg is spending a few days at the Falls and Rosedale.

Miss Maggie Twomey visited Orono friends on Thursday.

Rev. J. Ferry of Rosedale was at the Falls on Wednesday.

Miss Tillie Woods of Toronto visited friends in town over the holidays.

Mr. R. Bell of Lindsay, spent Good Friday with his parents here.

Mr. Ed. McPhee of Lindsay, was an Easter visitor.

Mrs. H. Webster and children were in Lindsay over Easter.

Mr. S. McKendry visited Campbellford friends at Easter.

Mrs. Alf. Jewell and children visited Peterboro friends this week.

Mrs. A. E. Minthorne visited Orillia friends at Easter.

Miss Luie Gainer of Toronto has returned home after a two weeks visit with her brother, Mr. S. S. Gainer.

Mr. S. Nevison, of Coldwater, Mich., spent a day or two in town.

Mr. Will Carley, of Coldwater, Ont., was among Easter visitors.

Miss Ford spent Easter with her parents at Port Perry.

Mr. Robert McGregor of Toronto spent Wednesday at the Falls, the guest of Mrs. Sadler.

Mr. and Mrs. F. Robson spent Easter in Lindsay.

Mr. E. Jackson of Cobocook was at the Falls on Wednesday.

Mr. D. Robertson, spent Easter at Warkworth.

Mr. J. L. Davis, of Dongola, was at the Falls on Tuesday on business.

Mr. D. Stinson, of Toronto, was in town this week.

Mr. Jerry Twomey, of St. Michael's College, Toronto, spent Easter at his home here.

Mrs. R. Storey and her two daughters of Milbrook, spent Easter holidays with her sister, Mrs. S. Corbett, of town.

Vestry Meeting.

The annual vestry meeting of St. James' Church was held on Monday evening. The report of wardens showed the affairs of the church to be in a satisfactory condition, as did also the reports of the officers of the Parish Workers and Women's Auxiliary. Messrs. E. English and R. M. Hamilton were re-elected wardens and Messrs. J. J. Nevison and C. W. Burgoyne were appointed lay delegates to the Synod. A letter was read from Rev. W. Farncomb making application for the purchase of the old church on the hill. The matter will be discussed at a meeting to be held on May 8th, when Mr. Farncomb is expected to be present. The vestry meeting was adjourned until May 1st.

Board of Trade.

At the Board of Trade meeting held on Wednesday evening the advertising committee reported progress. Communications were read from Peterboro Review and the McLean Publishing Co. A sketch of a folder from the Gazette was submitted, at an estimated cost of \$40 for 1,000 copies. On motion of Dr. Sims and W. A. Bishop the committee was authorized to have 2,000 booklets printed by the Gazette, the expenditure not to exceed \$50.

The question of better railway service was discussed, and Dr. Mason, Dr. Sims, and W. A. Bishop were appointed to correspond with the G. T. R. regarding better train service. The matter of improving the grounds adjacent to the wharf was discussed at some length and Dr. Johnstone, A. J. Gould and M. H. McCallum delegated to lay the matter before the council. A committee was also appointed to solicit new members of the Board of Trade.

LADIES TAILORING.

Anyone wishing to have a strictly tailor made suit for this season can see a full range of samples and styles at Mr. A. Clark's, Sr., on Thursday, April 27th. Mr. A. Clark Jr. of Lindsay will be there on that date from noon till 5 o'clock.

ST. ANDREWS' CHURCH.

Dr. Mason and Messrs. John Lee and F. Robson were the three new elders elected last week. On Sunday evening next Rev. C. S. Lord will take for his subject "Why I am a Protestant," and will discuss the No Tomere decree.

WOMEN'S INSTITUTE.

The regular meeting of the Women's Institute will be held on Friday, April 29th, at 3 o'clock, at the home of Mrs. Walter B. Jordan. "Faulding" is the subject chosen for this meeting. Papers will be given on the same, which should be very interesting to all. Several musical selections will be given. Ladies are all invited to attend, whether members or not.

J. H. CAMERON COMING.

All residents of Fenelon Falls who heard J. H. Cameron, on the occasion of his appearance here last June, will be pleased to learn that they will again have the opportunity of hearing him on Thursday, April 27th, in Dickson's Hall. Mr. Cameron will be assisted by Dr. Harvey Robb, pianist, of Toronto, and local talent. Plan of hall at Robson's drug store. 25c and 35c.

PURPLE MARTINS HAVE ARRIVED.

The purple martins, which are the latest of the spring birds to arrive, reached Fenelon Falls on Wednesday morning the 19th. Only once before, in the past thirty years, have the martins been later than the 17th of April in making their appearance here. That was in the spring of 1900, when they stayed away until the 23rd.

EASTER SERVICES.

In the Methodist church, on Easter Sunday, special music was the feature. Miss Cline, of Lakefield, assisting very materially in a well-rendered solo. A ladies' quartette by Mrs. Stoddart, Mrs. Wm. Welsh, Mrs. W. B. Moore and Miss Quibell, was also worthy of special mention. Rev. J. Soward, of Kinnmount, assisted in the services at St. James' church, and the Rector, Rev. W. H. A. French, sang a solo, "Abide With Us," in his usual excellent voice. Attractive services were also held in the Baptist and Presbyterian churches.

Rev. H. B. Kenny delivered an interesting address on "The Bachelor" on Good Friday evening, in the Methodist Church, of which he was formerly pastor. A good programme of music, recitations, and club singing was also presented. After the entertainment Mr. Kenny was entertained at Northey's by members of the congregation.
