

Every Line is Interesting.

The Weekly Globe and Canada Farmer has evidently found the secret of perpetual youth. After sixty-eight years of untiring faithful services devoted to the upbuilding, and shaping the fortunes and destiny of the Dominion, it still continues to set the pace in the field of weekly newspaperdom in Canada.

It has always aimed at the highest standards, and proven itself to be a most reliable national and home newspaper. The agricultural interests and general welfare of the nation has been and are still, in the broadest sense of the term, its chief concern.

In order to maintain this premier position and keep abreast of the phenomenal development and growth of Canada, The Weekly Globe and Canada Farmer has increased its facilities and perfected its mechanical equipment. Apparently nothing has been left undone to make every detail from the gathering of the news to the delivery of the paper to the reader complete. The Outlook (New York) was pleased to say in a recent issue, that it is one of the most complete newspaper plants on the continent.

The staff has also been increased that the improved facilities may be fully utilized. Full and accurate synopsis of the world's news written by trained men, who know how to say what is necessary in the fewest words; original and carefully edited articles; special contributions from leading writers. Miscellaneous reading of the very highest standard are features which make it the leader among Canadian Metropolitan Weeklies. Every department pulsates with vitality.

The four pages of bright pictures on calendar paper is in itself equal to fifty-two of the ordinary premiums given away each year by some papers.

Sample copies will be sent to any address.
