

Have Your Painter Use

the paint that will give your house the best possible protection and put off the need of repainting for the longest possible time.

SHERWIN-WILLIAMS PAINT, PREPARED

will do this. When rightly used on a proper surface it will not powder, flake off or crack. It forms a tough, durable film that withstands the inroads of the elements and retains its gloss and good appearance. No other paint is more satisfactory or economical.

"Feed Dr. Hess Stock Tonic on Three Months Test at Our Expense.--Dr. Hess & Clark

This is what Dr. Hess & Clark write us, and we stand ready to make good that guarantee to the letter. If it doesn't pay, return to us the empty packages and we will refund your money. Feeding Dr. Hess Stock Tonic is just like applying fertilizer to the soil. Fertilizer makes the soil yield; Dr. Hess Stock Tonic makes the digestive organs convert more feed into growth.

POULTRY PAN-A-CE-A.

Is guaranteed to cure poultry ills and make hens lay. It has the same growth and egg producing function as Dr. Hess Stock Tonic. One extra egg will pay for all the Pan-a-ce-a a hen eat for three months.

The Fenelon Falls Gazette

Friday, April 19, 1912.

May Build Mill.

Mr. Mickle, of the well-known lumbering firm of Mickle & Dymont, was at the Falls on Saturday, looking at the site of the Moore & Connell mill, which was destroyed by fire early last fall. Mr. Mickle did not know of the fire, and came here for the purpose of getting Moore & Connell to cut logs, but on learning the state of affairs he considered the building of a mill here to do the work. The firm have limits from which the logs can be brought to the Falls more profitably than to any other point, and it is thought that the erection of a mill here is probable.

A Slight Flood.

A mild imitation of the floods that have been doing so much damage in other parts of the province was occasioned by the warm weather of Monday, when the Francis street creek overflowed, principally on Bond street. Part of the sidewalk near the S. A. barracks was submerged and shifted out of position, and one or two residents had a little trouble getting into their houses.

The water was also over Francis street opposite May street for a short time, but went down again at night. In old times this creek was a source of a good deal of trouble every spring, but of late years, since the channel was enlarged, it has rarely risen high enough to need any extra attention.

Personal.

Mrs. Dr. Gould attended a meeting of the Executive Committee of the East and West Victoria Women's Institutes held in Lindsay on April 11th.

The regular meeting of the Women's Inst. will be held on Friday afternoon, 19th inst., at the home of Mrs. Barkley. All ladies are cordially invited.

Miss G. McCall of Port Hope is visiting relatives at the Falls.

Miss Pettitt and Mr. Morley Pettitt of Guelph spent Monday in town.

Mr. Thos. Guy is visiting Toronto friends.

Mrs. M. Brandon and her granddaughter, Miss Mattie Robertson, of Peterborough, are spending a few days at the Falls.

Miss Nellie Duggan returned on Saturday from a visit to friends in Lindsay and Ops.

Miss Millie Palmer has returned from Peterborough Normal School, where she successfully passed the recent exams, and leaves this week to take a course at Macdonald Institute, Guelph.

Mr. Robert Connell left for the West on Monday.

Mr. Ernest Scott has left the Falls to reside in Peterborough.

Miss S. E. Parr of Blackstock, and Miss Richards of Millbrook, arrived on Saturday, the former as assistant continuation teacher, and the latter as primary teacher in the Fenelon Falls schools.

Miss Aileen Coulter, of St. Margaret's college, Toronto, spent a few days this week with Miss Aileen Kerr.

Mr. Wm. Chambers is home from Buffalo.

A Successful Pupil.

Miss Millie Palmer, who has been attending Normal School in Peterboro, has been successful in passing her final examinations, and, as the reports showed in last Saturday's papers, was in Grade A standing. She has also been selected to take the teachers' course at the Macdonald Institute at Guelph, and leaves for that institution on Friday. Miss Palmer is a graduate of Fenelon Falls Continuation School, and we extend to her our congratulations.

Fenelon Falls Council.

The regular meeting of the Council was held on Monday, April 8th, 1912. Members present: The Reeve and Counsellors Deyman, Corbett, Poulson and Tiers.

The minutes of last regular meeting were read and confirmed.

Deyman, Corbett.—That the following accounts be paid and the Reeve sign orders for the same: E. D. Hand, printing account \$23.25; A. Aulbrook, work on streets and creek \$4.58; Thos. Scott, snow plowing \$4.85; J. Robertson, repairing snow plow \$1.15; T. J. Bell, work on streets \$2.63; Henry Pearce, repairing boots \$1.00; Maurice Lansing, express 25c.; John Dennis, shovelling snow \$4.35; Ernest Scott, account \$2.25; George Whittle, shovelling snow \$2.25; Patrick Cook, snow plowing \$6.00; J. Jones, salary \$35.00.

Poulson, Corbett.—That Thos. Scott be engaged for removing of night soil at a salary of three hundred and ten dollars for the year 1912 and a contract be drawn up and signed.—Carried.

A communication was read from Mr. Stinson re the Canadian Northern Railway, to have all freight from Lindsay and Fenelon Falls to points on the I. P. & O. Railway to be shipped via Trenton, and was filed for further consideration. Council adjourned.

Fenelon Council.

Council met on April 9th pursuant to notice from Reeve Tolmie. The roads over the Township at present are very bad and the need of more wire fences along the roads thereby made plain. Every winter hundreds of days road-work are taken up shovelling snow that would be largely saved for permanent summer work. The Council noted the large number of bridges and culverts, some damaged, others destroyed by the spring freshet and expect a large expenditure along this line during the coming summer.

The following motions were passed by Council: Mark, Tompkins.—That the Clerk notify all parties who have not paid 1911 taxes to pay at once and save costs.

Tompkins, Lee.—That Treasurer Maybee's salary be advanced to \$90.00 and Clerk Powles' to \$185 per annum.

Lee, Mark.—That Mrs. Byrnell be refunded her taxes for 1911, amounting to \$4.60.

Lee, Parkin.—That the Auditors' report be accepted and that they be paid \$6 each for their services.

Parkin, Mark.—That the following bills be paid: R. N. Moffat, for 141 loads gravel \$14.10; Wm. Hill, for brushing on side road between lots 15 and 16 con. 9 \$3.60; Jno. Lee, for inspecting brushing done in Riley's swamp \$1.50; M. Brook, for opening road on Ops boundary \$3.00; Clerk, on salary \$25.00; M. Maybee, for use of Orange Hall for to-day's meeting \$2.00; Assessor, on salary \$75.00.

Council agreed to the following changes in Pathmasters, viz: Jno. Clark in place of H. Blatchford; Jas. Havery instead of Jno. Fisk, and Fred Wallace in place of K. Mark.

Council then adjourned to meet in court for Revision of Assessment Roll.

Dredging the Scougog.

Post: The Lindsay wharf presented a busy scene on Monday morning, preparations being under way for the commencement of the season's operations of drilling and dredging the Scougog river from here to Sturgeon Lake. The machinery was given its finishing touches to-day, and it is expected that the dredge "Fenelon" will start work tomorrow morning. The drill scow "Frank Faren" was taken out of the water last autumn, to undergo some repairs during the winter. She will be launched in the course of a few days. The "Harwood" and the "Bob Hall" will be utilized to haul away the scow-loads of material taken from the river. The "Bob Hall" will not be ready for use for a few days, pending some necessary repairs to her boiler etc. The late Liberal Government inaugurated the work last summer with a view to clearing the channel from here to Sturgeon Lake, and it is understood that the present Government will carry out the policy of the late Government to the letter. The dredging of the river is a great boon to boat owners. During the past few years even the launches experienced considerable difficulty in navigating the river below the locks. The Scougog to Scougog Lake also needs dredging badly, and should receive the attention of the Government. The Department of Railways and Canals has not taken any action in the matter.

Powles' Corners.

Correspondence of the Gazette

Not in the last thirty years has any statesman declared a policy that required the same moral courage as that which was made known recently by Mr. Rowell in the Legislature when he urged the banishment of the bar. We have many temperance men in public life who would not take such a step, but here is a man who after the closest consideration and a full knowledge of all the liquor interests and their ramifications, announces such a policy. Such a man deserves the most hearty and enthusiastic endorsement of every lover and supporter of moral reform.

It is rumored that Mr. Sam Moore has purchased the farm which is at present occupied by Mr. W. Chidley, and owned by Mr. Loyd Hamilton of Peterborough.

Mr. Farmer, get your horses off the road, there is an automobile coming. If you meet with a serious accident and get nearly killed you need not seek for redress in the courts, for if you do the auto owners will beat you. Public opinion is not in favor of these automobile men monopolizing the roads that the farmers have built with hard work.

We had a dream the other night when everything was still—the member for East Victoria did not vote for the abolition of the bar. Why? Because he voted for his party. The provincial premier is in the arms of the liquor traffic.

WRECK OF TITANIC.

At the Baptist Church on Sunday evening Rev. A. Cooke will take as the subject of his discourse "Lessons from the Wreck of the Titanic."

FROM FAR-OFF FLORIDA.

Mr. F. Sandford, in renewing his subscription to the Gazette, states that he is in good health and will have a good crop next fall from his fine orange grove near Winter Haven.

STOCK NOTES.

Mr. Albert Billet of Bury's Green has recently purchased from Mr. Wesley Reed of Burnt River the well known Clydesdale stallion "Prince Newbridge," (7242), who has a gilt-edge pedigree and is himself a first-class individual.

Mr. John Aldous has sold "Deputy" to Mr. John Fisk, of Verulam. Dr. Aldous has parted with the pacer "Jack" to Dr. Johnstone. "Jack" can step a good fast mile, and will be useful in hurry calls.

COMMUNICATIONS.

Editor Gazette—

Dear Sir:

Regarding the article "Give us a Bite" in your issue of the 29th ultimo, I wish to substantiate the views therein expressed, and from my own personal experience. Some three months ago, I received a parcel from England, for which postage, three shillings, or roughly seventy-five cents had been paid. I had the intention of remailing it to London, Ontario, and on finding its dimensions too big, I made it up into two parcels, but to my regret, found it would cost in postage \$2.35 for that hundred odd miles.

It is obvious that the community should receive some slight recognition from the postal authorities in the way of reduction in parcel post rates in the Dominion.

Should such reduction in postal charges for parcels be made a moderate sum per pound, or portion thereof, I am sure it would be welcomed by the populace, who, in these days, make good use of the post for the conveyance of parcels, and who would use it much more largely if the rate were more in harmony with other postal charges.

Trusting that ere long the new P. M. G. will remedy this long felt want for the Dominion's welfare, is the wish of Canada's subjects, including

Yours truly
Wm. H. Warwick.

Balsam Grove.

The Noble Outcast.

The drama entitled "The Noble Outcast" will be presented under the auspices of the Ladies' Aid of the Baptist Church in Dickson's hall, Fenelon Falls, on Friday, April 20th. In addition to local talent the cast includes Mr. Wes. Howie and Mr. Jack Perrin of Lindsay, who have previously taken principal parts in this splendid play. Mr. Merle Parrish will enliven the intermissions with entertaining character songs, Orchestra in attendance. Plan of hall at Vicars' Drug Store. Curtain rises at 8 o'clock. Admission, general 25c., reserved seats 35c.

MARRIED.

TAYLOR—YOUNG.—At the Baptist parsonage, Fenelon Falls, by the Rev. A. Cooke, on Wednesday, April 10th, 1912, Mr. Warren F. Taylor to Miss Ada M. Young, both of Burnt River.

DIED.

BRANDON.—In the Township of Verulam, on Monday, April 15th, 1912, Ray A. Brandon, aged 15 years, 10 months and 21 days.

DODD.—At Burnt River, on Thursday, April 11th, 1912, Hannah Suddaby, beloved wife of William Dodd, aged 74 years, 10 months and 21 days.

COAL IN NEW BRUNSWICK.

Not only has Sir Thomas Tait of Montreal secured control of several coal areas in Queen's County, New Brunswick, but English capitalists have also, according to latest reports, been busy securing options and it is expected that they will make a test to discover if there is not a deeper seam of coal than those at present being mined, which are all close to the surface and cover large areas. The possibilities of the district as an industrial centre are also being closely looked into.

SANITORIA AT WATROUS.

According to Mr. H. W. Boles, the president of the Board of Trade of Watrous, Sask., who is at present in the east, a German syndicate which is also largely interested in Carlsbad has applied for permission to pipe the medicinal waters of Lake Manitow into Watrous, and are already building to large sanatoria, one at the lake and the other in the town.

DIED IN PENITENTIARY.

John H. Staunton, the aged man from St. Catharines, known in the Niagara district as "the old telephone man," because of an apparatus he wore for defective hearing, died at the penitentiary. Staunton was recently sentenced by Judge Carman to five years for setting fire to a barn, although he dramatically protested his innocence.

Prince Rupert Editor waxes eloquent over his city.

Evidently a very healthy spirit of rivalry is growing up between Vancouver and Prince Rupert, it's ambitious young rival, as Pacific ports.

"Why can't the truth be told about Prince Rupert's climate?" plaintively inquires the "Weekly Empire" of that place. "If ever a city was maligned, misrepresented, and unfairly criticized from the standpoint of weather, that city is Prince Rupert. It's about time that facts were told. It's time that people were made aware that here is a city where the mellow richness of Indian Summer lingers till after mid-winter and where the summer months are unsurpassed for beauty and salubrity. Down in Vancouver it's a favorite and miserable sort of a jest to advise the traveller to Prince Rupert to be sure and take his mackintosh and rubbers. A thread-bare and hollow joke. The other way round would be more appropriate."
