

KICKED BY A HORSE.

A young son of Mr. Arch. Robinson, of Fairbairn, received rather a bad kick on the face on Thursday morning. It appears the boy was going from his father's house to Mr. Alex. Connell's, his grandfather's, and while passing close to a mare and foal the mare kicked at him, striking his left eye and the left side of his face, cutting and bruising it considerably. He was brought to Fenelon Falls, where Dr. Johnstone dressed the injuries. The little patient is progressing favorably.

WELL DRILLING.

Mr. T. R. Mosley, of Lindsay, has his well drilling machine at work at the rear of Northey's store, and has the drill down to a depth of about twenty feet. He lately completed a well at Mr. J. Twomey's new house on Bond street, getting an abundance of good water at thirty feet.

LOCAL OPTION AT BEAVERTON.

With the advent of local option the two hotels at Beaverton went out of business entirely. On Monday signs were tacked on the front doors which said "Private," the stable yards were fenced in and the pumps locked. The temperance forces have arranged with a restaurant keeper to enlarge his operations, a barn that will accommodate 10 horses has been secured and will be opened to the farmers; a pump is to be attached to the well in front of the town hall, and several bedrooms will be opened in some vacant apartments over a down town store. There was a good deal of drinking on Saturday before the bars formally closed.—Orillia News-Letter.

Miss Eleanor Peragine, formerly of Aurora, Ont., has been left a million dollars by Walter Duryea as a recognition of her faithful services as nurse and secretary.

Michael Frazer, a man 84 years of age, said to be wealthy, who some time ago married a woman considerably younger than himself, is before the courts because of an effort by some of his relatives to prove that he is insane; his devotion to his wife being one of the reasons alleged. So far he has been examined by ten medical experts, six judges and a number of lawyers. Last week four judges had him under examination at once. This sort of ordeal would be hard on an ordinarily active man in good health and mental vigour. It can be thought that if an 84-year-old man is subjected to much more of it he will either lose his mental grasp or die.—Montreal Gazette.
