

His Twin Brother Told Him The Cure

WHY J. C. MAPP PRAISES
DODD'S KIDNEY PILLS.

He Suffered from Kidney Disease, Lumbago and Rheumatism for Five Years—Now He Is a Well Man Again.

Boileau P. O., Ponsonby, Que., Apr. 27th (Special).—J. C. Mapp, a well-known farmer living near here, who suffered from Kidney Disease for five years, is once more a well man, and in a statement given to the press he give all the credit for his cure to Dodd's Kidney Pills.

"My trouble started with a cold about five years ago," Mr. Mapp states, "and developed into lumbago and rheumatism. I had a bitter taste in my mouth in the mornings and I was terribly nervous. I was depressed and low spirited and found it difficult to collect my thoughts, while at times I was troubled with stiffness in the joints. My appetite was fitful, and I had heart flutterings that added to my fears. My twin brother, who had used Dodd's Kidney Pills and got great benefit from them, advised me to use them. The first two boxes did me so much good that I got two more, and they completed my cure. Dodd's Kidney Pills are the right remedy for Kidney trouble."

Every person who has two or more of Mr. Mapp's symptoms has sick Kidneys. The right remedy for sick Kidneys is Dodd's Kidney Pills. If you don't know it out of your own experience, ask your neighbors.

ARE YOU EASY TO LIVE WITH?

People Insist on Having Their Own Way Too Much.

The fact that a man or woman is easy to live with does not indicate without question that he or she is in possession of all the virtues in the calendar, but it is pretty safe wagering that the one who is hard to live with has a few vices, and rather serious ones, too. Of course we know there are some people who are very hard to get along with, who claim that the reason is that they are uncompromising in their principles. Folk do not get along with them because these same folk are too easy-going and slipshod. But that explanation has very seldom seemed convincing. Not always, perhaps, but certainly as a rule, it is an attempt to whitewash over a contemptible vice into the semblance of a respectable virtue.

Unless you are a great exception to the rule, and the chances are that you are not, you are hard to get along with because you insist on having your own way, and give too little consideration to other people. And that attitude toward life in general is not a virtuous one by any means. Of course every one should be unyielding when it comes to a matter of principle, but there is a vast difference between standing up for a principle and just standing up for having your own way.

We are told of a certain woman who made it the sum of all her praying for herself that she might be made easy to live with. Perhaps she did not go far enough in her praying, but just the same if that prayer was answered for every one there would be a great many cranks made over into something useful, and this would be a vastly pleasanter place to live in.

When a Woman Suffers With Chronic Backache

There is Trouble Ahead.

Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion.

In the stores, factories, and on a farm are weak, ailing women, dragged down with torturing backache and bearing down pains.

Such suffering isn't natural, but it's dangerous, because due to diseased kidneys.

The dizziness, insomnia, deranged menses and other symptoms of kidney complaint can't cure themselves, they require the assistance of Dr. Hamilton's Pills which go direct to the seat of the trouble.

To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr. Hamilton's Pills. For all womanly irregularities their merit is well known.

Because of their mild, soothing, and healing effect, Dr. Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25 cents per box at all dealers. Refuse any substitute for Dr. Hamilton's Pills of Mantra and Butternut.

A GREAT TUNNEL.

The C.P.R. Is Spending Millions in British Columbia.

Advices received at Canadian Pacific headquarters indicate that the work of the great tunnel in the West is proceeding rapidly. Eleven hundred feet on the east side have been driven, about 50 per cent. of the approach has been cut on the west end. Mr. J. G. Sullivan, who is the chief engineer for the West, and who goes about planning for work and seeing that when planned it is efficiently carried out, has just returned from a visit to the tunnel, which he states is being proceeded with in a most vigorous and successful manner. Mr. Sullivan states that this programme will mean, for the year, at least, \$30,000,000 of outlay. A great part of this money will be spent in British Columbia on the double-track work; but there are also about 60 miles of new line to be laid on the prairie. Rails and ties will be a big item; the work on the tunnel will call for large outlays; while the double-tracking always postulates big disbursements. All this work, as Mr. Sullivan points out, is part of the old programme—if it can be called old. It was provided for last year. It is part of a great plan which is to be gradually realized, from year to year, until it is all complete—a plan which contemplates the entire double-tracking of the entire system. This alone would take years and many millions of dollars. The work, however, will be prosecuted with steady perseverance.

When realized, it will be the biggest undertaking of modern times. The Canadian Pacific has spent before now, from \$50,000,000 to \$100,000,000 in the West in a single season. It has moderated its outlay this year, for 1914 will not be a year of thrills.

It is not without interest to know that Mr. J. G. Sullivan was the first assistant engineer to Mr. Stevens when the latter was in charge of the Panama Canal before the advent of Colonel Goethals. Quite a number of important railway men were at

Ladies Live Longer.

Shall we ever revert to the days when men and women lived to well over five score years? It is possible. Doctors of to-day have already realized that, thanks to a better knowledge of sanitation and hygiene, people are living much longer than formerly. Quite recently the London Times recorded the death of ten octogenarians in one day, seven being women. An eminent physician says that "the essential cause of death is a wearing out from overwork of our brain cells. Women may be just as brainy as men, but they do not work their brain cells as vigorously or as continuously as do their male relatives. If they did there would not be so great a disparity in the length of life of the two sexes."

CHINESE DINNERS.

Paris Craves for Puppies Boiled in Oil and Shark's Fins.

The latest product of the Parisian craving for the bizarre is to dine a la chinoise.

Gay citizens love experimenting with freak dishes. Every year a new delicacy makes its appearance with the approach of Christmas to grace the table at epicurean Revillon parties. Panther steaks, camel cutlets and roast boa-constrictor have had their vogue in past years, and though it rarely happens that these delicacies are appreciated by those who are able and willing to pay for them, such a dish is regarded now as a gastronomic necessity at the festive season.

Then there is the annual luncheon of the Paris Zoological Society, where the preparation of the bill of fare must require a very fertile imagination, and the meal itself a specially adapted palate and the digestion of an ostrich. Roast armadillo and Chinese rice wines were the mainstay of the last luncheon, and the event always furnishes the newspapers with plentiful "copy."

The latest culinary extravagance is a dinner consisting entirely of dishes eaten in the Flowery East. Puppies boiled in oil, sharks' fins, and swallows' nests do not figure on the menu, however, for, according to latest reports, such delicacies are no longer favored by the Celestial aristocracy. The real Chinese cuisine is distinguished by its "discretion." According to a prominent Paris chef, it is "delicately strange," instead of being barbaric and absurd. It resembles somewhat Italian fare, but without its heaviness.

Nerviline Ends Neuralgia, Brings Relief Instantly

No Remedy Like Old "Nerviline" to Cure Pain or Soreness.

That terrible ache—how you fairly reel with it—that stabbing, burning neuralgia—what misery it causes. Never mind, you don't have to suffer—use Nerviline, it's a sure cure. Not an experiment, because nearly forty years of wonderful success has made a name for Nerviline among the people of many different nations. "There is nothing speedier to end Neuralgic headache than old-time 'Nerviline,'" writes Mr. G. C. Dalgleish, from Evanston. "It is so powerful and penetrating that it seems to eat up any pain in a minute. My family couldn't get along without Nerviline. We always keep the 50c. family size bottle handy on the shelf, and use it to end chest colds, sore throat, coughs, earache, toothache and pain in the back. My wife swears by Nerviline. For cramps its effect is astonishing and we believe it is better and speedier than any other household family remedy."

"So Paddy's still on strike?"
"Yes. First he struck work, then he struck the boss, then a 'copper,' and now he's striking lumps of stone in jail."
