

Colonel Has No Use For Aeroplanes.

London, Sept. 25.—Hon. Col. Hughes, Canadian Minister of Militia, is having an exceptionally busy time during the last week of his stay. When he is at the Savoy Hotel, a half dozen callers besiege his rooms, the number of invitations received being overwhelming. The Colonel told the C.A.P. to-day that he had no use for military aeroplanes. "You'll get just as good results by climbing a mountain or a church steeple," he said.

At the Army Council dinner the other night all the Canadian officers in London attended. Col. Hughes responded to the toast to over-seas forces. Coventry and Newmarket have been visited earlier this week. On Sunday Col. Hughes visited Paris and yesterday he met several interested in the university interchange of students.

Fairbairn.

(Correspondence of the Gazette.)

The trustees of school section No. 12 have been successful in securing the services of Miss Fowler of Oakwood as teacher.

Mr. Wesley Dunn of Bobcaygeon is building a cement bridge over the creek on Concession No. 6, to replace the old cedar one which was considered unsafe for heavy loads.

Mrs. Richard Oliver of Little Britain spent a few days recently visiting friends in this place.

A number from here attended the Lindsay Central, and report a good time. Mr. Fred. Herchner, professional cheese maker, has again been successful in securing first prize on his cheese at the Lindsay Central.

Rural Mail is to be established in this vicinity, the first trip to be on Oct. 8th.

Auction Sale.

Mr. Thos. Cashore will sell for Mr. James G. Havery, on the east half of Lot 23, Concession 4, Fenelon, a number of horses, cattle, sheep and pigs, one cutter, and one rowboat. Sale on Thursday, Oct. 24th, at one o'clock, without reserve, as Mr. Havery is giving up farming. Twelve months credit.

CURLER'S MEETING.

The annual curler's meeting will be held at the McArthur House on Wednesday evening, Oct. 9th. A full attendance is requested.

Only a few days ago two men were arrested in Toronto for peddling whiskey. Both were fined \$100 and costs. We understood that whiskey peddling was restricted to prohibition territory, but evidently we were misinformed.—Christian Guardian.

RECORD HUSKERS

What Constitutes a Big Day's Work in the Corn Field

An Amherstburg despatch says: Since the publication of a story that a Kent County corn husker had established a record by husking 109 bushels in a day, there has been a good deal of discussion about what really constitutes a big day's work in the corn field. Though 50 to 75 bushels is considered a good day's work, day in and day out, there have been men who average 100 bushels. The story is told that James Mason, now at Alberta, was a great husker in his day, throwing out 140 bushels in ten hours. Robt. Clark, of Manitoba, son of the late Thomas Clark, of Colchester South, has a record of 111 bushels in nine hours, while Sol. Baltzer, Sylvester McLean, of the same township, and Albert Wilson, of Amherstburg, are all 100-bushel men, so it would seem that the Kent County man's 109 bushels wasn't such a big record after all.

A NOVEL CURE

Medical Man Effects Remarkable Cure of Dipsomania

A new and remarkable cure of dipsomania has just been effected by a medical man. The patient was an apparently hopeless case. His doctor prescribed a drug, to be taken in minute doses to begin with.

"It is a violent poison," the latter explained, "and can be absorbed only gradually. In time the system becomes inured to it. The drug must be mixed with your wine or spirits at the rate of one drop the first day, two the second, and so on until your system is able to assimilate a whole glass of it. The drug will discolor your wine."

The dipsomaniac dutifully did as he was told, increasing the dose very gradually. He noticed that, as the doctor had said, the color of his wine grew paler as he added more of the drug. He observed, also, that he became accustomed to drinking less and less wine as he increased the proportion of the drug. At last he drank with pleasure a glassful of the latter with only a dash of wine in it. He is now absolutely cured, and feels no craving whatever for wine or spirits. He went to thank his doctor, and said: "Now, doctor, tell me what that marvellous drug was which has made another man of me."

"Water!" said the doctor.

A WESTERN HIGHWAY

A beginning has been made to establish Manitoba's section of the proposed western highway, but beyond informal discussions of the project, little action has been taken. The idea is to construct a first-class roadway from the great lakes to the Pacific coast, and it is understood at Winnipeg that the scheme is already under way in Alberta and British Columbia. It is proposed to call a conference of various public bodies to push the scheme along.

MRS. WEIR, LINDSAY

45 William St. North, next to Fisher's Grocery.

"It is certainly a good remedy," says the American Dispensary, one of the highest medical authorities, in speaking of Stone Root "for kidney and bladder diseases." Stone Root is the principal ingredient in Nyal's Stone Root Compound, which represents the full medical value of the drug combined scientifically with other time-tired remedies.

Nyal's Stone Root Compound is not an accidental discovery—it is the result of expert scientific knowledge of kidney and bladder affections of all kinds yield to its curative power. It stimulates the kidneys to healthy action, aids in removing and prevents gravel formation and does for this part of the body what a good cleansing liver medicine does for the liver and bowels. Try it—it makes you feel better. Price 50c and \$1.00.

KODAK

It's But Seventy-five Years

Since the first photographic portrait was made in America—a picture of Miss Dorothy Catherine Draper, made by her brother, Professor John William Draper, of the University of the City of New York. It took an exposure of five minutes in the full glare of the noonday sun.

TO-DAY it takes but a fraction of a second, even in the softly modulated light of a studio. Clever photographers and fast lenses and plates have made having your picture taken a rather pleasant experience in these days.
