

## A TERRIBLE RECORD OF CHILDREN'S DEATHS

As every mother knows the death rate of little ones in Canada during the hot summer months far exceeds that of any other season of the year. The reason for this is that the excessive heat brings on those dreaded troubles, cholera infantum, diarrhoea, dysentery and other stomach and bowel complaints. These come on so quickly and with such little warning that often baby is beyond help before the mother realizes he is ill. During the hot summer months the mother must be constantly on her guard to see that baby's bowels are working regularly and his little stomach is kept sweet and pure. Baby's Own Tablets should always be kept in the home as they are the mother's greatest friend. A dose now and then will prevent these troubles, or if they do come on suddenly they will be quickly banished by the Tablets. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### TOO MUCH OF A STRAIN.

Grandpa—"I am giving you this cent, Willie, because you have been a good little boy."  
Willie—"Yes, grandpa; but please don't expect me to sit around like Sunday school all day again at the same price."

### Minard's Liniment Cures Colds, Etc.

### GOOD REASON FOR IT.

Mrs. Jabbe—"Jones practically lives in his automobile."  
Mr. Jabbe—"Has to; he sold his home to buy it."

It is a fact beyond dispute that one packet of Wilson's Fly Pads has killed a bushel of house flies. This is more than could possibly be caught on three hundred sheets of sticky paper. All Druggists, Grocers and General Stores sell Wilson's Fly Pads. Be sure you get the genuine Wilson's.

### CONSOLING.

Struggling Passenger (on railroad train)—"This window sticks so I can't get it up."  
Conductor—"Yes. Wood is swollen a little by the rain. It'll be all right in a few days."

### Minard's Liniment Cures Cargot in Cows.

### WOMEN DO ALL THE WORK.

Papuan Man Does the "Protector" Act While She is Busy.

Of the natives in Papua a traveler says: "When the natives are young they are quick to learn, and can be taught almost any kind of work, and even up to the time of their marriage they are willing to learn. After marriage their ambition and intellectual development appear to cease, one of the reasons for this seems to be that the woman does most of the work, while the man—being the superior animal—can see no necessity for further exertion. He plays the part of her protector to perfection; while she digs in the garden he leans against a tree with his spear in his hand, apparently prepared to keep off intruders, but really because it is easier than doing the digging."

A good way to bleach linen or lace is to put it into bowl or soapy water and set it out in the strong sunlight. If it be exposed to dirt and dust, place a glass over the bowl.

## LINK WITH THE PAST

Man Tells of His Brother Dying Century and a Half Before

The presiding magistrate at a police-court in Syria was astonished to hear a witness, when asked if he had any brothers, reply that he had one, but that he died 148 years ago.  
Pressed for an explanation, witness stated that he was the issue of a second marriage. His father married his first wife in 1763, at the age of nineteen, and the following year there was born a son, who died when only a few months old. The latter's father married again in 1820, at the age of seventy, and witness was born the year following.  
Being eighty-nine years of age when giving evidence, the interval since the death of the first child was thus extended to over 140 years.

### AN ARCHBISHOP'S RECREATION

Riding was a favorite diversion of the late Archbishop MacLagan, and in addition to this he was a good whip, and frequently drove a pair; while another recreation in which he indulged in the winter, when opportunity offered, was curling on the ice. He had also a great love of animals. It is not generally known that his Grace was an artist, and painted cleverly in water-colors. The inhabitants of Keswick at one time became quite accustomed to the sight of the archbishop seated sketching on the private landing-stage of the beautiful estate of Pawe Park, which borders the Derwentwater, and was rented by Dr. MacLagan for his holidays, and there are several admirable little works of his in existence.

Dr. J. D. Kellogg's Dysentery Cordial is prepared from drugs known to the profession as thoroughly reliable for the cure of cholera, dysentery, diarrhoea, griping pains and summer complaints. It has been used successfully by medical practitioners for a number of years with gratifying results. If suffering from any summer complaint it is just the medicine that will cure you. Try a bottle. It sells for 25 cents.

### GOOD REASON WHY.

"Why don't you speak for yourself, John?" asked Priscilla.  
"Because," answered John, "I have not had a chance to get a word in edgewise."

Fresh Supplies in Demand.—Wherever Dr. Thomas' Electric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

### Minard's Liniment Cures Diphtheria.

### LOGIC.

"Earlie, why don't you comb your hair?"  
"Cause I ain't got a comb."  
"Well, why don't you tell your mamma to buy one?"  
"Cause then I'd have to comb my hair."

It is better to avert a war than to fight and win; better to prevent sickness than to cure it. Keep a bottle of Hamlin's Wizard Oil in the house and see how much suffering it saves.

Probably most people think you are as foolish as you think they are.

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Cure is available.

### THE OLD STORY.

"Had every cent taken last night. Woke up hearing some one in the room. Reached under the pillow for my revolver, but didn't shoot."  
"Why didn't you?"  
"I'd probably be a widower if I had."

### "IT'S A WISE SON," ETC.

The First Boy (sent to bed to await chastisement for bad behavior)—Here's father coming upstairs. I'm going to pretend I'm asleep.

The Second Boy (in case similar to first, but wiser)—I'm not; I'm going to get up and put something on.

Teacher—"Johnny, can you tell me anything you have had to be thankful for in the past year?"  
Johnny (without hesitation)—"Yessur."  
Teacher—"Well, Johnny, what is it?"  
Johnny—"Why, when you broke your arm, you couldn't lick us for two months."

## FIVE POINTS IN BOND INVESTMENTS

¶ A desirable investment has in it these essentials—the safety of the principal—the certainty of income—a fair and fixed rate of income—probable appreciation in value—and saleability.

¶ Bonds, carefully selected, ensure to the investor all these desirable elements and are invariably secured—principal and interest—by the total assets of the company that issues them.

¶ Write us to day for our literature on Bond Investments and a list of those we recommend.

### WORDS OF WISDOM.

Enterprise is the life blood of business.  
To be cheerful is nearly to be well.

A heavy conscience generally means an ill body.  
To do a child's thinking for it is to deprive of the sacred right of discovery.

Many people merely exist now hoping to live an ideal future. They sacrifice their bodies, health, and minds to gain gold.

Small but Potent.—Parmelee's Vegetable Pills are small, but they are effective in action. Their fine qualities as a corrector of stomach troubles are known to thousands and they are in constant demand everywhere by those who know what a safe and simple remedy they are. They need no introduction to those acquainted with them but to those who may not know them they are presented as the best preparation on the market for disorders of the stomach.

### TRUE DIPLOMACY.

Employer.—We want a diplomatic, tactful, smart office boy.  
Boy.—Well, I used to send sister's beau away when she didn't want to see him.

### REST AND HEALTH TO MOTHER AND CHILD.

Mrs. Winslow's Soothing Syrup has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN; CURES WHOOPING COUGH, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

### MERELY FURTHER PROOF.

"Anyway, he has an honest face."  
"Honest? You surprise me."  
"Yes, it's the only honest thing about him. It shows how dishonest he really is."

There are many sticky devices on the market that kill some flies, but housekeepers who have tested them know that Wilson's Fly Pads kill many times more, and do not damage carpets and furniture like all sticky fly catchers.

### GUESSED IT.

Wiggings—Do you know that your chickens come over into my yards?  
Jiggings—I supposed they did, for they never come back again.

Occasionally there is a man that even his Satanic Majesty wouldn't have, but there is always some woman who is willing to take him.

### A TONGUE-TWISTER.

"I beg your pardon; I thought this was Mr. Dingly."  
"I am Dingly."  
"Then I am glad to find that I was mistaken in thinking that I was mistaken."  
"Hey!"  
"I say when I thought I was mistaken I was mistaken in thinking I was mistaken, and, being mistaken in thinking I was mistaken when I wasn't mistaken, I was glad to find I was mistaken when I thought I was mistaken, because I wasn't mistaken; or, rather, I was mistaken when I thought I was mistaken, and so I couldn't have been mistaken. Well, at any rate, I am glad. Looks as if we were going to have rain, doesn't it?"

In the days when executions were still carried out in public, in England, a servant-girl upon one occasion begged her mistress to allow her a day out, for a purpose which she did not divulge. The lady of the house gave the required permission, and the girl accordingly went off for the day, but returned in the evening weeping copiously. "Why, Mary," asked her kindly mistress, greatly perturbed at the poor girl's evident distress, "what on earth is your trouble. Tell me, and perhaps I can help you." "Oh, ma'am," blubbered Mary, "I went to see the man hanged at Salisbury, b-b-but he's been reprieved!"

Medical Man—"Johnson has done the meanest thing ever I heard of. He came to my house the other night, ate a big dinner, got indigestion, and then went to another doctor to be cured."

A Stamped Medicine.—Parmelee's Vegetable Pills, compounded of entirely vegetable substances known to have a revivifying and salutary effect upon the digestive organs, have through years of use attained so eminent a position that they rank as a standard medicine. The ailing should remember this. Simple in their composition, they can be assimilated by the weakest stomach and are certain to have a healthful and agreeable effect on the sluggish digestive organs.

### VERIFYING THE PROVERB.

Figg—"As a talker, Brown's wife is certainly a wonder."  
Fogg—"Right you are! Wonders never cease."

There are many imitations of Wilson's Fly Pads. Do not be deceived by unsatisfactory imitations. Get Wilson's.

A parson was applied to for advice by a member of his congregation, who complained of the continual noise made on a trombone by a next-door neighbor. "Can a man," he asked, "who practices on such an instrument from morning to night be a good Christian?" "Such a man might possibly be a good Christian," the parson replied, "but his next-door neighbor couldn't."

### THE KIND OF WIFE TO HAVE.

A man who had been indulging too heavily was induced to sign the pledge.  
"You must let me have it," said the wife. "I will keep it for you." So the pledge was handed over to the wife's custody.  
The next day the man was drinking again as freely as before.  
"How is this?" asked a friend. "You signed the pledge yesterday, and now you are drinking again."  
"It is all right," replied the pledge-signer, in unsteady tones. "I don't have to keep that pledge. My wife says she will keep it for me. That's the kind of wife to have, old fellow. Let's have a drink!"
