Farmers' and Women's Institute Meetings.

The regular meetings of the Farmers' and Women's Institutes will be held at Fenelon Falls on Wednesday, Feb. 21st, and at Bobcaygeon the following day. These meetings are usually held in the latter part of November or early in December, but were postponed on account of the elections. There will be afternoon meetings and a joint meeting in the evening, with a good programme. The speakers this year are Mrs. W. W. Farley of Smithfield, Mr. C. W. Garney of Paris and Mr. John Bright of Myrtle. Full particulars are given in the programmes. A good attendance is looked for at these meetings.

North Ward School Scorched.

An alarm of fire shortly before noon on Thursday of last week caused considerable excitement for a few minutes. The scene of the trouble was the north ward school, where a spark from one of the furnace pipes had ignited a partition under the south side of the main stairway. The fire was soon extinguished, and the damage all repaired by Saturday.

A New Curling Trophy.

The handsome challenge shield donated by Dr. R. M. Mason, M. P. P. is now on exhibition in Mr. A. Northey's jewelry store window. The design is a wreath of gray-finish silver enclosing the figure of a curler, in the same metal, in the act of playing a stone. The shield will be competed for by local rinks and Bobcaygeon rinks, and will add a good deal of interest to the game.

Clifford Lane Bruce is the stage name of "Cliff" Scott, who is well known by everybody in Fenelon Falls. A double interest is attached to this attraction for the people of Lindsay and Fenelon Falls, because it not only gives an opportunity to see one of the best literary and dramatic plays of the decade, but also permits us to renew acquaintance with our summer friend, "Cliff Scott."

Wedding Bells.

COUTTS—SOUTHAM.—On Wednesday, Jan. 31st, at the home of Mrs. James Southam was solemnized the marriage of her daughter Etta Emily, to Mr. Jas. Coutts, of Davidson, Sask. At six o'clock the bride entered the parlor to the strains of Lohengrin's wedding march, played by Mrs. Joseph Southam. Accompanied by her brother, Mr. Joseph Southam, she met the groom, who was awaiting her under an arch of evergreens and white flowers.

The ceremony was performed by the Rev. Mr. Honey of Bobcaygeon. The bride looked lovely in a dress of biscuit colored silk, trimmed with satin folds of a little deeper shade, and wore a wreath of orange blossoms in her hair. After the signing of the register the bride and groom were conducted to the diningroom, which was tastefully decorated with evergreens and white ribbon and where a sumptuous repast awaited them. The table was in the shape of an L and filled the centre of the room, while the bride's cake adorned the angle of it and was immediately in front of the bride's and groom's chairs.

During supper time a number of the young people formed an impromptu orchestra for the occasion and furnished very acceptable music.

After supper the bride changed her wedding dress for one of navy blue silk and the remainder of the evening was spent in games and amusements.

The guests, which numbered about sixty were present from Bobcaygeon, Fenelon Falls, and the surrounding vicinity.

The gifts were both numerous and costly, remembrances of friends from Toronto, Michigan, and the West were among the others, testifying to the esteem in which the bride was held by her many friends. The groom's gift to the bride was a handsome Canadian mink muff.

The happy couple will leave for their new home in Davidson, Sask., on Monday, Feb. 12th, the bride travelling in a brown lady's cloth suit, trimmed with brown satin and black panne-velvet hat trimmed with black plumes.

Their many friends join in wishing the young couple all happiness and prosperity.

Correspondence of the Gazette

On Wednesday evening, the 14th, the Epworth League from Zion will entertain the League here.

A few weeks ago Mr. Jno. T. Brown had a six month old calf killed by a kick from one of his colts, that was exercising itself in the yard.

Northrop and Lyman's traveller from Toronto made a business call on the postmaster here one day last week.

The farmers in this section with very few exceptions will experience a great scarcity of feed for their live stock, and there is also a small amount of grain compared with other years to fatten cattle to reduce the number. It might be safely estimated that there is not more than ten bushels of grain passes through here for Fenelon Falls to be ground, where there was one hundred bushels a year ago. Another year like 1911 will put a good many farmers out of business, or make them work harder, as J. W. Flavell tells the farmers to do, and raise more hogs.

I tell you what, the working class must bind themselves together, stick to each other night and day through rain and shiny weather. These combinations must be downed, so must these trusts and things that are stealing all we make, Jane, and living fat as kings.
