

The King of Ranges— "BUCK'S HAPPY THOUGHT"

One Hundred and Fifty Thousand Canadian Women have decided for

The "Happy Thought" Range.

Common Ranges were not good enough—why should they be for you?

Don't be imposed on by "just as good" talk. The construction of The "Happy Thought" is patented, its design registered, it is totally different in every respect to any other. There is none like it. There can be none so good. If you only knew the time, the trouble, the labor it would save you, how little fuel it uses, you would not be one single day without one.

SUFFERED

With Biliousness and Sick Headache.

Calgary, Alberta, July 8, 1911.

I was a great sufferer for a long time with Biliousness, Sick Headache and Liver trouble. Nothing seemed to do me any good. I had almost given up in despair when I decided to try

FIG PILLS.

After taking about half a box the headaches stopped and my appetite improved. I have just finished the fifth box and feel as well as ever. I can heartily recommend Fig Pills for stomach and liver troubles.

A Gigantic Corporation.

From the Toronto World.

The Canadian Pacific Railway Company, by its last annual report, discloses assets to the amount of \$628,199,545, and a surplus of \$72,885,966. That these are conservative estimates may be gathered from the fact that the gross receipts of the company for the year ending June 30 amounted to \$143,000,000. Of this sum the railway, steamship and other earnings of the company account for \$123,319,541, from which, after paying all operating expenses, fixed charges and dividends, there resulted a cash surplus of \$17,560,518. Sales of land brought into the coffers of the company \$10,710,143; dividends on investments, including stocks and bonds of other railway companies, yielded \$7,860,790. The company paid to its holders of common stock a dividend of 10 per cent. There can be little doubt but that the assets of the company are worth one billion dollars, and that its surplus is not less than \$300,000,000, largely made up of money in bank, government securities and other liquid assets.

This great corporation bestrides the country like a colossus. It is in the railway business, the steamship business and the hotel business, the express business, the telegraph business, the irrigation business and the business of colonization. It is said that one-twelfth of our population are directly or indirectly dependent upon the Canadian Pacific Railway Company for income, employment or subsistence.

The company received land grants and other grants from the government of Canada, under a contract by whose terms it was intended that the annual profits of the company over and above 10 per cent. of the cost of construction of the railway, should be devoted to improving the system and lowering its rates. The western people are complaining that the vast profits of the company are being invested for and distributed among its stockholders; that its freight service is inadequate and its freight rates extortionate and discriminatory.

The company has more money than it knows what to do with, and yet it is proposing to increase its capital, by issuing \$60,000,000 in new stock; thus adding \$6,000,000 per year to the burden laid upon those who must pay passenger and freight rates. No argument can change the essential fact that the stock will be worth in the market \$165,000,000, and that \$60,000,000 of this will go the shareholders as a rake-off or melon.

The company is not hard up; it does not have to stand a shave of 33 1/2 per cent. in order to raise ready money. It certainly will not suffer if the government does not act upon this application for permission to increase its capital, and until it has been referred to and discussed in parliament. We cannot agree with The Financial Post that this subject is "too high and sacred to be bandied about in public."

Help Local Fairs.

If half the money spent in travelling expenses and hotel bills by visitors from the rural sections of Ontario to the Toronto exhibition were handed over to the treasurers of the country fairs of the province, a tremendous improvement in the country fairs would be made possible. Nobody would exactly care to suggest, however, that people should stay away from the big fair in order to help the small one. We want them both. But it might not unreasonably be suggested that all those who for various reasons did not attend the Canadian National should contribute half of their estimated saving thereby to the local fair, and make it a point to adorn the fair with their personal presence. The home fair deserves a great deal more support than it receives. In some re-

spects it is ahead of the large exhibition at a distance. For one thing, a comparison of products raised under similar conditions of soil and weather is of more interest and value than a comparison of products grown at a long distance from each other. In the latter case whatever difference there is in excellence may be altogether due to uncontrollable climatic conditions. In the former, it is almost certain to be due to methods or management, which can be easily discussed at the local fair.

Everybody in this neighborhood should turn out and patronize the Fenelon Agricultural Society Fair, to be held next Tuesday and Wednesday, the 10th and 11th inst.

Personal

Mr. R. Cooper of Lindsay was a Labor Day visitor.

Mr. Wm. Wilson of Victoria Harbor was at the Falls over the holiday.

Mr. Thos. Mark of Peterborough visited his parents, Mr. and Mrs. E. Mark, this week.

Misses Bessie and Annie Nie have returned to their schools at Orillia and Fort William respectively.

Mrs. Burton of Lindsay is visiting her parents, Mr. and Mrs. E. Wilkinson, at the Falls.

Mr. and Mrs. Chas. A. Cooke of Weyburn, Sask., are visiting the latter's parents, Mr. and Mrs. Quigg.

McGee—Powles.

On Tuesday, the 27th inst., the home of Mr. and Mrs. Jas. Powles, of Fenelon, was the scene of a very happy event, when about sixty guests assembled to witness the marriage of their second daughter, Clara E., to Mr. Arnold W. McGee, eldest son of Mr. and Mrs. Robt. McGee of Fenelon Falls. The ceremony took place under a flower decked arch, on the lawn, their Pastor, Rev. Mr. Bedford, officiating. The bride, who was unattended, looked very sweet in her gown of cream voile, carrying an Empire shower of sweet peas and wearing a coronet of snow berries in her dark hair. Her sister, Miss Ruby, furnished the wedding music. The many gifts from friends present and absent testified to the popularity of the bride. Her travelling suit was of navy blue, with hat to match. On their return from their honeymoon they will make their home in Fenelon Falls.

Grand Concert Sept. 11.

At the concert to be given in Twomey's hall on the evening of the Fenelon Fair, Sept. 11th, Miss Florence McNeill, soprano, and Mr. Robert Wilson, entertainer, will supply the programme, assisted by the Fenelon Falls orchestra. Mr. Lloyd and Mr. Stauffer, whose names appear on bills sent out, had no engagement elsewhere for Sept. 11th, but found on investigation that they could not make train connections to reach here without interfering with their contracts for Sept. 10th and 12th.

Both Miss McNeill and Mr. Wilson are very highly recommended, and a good evening's entertainment may be depended on. The plan of hall is at Vicars' drug store. Tickets 25c., reserve 35c.
