

"Feed Dr. Hess Stock Tonic on Three Months Test at Our Expense.--Dr. Hess & Clark"

This is what Dr. Hess & Clark write us, and we stand ready to make good that guarantee to the letter. If it doesn't pay, return to us the empty packages and we will refund your money. Feeding Dr. Hess Stock Tonic is just like applying fertilizer to the soil. Fertilizer makes the soil yield; Dr. Hess Stock Tonic makes the digestive organs convert more feed into growth.

POULTRY PAN-A-CHE-A.

Is guaranteed to cure poultry ills and make hens lay. It has the same growth and egg producing function as Dr. Hess Stock Tonic. One extra egg will pay for all the Pan-a-che-a a hen eats for three months.

Extend Rural Phones.

The principal value of telephones, both in town and in the country, lies in the saving of time and labor in the transaction of everyday matters of business; but the usefulness of rural telephones in cases of emergency is quite often demonstrated. The latest instance of this kind to be reported occurred on Sunday near Prescott, when a runaway horse was stopped by a farmer who had been notified over the phone by a neighbor who saw the animal passing. A woman and her child were in the cutter, and were probably saved from injury or death by the timely use of the telephone. Cases of this kind do not of course happen very frequently, but they occur often enough to make an additional argument for the extension of rural telephone lines throughout the country, and for the installation of more instruments on lines already in operation. People in cities, towns and villages think it pays to use telephones to do business with neighbors only a block away. Farmers, with long distances to travel, have more need of the telephone than townspeople have.

Injustice in Court.

"A convicted burglar, brought before a judge in Maine a few days ago, was sentenced to the penitentiary for two years. Thereupon the prisoner cursed the court. The judge promptly increased the sentence to five years. 'I don't care if you make it ten,' hotly retorted the burglar, with more profanity. Immediately the judge made it ten."—Cleveland Leader.

This from the Cleveland Leader indicates that breaking into a common citizen's house and stealing his goods is not nearly as serious an offence as finding fault with the decision of a United States judge, provided said criticism is indulged in during court proceedings. Afterwards, and outside the court, the correctness of a decision may be freely questioned or condemned, if the comments of some of the newspapers on this particular case are any criterion. It is well to uphold the dignity of courts of law, but eight years imprisonment for talking back to a judge seems a trifle steep, even if the language used was not very polite.

The Camrose Car.

Quite a number from Fenelon Falls went to Lindsay on Thursday to see the Camrose Publicity Car which was in Lindsay that day. The following is an extract from the Post's description of the car and its contents:

"If you are doing well in the east, stay; but if you want to go west and do better, go to Camrose," was the slogan of the Camrose Boosters, who arrived in Lindsay from Alberta on a special exhibition car and laid out stakes for a stay until this evening, at the Sylvester siding. The party included a number of leading citizens and business men of the city who are prepared to boost its attractions as a railroad and business place, as well as the centre of a fine mixed farming country.

In the first two of their claims they back up their enthusiasm with a series of maps and literature. For the last they have half a car loaded with the products of the country, from coyote and wolf skins to No. 1 hard, with all sorts of other vegetable supplies indicative of a rich soil, backed by a growing climate. This exhibit of grasses and grains, interspersed with cabbages, potatoes and other vegetables of mammoth proportions is a decidedly interesting one. As an added attraction, there are specimens of coal, taken from mines a few miles from Camrose, which indicates that in that district the coal miners' strike will assume only an academic interest.

The party accompanying the car consists of Messrs. Geo. P. Smith, editor of the Camrose Canadian; Jabez Harris, President Board of Trade; Frank L. Farley, member of the Camrose Council; Frank P. Layton, Mayor of Camrose; Dennis Twomey, ex-Mayor of Camrose; J. Watson Young, ex-Alderman; M. A. Maxwell, City Engineer; Camille David, merchant; J. Sherman Fax, representative farmer.

Tennis Twomey is a former Lindsay boy and was at one time a drug clerk in Gregory's drug store. He is a brother of Mr. J. Twomey of Fenelon Falls.

The Camrose, Alberta, car containing agricultural exhibits from the province by the Rockies, attracted a large number of visitors during its stay in Lindsay. It contained exhibits of the agricultural resources of Alberta, particularly the Camrose district, with specimens of coal as well. It also contained an exhibit of articles manufactured at Camrose. There were shown splendid specimens of grain

in straw and grain threshed. There were samples of winter wheat, winter barley, oats and peas. There was wheat which had yielded 33 bushels to the acre, barley 40 bushels, flax 16 bushels, and oats 80 bushels. There were, too, samples of the natural grasses such as wild vetch, orchard grass, wild broom etc. and specimens of grouse, coyote, the timber wolf and Angora goat were shown among the live stock exhibits.

March Weather.

The beautiful clear sunny days of the beginning of March and the ten to fifteen below zero nights accompanying them caused some diversity of opinion as to whether the month came in like a lion or like a lamb. Consequently there is a like measure of doubt concerning the manner of its departure. How March behaves for a few days at the beginning or end of its career is not of as much importance, however, as its conduct during its rather lengthy stay with us, and of that conduct all that can be said is that some of it couldn't be better and some of it couldn't be worse. It has been a tantalizing mixture of lion and lamb—what can generally be expected in March, only more so, especially the lion part of it. A foot of snow last Friday blocked the trians again, and Thursday morning of this week was very stormy, with quite a heavy fall of snow.

Women's Institute.

The regular meeting of the Women's Institute was held at the home of Mrs. Thos. Poulson on Friday afternoon. There was a fair attendance in spite of the inclement weather, which prevented many from attending, including the Pleasant Valley branch, who had been invited to be present and furnish the programme. The meeting was opened in the usual manner, Mrs. Dr. Gould presiding. In her opening remarks she expressed regret at the unavoidable absence of the sister branch. The minutes of the last meeting were read and adopted. A case of needy and neglected children having been reported, a committee was appointed to investigate, and if conditions were as stated, report to the Secretary, who would communicate with Mrs. E. E. Sharp of Lindsay in regard to the matter.

A helpful paper on "Cheerfulness" was contributed by Mrs. F. Aldous. Miss Tilly Patten gave an instrumental solo, nicely rendered. The next meeting will be held at the home of Mrs. Barclay, when the subject will be "Flowers, and How to Grow Them," Mrs. Stanton to lead the discussion. It was also decided to hold a button-hole contest at this meeting, at which prizes will be given. The meeting closed with the singing of the National Anthem. Afterwards tea and refreshments were served.

Dickson's Hall, Monday Evening Next, March 25.

Don't fail to see the great production "The Fall of Troy," which will be given in Dickson's Hall on Monday evening, March 25.

Mr. Albert Perrin, the famous soloist, will be in Dickson's Hall on Monday evening next. Hear him in illustrated songs and specialties. Also hear the celebrated ventriloquist.

Shipped Fine Lot of Horses.

Probably the finest lot of heavy horses ever shipped out of Fenelon Falls were consigned to the West on Monday by Mr. Geo. Isaac, our popular horsebuyer. The animals were all purchased in this vicinity, and were a good illustration of the improvement that has taken place in the past few years in the class of horses raised in the adjacent townships. Mr. Isaac also shipped with this lot the well-known pacing stallion Harry K., which he purchased from Mr. Jos. Lee.

Personal.

Miss Ella Austin of Kinmount spent the week end at the Falls.

Mr. and Mrs. Ragshaw of Cambray visited Mrs. Carley.

Mr. Henry Puley, who is leaving for the west, has handed the Gazette the following item which he clipped from a Saskatchewan paper last fall:

"J. Hawtin's gasoline plow is breaking 50 acres for Mr. H. Puley, on N. 1, Sec. 24-15-3. We hope Mr. Hawtin will stay right in the valley where he is needed, as the amount of breaking to be done far exceeds the available power."

Mr. Puley states that he has since had ten acres plowed and disked by oxen, making a total of sixty acres he will have ready for seeding this spring. He has sold his house and lot on Oak Street to Mr. D. Campbell, whose mother, Mrs. J. S. Campbell, will occupy it after Mr. Puley's departure.

St. James' Church, Fenelon Falls.

The Rev. W. H. A. French, Rector, will preach a series of sermons on the following subjects at the special Lenten services:

March 31st, Palm Sunday—Morning, "Ingratitude." Evening, "Sacrament."

April 5th, Good Friday—Morning, "Crucifixion."

April 7th, Easter Day—Morning, "The Resurrection." Evening, "The Argument for the Resurrection."

April 14th, First Sunday after Easter—Morning, "The Last Appearance and the Last Recognition of Jesus." Evening, "Doubting Thomas."

OPEN LETTER.

347 King Street West,
Toronto.

DEAR SIR:—

You are no doubt aware of the great crusade against Consumption in which Canada is each year taking a greater part, and in which this Association has done pioneer work throughout the Dominion.

"The Great White Plague" is much more prevalent than most people have any idea of. Export medical authorities tell us that one person in ten is doomed to die of Consumption at present.

A free illustrated lecture with 110 lantern views, will be given on Monday evening, April 4th, at eight o'clock, in Twomey's Hall, by Rev. J. T. Forsythe, Field Secretary of this Association. A collection will be taken at the close.

Mr. Forsythe's lecture explains in a simple, interesting and complete way, exactly what the disease is, how to avoid it, and how to treat it.

Parents especially should know how to protect themselves and their children. Every private individual—man, woman and child—is in danger, and should know how to combat it.

Our purpose in writing is to say that as this opportunity may not present itself soon again, we think you should take advantage of it. We feel sure you will not regret it.

Yours faithfully,
R. DUNBAR,
Secretary-Treasurer,
National Sanitarium Association.

Auction Sale.

On Saturday, March 30th, Mr. Geo. Moore of Moore & Connell will sell his household furniture by public auction without reserve. Terms cash. See bills for full list. T. Cashore, auctioneer.

Address and Presentation.

On Tuesday evening about one hundred friends and neighbors of Mr. and Mrs. John Lawrence, North Verulam, gathered together and presented them with a purse of gold. Games and dancing were enjoyed by all until the early hours of the morning, when they departed, each wishing Mr. and Mrs. Lawrence and family every success in their new home near Toronto.
