

HONEY STATISTICS

Living Conditions Favorable For Busy Workers and Food Plentiful

For the purposes of reporting on the condition of bees in Ontario and the honey crop prospects blanks are sent to a large number of beekeepers by the Department of Agriculture. One thousand replies are received, on an average, from which reports are summarized.

The total number of colonies reported according to last figures is about 41,318, being an average of 32 colonies, spring count, for each beekeeper reporting. The winter loss is about 7½ per cent. What losses there are during the winter are principally due to starvation caused by lack of sufficient feed in the hives.

So far as the condition of bees is concerned, the prospects for a good honey crop this year are very good, but clover is only in a fair condition, having been very much injured in many localities by unfavorable weather conditions.

MRS. JEAN KANE FOULKE

Mrs. Jean Kane Foulke is Pennsylvania's woman farm adviser. A part of her duty is to talk to and with farmers' wives for their own welfare and interest.

"Any woman on a farm," says Mrs. Foulke, "be it wife, mother, sister or housekeeper, ought to know all the business that is going on around the farm. Too often I find they do not know. My idea is that every woman ought to know how to run her husband's farm. Then, if he dies, and she is left with children, she can bring them up. As it is, generally, she has to sell out and go to some city, where nearly everybody in the family almost starves."

POPULAR FILM ACTOR

Eddie Lyons is a household word in the homes of picture show patrons. He's a happy young chap who can turn his personality into all sorts of twists in order to picture "somebody else" on the screen.

Lyons is usually cast for comedy, probably because he has a perfectly serious-looking face. Anyway he is very clever at comedy roles. He is often seen with Lee Moran and Victoria Forde, Stella Adams and the rest of the Nestor comedy company.

It is wonderful what a little money spent in paint, and a little time in applying it, will do in the way of improvement around your home.

Worn floors can be made to look bright and fresh—dingy furniture made as good as new—cupboards and shelves made clean and sanitary—dull woodwork and doors, bright and clean—and the walls instead of being covered with faded, dust-collecting wall paper or streaky and shabby kalsomine, can be made artistic and sanitary. Here are the special Sherwin-Williams products that will do all this for you at small expense.

For your floors use S-W Inside Floor Paint for a durable painted finish, or S-W Floorlac for an attractive finish imitating all the popular hardwoods such as Oak, Mahogany, etc.

Refinish your furniture with a coat of S-W Varnish Stain, a combination of a permanent pigment stain and a durable varnish, which renews the old furniture in such colors as Mahogany, Oak, Rosewood, Walnut, etc. S-W Floorlac can also be used for the same purpose.

Cupboards, shelves, painted baseboards, doors, and wainscoting can all be finished handily with S-W Family Paint, a durable oil paint made in twenty-one attractive colors, easy to keep clean.

The best finish for walls is Sherwin-Williams Flat-tone, a durable oil paint that dries with a soft, velvety flat effect. It is made in 24 colors that are the choice of expert decorators. It is very durable and will last for years and can be washed with soap and water, without injury.
