

## She Has the Very Best of Reasons

Why This Manitoba Lady Recommends Dodd's Kidney Pills.

Mrs. Bourbonniere had many troubles, all of which were caused by Sick Kidneys, and she found a simple and complete cure.

St. Rose du Lac, Man., Apr. 20th (Special).—Mrs. D. J. Bourbonniere, an estimable lady of this place, is losing no opportunity to praise Dodd's Kidney Pills to her friends. And she has a reason. Here it is in her own words.

"I suffered very much from my kidneys," Mrs. Bourbonniere says. "I was tired and nervous and my memory was failing. I had heart flutterings, my back was sore and I was troubled with headaches. Rheumatism was finally added to my sufferings and I was in a bad way indeed.

"I tried one medicine, but it did me no good, and then I was advised to try Dodd's Kidney Pills. I am very glad that I did, for now after taking four boxes I am a well woman again."

Dodd's Kidney Pills cured Mrs. Bourbonniere because all her troubles came from sick kidneys. Sick kidneys cannot do their work of straining the impurities out of the blood, and the result is sickness, depression and lassitude all over the body. Dodd's Kidney Pills cured the kidneys: the purified blood did the rest.

## BRITAIN'S PLACE ON THE SEA.

Comparative Naval Standing of the European Powers.

The annual statement of the numerical strength of the navies of Great Britain and foreign countries commonly known as the "Dickinson return," has been issued in the form of a parliamentary "white paper." The return shows all battleships, battle cruisers and cruisers of each navy which have been launched since Dec. 31, 1893. In the case of other classes, all vessels are shown which still retain their armaments and are not for sale.

The following comparisons show the relative positions of the great powers of Europe in respect to ships built and ships building:

Vessels already built—Battleships: Great Britain 58; Germany 35; France 21; Austria 14; Italy 9; Russia 8.

Cruisers: Great Britain 47; France 24; Russia 12; Germany 9; Italy 9; Austria 9.

Light cruisers: Great Britain 65; Germany 43; Italy 14; Austria 9; France 8; Russia 2.

Torpedo vessels: Great Britain 25; Austria 11; Italy 3; France 3; Russia 0; Germany 0.

Torpedo boat destroyers: Great Britain 201; Germany 132; Russia 95; France 80; Italy 30; Austria 15.

Torpedo boats: Great Britain

170; France 153; Italy 94; Germany 80; Austria 58; Russia 25.

Submarines: Great Britain 69; France 50; Russia 25; Germany 24; Italy 18; Austria 6.

Vessels now building—Battleships: Great Britain 14; France 10; Russia 7; Germany 6; Italy 5; Austria 2.

Light Cruisers: Great Britain 20; Russia 8; Germany 6; Italy 4; Austria 3; France 0.

Torpedo vessels: Great Britain 1; other powers 0.

Torpedo boat destroyers: Great Britain 36; Russia 45; Italy 16; Germany 12; France 7; Austria 3.

Torpedo boats: Austria 27; Italy 1; other powers 0.

Submarines: Great Britain 29; France 26; Russia 18; Germany 14; Austria 5; Italy 2.

A comparison with the figures of the next strongest naval power shows that of battleships Britain has 58 to 35 built and 14 to 6 building, while of cruisers she has 47 to 9.

## Hospitals of Olden Time.

Hospital patients of to-day are better off than their ancestors of "the good old times." Mr. Wheatley in his book on "London," quotes from a Scottish act of parliament of 1386 to the effect that "if any man brings to the market corrupt swine or salmon to be sold, they shall be taken by the baillie, and incontinent, without any question, shall be sent to the leper folke"; and if there be no lepers then only "shall they be destroyed utterly." The same pleasant custom obtained in Oxford in the fifteenth century, where all putrid meat and fish were by statute sent to St. John's hospital.

## DON'T USE THE KNIFE

That's the barbarous way of treating corns—dangerous too—any corn can be removed painlessly by Putnam's Painless Corn Extractor in twenty-four hours. Use only Putnam's Extractor, 25c. at all dealers.

Ever notice how much easier it is to buy experience than it is to sell it?

## RABBITS RAVAGE FORESTS.

Thousands of Trees Killed in the West.

At a recent conference of Forestry Branch officials at Ottawa, the inspectors of Dominion Forest Reserves unanimously agreed that thousands of acres of young trees on these reserves have been destroyed by rabbits in the last couple of years. The bark of poplar, jack pine and spruce seems to be equally acceptable to these rodents, and in many places so completely have the trees been stripped of bark at the base of the trunks that they have the appearance of a white-washed forest. Especially do the rabbits like the young tender tree-seedlings in the forest reserve nurseries, and in one instance some thousands of green ash transplants were entirely consumed in one night.

It is hard to realize the great numbers of these rabbits in the West in some seasons, yet the rapidity with which they increase seems, strangely, to be one of the reasons for their periodic decline in numbers, for the western Indians state that the disease which almost exterminates them carry seven years or so is due primarily to starvation through lack of sufficient food.

The Australians were put to the necessity of building a wire fence almost across their continent to protect their crops from the rabbit plague there. The Forestry Branch has a similar problem in protecting the forest crops in the West from devastation. It was once proposed to put a little wire fence around each tree planted, but a forest is not an orchard, and some more practicable preventive will have to be found for the annual destruction caused by rabbits on the thirty-six thousand square miles contained in Dominion Forest Reserves.

## RINGWORM ABOUT CHILD'S HEAD

In Several Places, Blister Raised Up, Swollen and Scaly, Hair Fell Out. Cuticura Soap and Ointment Cured in Four Weeks.

Lorne, Que.—"My little son, aged nine years, was afflicted with ringworm in several places about his head. The ringworm began with a few pimples and as it grew worse it was one dark colored blister raised up and swelled. It was kind of scaly. The worst place was behind his right ear. It was about the size of a silver dollar, dark and swelled, the worst kind I ever saw. It used to pain so he could not rest. It looked very badly. His hair fell out gradually.

"Finally I sent for a sample of Cuticura Soap and Ointment. I used to take real hot water and the Cuticura Soap and that used to clean it off. Then I would put the Cuticura Ointment on the affected part. There was pus in the sores and the Cuticura Ointment drew that out and healed at the same time. We saw the Cuticura Soap and Ointment were very good so I got some more and it was four weeks from the time I started using the Cuticura Soap and Ointment till he was completely cured." (Signed) Mrs. Thos. Bagley, May 26, 1913.

## A WORKMAN HERO.

His Presence of Mind Saved His Mate From Being Killed.

While a building was in course of demolition at Newton Row, Birmingham, England, part of the upper floor gave way. One man, luckily, got clear, but two failed to escape, and one of them stood over the kneeling form of the other and supported as much of the huge mass of masonry as he could from falling on to him. If he had not had the presence of mind to do this his mate would have been killed at once.

Thus, with this stupendous weight on his shoulders, with blood trickling into his eyes from a severe wound on the forehead, the brave man grasped the window-sill with his hands and waited assistance. This was some time coming, for the work of rescue was difficult and dangerous, and there was also the danger of the hero giving way under the terrible strain.

But eventually he was released, and directly the rescuers freed him he fainted from sheer exhaustion, and an examination revealed, not only his head wound, but a dislocated collar-bone.

## Liquid Cough Mixtures Can't Cure Bronchitis

But the Healing Fumes of Catarrh-ozone, Which are Breathed to the Furthest Recesses of the Bronchial Tubes, Being Quick Relief and Sure Cure.

Every sufferer from coughs, colds, bronchitis and all throat and chest ailments needs a soothing, healing medicine which goes direct to the breathing organs in the chest and lungs, attacks the trouble at the source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is "Catarrh-ozone."

The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas with a syrup the affected parts could not be reached, and harm would result through benumbing the stomach with drugs.

"I have been a chronic sufferer from Catarrh in the nose and throat for over eight years. I think I have spent four hundred dollars trying to get relief. I have spent but six dollars on Catarrh-ozone, and have been completely cured, and, in fact, have been well for some time. Catarrh-ozone is the only medicine I have been able to find that would not only give temporary relief, but will always cure permanently. Yours sincerely (Signed), WILLIAM RAGAN, Brockville, Ont."

For absolute, permanent cure use Catarrh-ozone. Two months' outfit costs \$1.00; smaller size, 50c., at all dealers, or the Catarrh-ozone Company, Buffalo, N.Y., and Kingston, Canada.

## STORY OF KILKENNY CATS.

Barbarous Act of Cruelty of Hessian Soldiers.

During the rebellion which occurred in Ireland in 1797 Kilkenny was garrisoned by a regiment of Hessian soldiers, whose custom it was to tie together in one of their barracks two cats by their respective tails, and then throw them face to face across a line generally used for drying clothes. The cats naturally became infuriated, and scratched each in the abdomen until death ensued to one or both of them. The officers were made acquainted with the barbarous acts of cruelty, and resolved to speedily put an end to them. For this purpose an officer was ordered to inspect each barracks room daily and to report its state. The soldiers, determined not to lose the daily torture of the cats, generally employed one of their comrades to watch the approach of the officer. On one occasion he neglected his duty, and the officer was heard ascending the stairs while the cats were undergoing their customary torture. One of the troopers seized a sword from the arm rack, and with a single blow divided the tails of the cats. The cats escaped through the open windows of the room, which was entered instantly afterwards by the officer, who inquired what was the cause of the two bleeding cats' tails being suspended on the line, and was told in reply that "two cats had been fighting in the room, that it was found impossible to separate them, and they fought so desperately that they had devoured each other up with the exception of their two tails."

## Death Nearly Claimed New Brunswick Lady

Was Restored to Her Anxious Family When Hope Had Gone.

St. John, N.B., Dec. 15th.—At one time it was feared that Mrs. J. Grant, of 3 White St., would succumb to the deadly ravages of advanced kidney trouble. "My first attacks of backache and kidney trouble began years ago. For six years that dull gnawing pain has been present. When I exerted myself it was terribly intensified. If I caught cold the pain was unendurable. I used most everything, but nothing gave that certain grateful relief that came from Dr. Hamilton's Pills of Mandrake and Butternut. Instead of being bowed down with pain, to-day I am strong, enjoy splendid appetite, sleep soundly. Lost properties have been instilled into my blood—cheeks are rosy with color, and I think that day that I heard of so grand a medicine as Dr. Hamilton's Pills."

Every woman should use these pills regularly because good health pays, and it's good, vigorous health that comes to all who use Dr. Hamilton's Mandrake and Butternut Pills.
