**Powles' Corners.**

*Correspondence of the Gazette.*  
The temperance party have a hard battle to fight. They are on the right side. It is a lamentable fact that there are so many ministers of the gospel that don't take any decided stand, and the church members do not take the stand they should. During the last local option campaign in Fenelon Falls church members were asked, "How is the campaign progressing?" "Oh, I don't know anything about it." The prohibitionists are not having the smoothest of sailing or the liquor dealers either. Recently two dozen loaves of bread were shipped from North Bay to Poreline. Upon examination each loaf was found to contain a quart bottle of whiskey carefully concealed inside. It is preposterous to claim that prohibition does not prohibit, when it drives men to such schemes to obtain it.  
Fenelon Falls should have a fifteen cent store, so they can be in the swim with Lindsay and Peterborough.  
The Methodists here intend to have a free will offering on October the 20th and 21st. A programme will be commenced in due time.

**fares and midway fakirs.**

It has been reported around Fenelon Falls that the trustees of section No. 4 had relieved the caretaker of his duties and engaged another in his place. One trustee could not nor he has got the power if he was ever so willing.

The Hardy Brothers of Ops township made a short visit here with Mr. and Mrs. W. Gaspell.

Mr. N. C. Hart returned from Chicago last week and during his stay there was the guest of Mr. Geo. A. Powles and had the pleasure of lunching with Mr. W. E. Powles of the Union Stock Yards and Transit Co.

**J. C. Rockwell's Sunny South Co.**

Those of our citizens who patronize the theatre and others who want to see a good colored show, will be glad to hear that the J. C. Rockwell Sunny South Company, the colored show that made such an emphatic hit on their last appearance two seasons ago, will be the attraction at the Opera House, Fenelon Falls, Monday evening, Sept. 30th. There isn't much to say about this company, save that it is a good strong one, composed of twenty-five colored people, each and everyone an expert in speciality work, who do everything funny that darkies can do so well and keep the audience in a constant state of laughter and excitement from start to finish. On their former appearance our citizens liked it the best and patronized it the largest of any for many years. They say it is even better now. Every feature is new, modern, high-class, refined and up-to-the-minute. It is absolutely clean and during the entire performance there is nothing said nor done that will bring a blush to the brow of the most fastidious lady in the land. It is a musical performance, wedded to the most tuneful music one would care to listen to, full of ginger and life, with not a dull moment from start to finish. There is also plenty of fun in the performance in fact it was built for laughing purposes only and it is generally conceded to be one of the funniest shows since time began.

The organization is accompanied by a solo concert band and a superb orchestra. The band will head the Koontown parade, taking place at 4 p. m.

The prices of admission have been placed at 35 and 50 cents.

Seats are now selling at Vicars' Drug Store.

"It is certainly a good remedy," says the American Dispensary, one of the highest medical authorities, in speaking of Stone Root "for kidney and bladder diseases." Stone Root is the principal ingredient in Nyal's Stone Root Compound, which represents the full medical value of the drug combined scientifically with other time-timed remedies.  
Nyal's Stone Root Compound is not an accidental discovery—it is the result of expert scientific knowledge of kidney and bladder affections of all kinds yield to its curative power. It stimulates the kidneys to healthy action, aids in removing and prevents gravel formation and does for this part of the body what a good cleansing liver medicine does for the liver and bowels. Try it—it makes you feel better. Price 50c and \$1.00.

**It's But Seventy-five Years**

Since the first photographic portrait was made in America—a picture of Miss Dorothy Catherine Draper, made by her brother, Professor John William Draper, of the University of the City of New York. It took an exposure of five minutes in the fall glare of the noonday sun.

TO-DAY it takes but a fraction of a second, even in the softly modulated light of a studio. Clever photographers and fast lenses and plates have made having your picture taken a rather pleasant experience in these days.
