

Be a Weather Sharp

The following formula of weather signs has been found to give satisfaction:

1. When the temperature falls suddenly there is a storm forming south of you.
2. When the temperature rises suddenly there is a storm forming north of you.
3. The wind always blows from a region of fair weather towards a point where a storm is forming.
4. Cirrus clouds always move from a region where a storm is in progress, to one of fair weather.
5. Cumulus clouds always come from a region where a storm is forming.
6. When cirrus clouds are moving rapidly from the north or northeast, no matter how cold it is there will be rain within twenty-four hours.
7. When cirrus clouds are moving rapidly from south to southeast there will be a hall storm on the morrow, if it be in the summer, and if it be in the winter there will be snow.
8. The wind always blows about a storm in a circle; when it blows from the north, the heaviest rain is east of you; if it blows from the south the heaviest rain is west of you; if it blows from the east, the heaviest rain is south.
9. The wind never blows, even moderately, unless rain or snow is falling within a radius of 1000 miles.
10. Whenever heavy white frost occurs a storm is forming within 1000 miles north or northwest of you.

TO MOUNT AUTO TIRES

Screw Device Compresses Edges Till They Squeeze Into Rim

As any motorist will testify, a man should have the fingers of a blacksmith to put the average tire on a wheel. A Western man has designed the following means of mounting tires: An outer casing with a filler of yielding material sets in a beading that forces its edges together and com-

presses the filler. To compress these edges still farther than it would be possible to do by hand, even by a strong man, there is a small clamping device with a screw that tightens it up. In this way the lower edges of the tire can be compressed to a point where they will slide into the wheel-rim and the tire will be much firmer than it otherwise would be; or rather, a tire so firm that it could not be adjusted by hand can be put on in this manner.

25 Cents to Stop that Itch

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known

as D.D.D. Prescription. We do not know how long the D.D.D. Laboratories will continue the 25c. offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market in Canada on any special offers.

If you want relief to-night try a bottle at 25c. on our personal recommendation
