

NO OPERATION WAS EVER NEEDED HERE

BECAUSE MRS. GOODINE USED DODD'S KIDNEY PILLS.

Doctor said she would have to undergo operation, but Dodd's Kidney Pills cured her.

Central Kingsclear, York Co., N. B., May 20 (Special).—"The doctor said I would have to undergo an operation." So said Mrs. J. V. Goodine, of this place. But she smiled as she made the remark, for all need of the dreaded operation had vanished. Mrs. Goodine used Dodd's Kidney Pills and is a well woman. Given in brief and in her own words, Mrs. Goodine's experience is as follows:

"I was very miserable with Kidney Disease and unable to do my own work. The doctor said I would have to undergo an operation. After using three boxes of Dodd's Kidney Pills I was all better and able to do my work. This statement is true, as you can easily prove by enquiring among my neighbors."

Dodd's Kidney Pills cure the Kidneys; cured kidneys strain all the poisons and other causes of disease out of the blood. Thus Dodd's Kidney Pills are a natural cure for all Kidney diseases and all ills caused by diseased kidneys.

GREAT SCHEME.

Knicker—So Jones has a great invention?

Bocker—Yes, an umbrella handle that retains the finger prints.

Away With Depression and Melancholy.—These two evils are the accompaniment of a disordered stomach and torpid liver and mean wretchedness to all whom they visit. The surest and speediest way to combat them is with Parmelee's Vegetable Pills, which will restore the healthful action of the stomach and bring relief. They have proved their usefulness in thousands of cases and will continue to give relief to the suffering who are wise enough to use them.

Five men's strength is equivalent to that of one average horse.

Ask for Minard's and take no other.

A USEFUL FOWL.

"Why don't you get rid of that hen? You say she never lays." "But she is an incessant cackler, and that keeps the other hens at a high mark."

Landlord—You owe me now for four months' rent, and the first three months you paid so promptly. Tenant—Yes, I know; I shouldn't have done it.

"So you want me to raise your salary?" said the stern employer. "Can you give me but two good reasons even why I should do so?" "Yes, sir," answered the meek employee sadly. "Twins!"

A GENEROUS PRINCE.

The big Empire fancy dress ball supper which was arranged to take place at the Savoy Hotel, London, on the 23rd of May, in aid of the Middlesex Hospital, was under the immediate patronage of Prince Alexander of Teck.

Prince Alexander is the third son of the late Duke of Teck, and has taken up the philanthropic work with which his lamented brother was so closely associated. He is deeply interested in the welfare of the Middlesex Hospital, and is ever ready to assist in charitable undertakings.

Prince Alexander served in the 7th Hussars, and saw war service

in Matabeleland and South Africa. On both occasions he was mentioned in despatches and was rewarded with the D.S.O. for gallantry displayed during the South African campaign. In 1904 he married the Princess of Albany, and the royal couple reside at Henry III. Tower, Windsor Castle.

Though only thirty-eight, Prince Alexander has crowded a deal into his life. He is a captain of the Royal Horse Guards, and a Knight of Justice of St. John of Jerusalem, and his amiable disposition has made him a great favorite.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

"How many kinds of flowers are there in the world?" "Really, I have no idea. Some day I'll get hold of my wife's spring hat and count 'em up."

Keep Minard's Liniment in the house.

"What will you women do with the vote when you get it?" asked the man sarcastically. "Well," replied the bright woman, "we'll try not to be too busy to go to the polls to use it."

HIS LIBRARY.

"What a splendid library you have?" "Yes, indeed," he said, proudly. "The collection of a lifetime, I presume." "Exactly." "Have you read everything in it?" "Well, hardly. I don't expect ever to read all the books I have." "You don't?" "No. You see, the books I read I keep upstairs in my den. These books are all volumes that some clever agent has succeeded in convincing me that I ought to read."

Since 1780 horse-racing has been held annually at Epsom, England.

HOW A BEAR FISHES.

A bear is about the last animal you would credit with being able to fish, but fish he does, and in it he displays an amount of patience and skill that is amazing. He will lie quite still upon an overhanging log or bank with paw uplifted and eyes attentively scanning the water. Salmon and trout are his chief delight, and should one come near enough to the surface he is snapped out on the bank with a flip and a twist, and vanishes in bruin's big maw.

A Simple and Cheap Medicine.—A simple, cheap and effective medicine is something to be desired. There is no medicine so effective a regulator of the digestive system as Parmelee's Vegetable Pills. They are simple, they are cheap, they can be got anywhere, and their beneficial action will prove their recommendation. They are the medicine of the poor man and those who wish to escape doctors' bills will do well in giving them a trial.

VALUATION.

"Politeness cost nothing," said the ready-made philosopher. "Yes," replied Mr. Growricher. "If it had a market value there would be more of it."

Minard's Liniment Co., Limited. Gents.—I have used your Minard's Liniment in my family and also in my stables for years and consider it the best medicine obtainable.

VERY MUCH ALIKE.

"Did you ever get a kiss by telephone?" "No, what's it like?" "It's like dreaming about something to eat when you go to bed hungry."

IN GOOD TRAINING.

"Nothing serious the matter with your father's lungs, is there Jerry?" "I should say not. He's been coughing for 37 years, and he can cough louder than ever."

A Ready Weapon Against Pain.—There is nothing equal to Dr. Thomas' Electric Oil when well rubbed in. It penetrates the tissues and pain disappears before it. There is no known preparation that will reach the spot quicker than this magic Oil. In consequence it ranks first among liniments now offered to the public and is accorded first place among all its competitors.
