Doctor Said He Had Diabetes

podd's Kidney Pills Cleared Out Every Trace of It.

That's Why Mr. David Heon, of Nicolet Co., Quebec, Is Recommending the Great Canadian Kidney Remedy To His Neighbors.

St. Wenceslas, Nicolet Co., Que., Jan. 26 (Special).-"I started to take Dodd's Kidney Pills because the doctor told me I was threatened with diabetes. After taking ten boxes I was again examined by the doctor, and he told me that all trace of diabetes had disappeared."

This is the statement of Mr. David Heon, well known and highly respected here, and he is only one of many in this neighborhood who have found a new lease of life in the great Canadian Kidney remedy.

It is cures such as this that have given Dodd's Kidney Pills their reputation. They are now known from the Atlantic to the Pacific as the remedy that never fails to cure kidney disease, no matter where or in what form it is found.

Dodd's Kidney Pills are no cure- similar commission, in addition to all. They simply cure diseased The reason they cure kidneys. backache, dropsy, rheumatism, neuralgia, diabetes, urinary troubles and Bright's Disease is that all of these are either diseases of the kidneys or are caused by disordered kidneys failing to do their work.

A NEW CLYDE RECORD.

Astonishing Figures In Shipbuilding

still leads the world. In the year just ended it has far surpassed all its previous records of tonnage and horse power. The year 1912 was the best ever then known on the Clyde, but the year 1913 shows an increase of nearly 20 per cent. on the work of the previous twelve months, says the Glasgow Herald. The figures are astonishing. The Clyde yards have launched 374 vessels with a tonnage of 764,784 and an indicated horse power of 1,117,490. Our twenty miles of river have produced more than a third of the whole new tonnage of the world in that year. There are a lew yards in England and Germany that are larger than any to be seen on the Clyde, but we have a greater number of large and busy yards than the world. The Clyde -alone builds to us states: more ships than Germany, and probthat the Clyde's great industry has, in the year now closing, become greater still. The yards have built every kind of vessel, from H.M.S. Tiger down to a destroyer, from the Cunard Aquitania, largest of British vessels, down to whole fleets of fredgers and launches, and customers have come from every part of the world. It is, however, important to ever catch Edwin flirting?" note that a third of the vessels aunched, representing 70 per cent. of the tonnage, were screw steamers, and that most of these are cargo tramps, the unpretentious carriers of the bulk of the world's commerce. The Clyde profits much by its numerous orders for warships, but these, after all, form only a small part of the Clyde's work. Our shipbuilders depend mainly on the commercial shipowners, and the industry is solidly based on the requirements of trade, not of war. There is nothing abnormal in the year's output. Though it is by far the largest yet recorded it represents the cumulative efforts of the two generations of enterprise, skill, and hard work which have made the Clyde what it is.

WHITES POOR PEARL DIVERS.

Six Tried in Australia Died or Were Paralyzed.

Efforts have recently been made to employ white men as pearl divers off the coast of Australia, and legislation for the purpose has been adopted, in order to more fully open that industry to Europeans.

But it now appears that the experiment has been by no means satisfactory. A very interesting statement on this subject has recently been made by Captain Talboys, who has had wide experience of pearling on the Australian coast. He says emphatically that white divers are an impossibility.

He had hoped that the white man would have proved a successful diver, but he says that after a very lengthy experiment, the idea had been aban-

The divers, six or eight of them, who were brought to Australia by the master pearlers from Siebs, Gorman and Co. and Kenkie and Co., submarine engineers, about two years ago, were all either dead or paralyzed. In view of the further facts alleged, there appears to be no scope for white pearl divers in Australian waters. For, as the result of a year's diving, says Captain Talboys, the best returns of the white divers did not exceed a ton, while the average yield of an Asiatic's work was between four and five tons. Besides the Asiatic worked for \$10 to \$15 per month, plus a commission

AUTOMOBILES ON THE FARM.

Necessity on a Farm of Several Hundred Acres.

Besides making itself indispensable to the Canadian farmer's pleasure, the automobile is playing an intensely practical part in his work. A business farmer, owning several hundred acres, says that the only way by which a large farm may be successfully managed is to travel over it-continually, see that the men are doing the right work, and do less of it himself. By persistent touring of the farm its needs are recognized by him, and no intelligent farmer who sees his crops from day to day can fail to improve the methods of cultivation. Between January 1st and July 1st about 1,000 automobile licenses were issued in British Columbia. In Saskatchewan, to July 11th, about 1,730 had been issued. As automobiles are sold strictly on a cash basis these figures indicate, first, that the automobile is regarded as an asset by the business farmer and as a necessary part of the farm equipment, and, secondly, that the country districts are not suffering from financial stringency. Farms are commanding higher prices, the railroads are opening up new territory, and millions of acres are being brought under cultivation. These enormous changes, combined with good crops, have brought a feeling of security, and many farmers are following their neighbors' examples by purchasing automobiles for the farm.

Proved by the Proprietor.

Stranger (in a strange restaurant)-"Look here, waiter, I can't eat this stuff. Take it back and bring me something decent."

Waiter-"Sorry, but that's the est we can do. Stranger-"It is, eh? I'll show you. Where's the proprietor?"

Waiter-"Gone out to lunch." Looked Like Intended Suicide.

MONTHS STANDING

Cured by Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne

You know how hard it is to get rid of a cough that has hung on for even two weeks, let alone two months. So you will appreciate what Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne did for Mr. Patrick Holland, of East Baltic, P. E. I. He says:

"I suffered from a hacking cough for over two months. I tried several remedies, but they failed to cure me. At last I tried Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne, and got such relief that I tried more, and after using three bottles was absolutely cured." The unique, scientific combination of

three such reliable remedies makes Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne the best preparation that that has ever been offered for all sorts of coids and coughs. Get a 25c or 50c bottle from your Druggist and see for yourself how effective it is. National send us his name. Drug and Chemical Co. of Canada, SULPHUR PRODUCTS

On Hands and Arms. Broke Out In Fine Rash. Had to Give Up Work. Could Not Rest. Cuticura Soap and Ointment Cured.

Lombardy, Ont. - "I had been suffering for two years with eczema on my hands and arms. At first my hand broke out in a find rash with a burning and itching that was hard to bear. The itching and burning were so had I had to scratch till my hands and arms bled and

were so sore I could not

stand to put them in

water. I also had to give up my work. Then it spread all over my arms. I could not rest at night as the bed clothes would irritate the eruption every time I would stir or move my hands.

"I tried two treatments giving each a fair trial but they failed to cure me. Then I saw the advertisement in the paper about Outleura Soap and Ointment so I sent for a sample and I began to use them with very little faith, but to my surprise I found relief from the very first. I washed my hands in warm water with Cuticura Soap and dried them with a soft cloth, then I put the Cuticura Cintment on and bandaged them with soft cloth. I used two boxes of the Cuticura Ointment with the Cuticura Boap and used them steady for two months and they entirely cured me." (Signed) Mrs. Helena E. McCall, May 17, 1913.

A single cake of Outicura Soap and box of Cuticura Cintment are often sufficient when all else has failed. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.
