### Birmingham Bombmakers.

LONDON, Jan. 8.—The police raided a socialist club at Walsall, near Birmingham, yesterday, and discovered a dynamite bomb factory there. Dacken, the leader of the club; a clerk; Frederick Charles, a moulder, and Cailles' wife were arrested. Documents were found showing the extent and objects of the conspiracy, and also half finished bombs with destructible explosives. Dacken was the agent of anarchists on the continent, and several crown heads would have been in danger had the conspiracy gone unprotected. It is also reported that Dacken intended the bombs for use in extorting money from rich men, to be devoted to the advancement of anarchy, and Charles was led into the plot by the promise of a rich reward from the blackmail thus to be obtained. It is said the bomb manufacturers received frequent remittances of money from America.

Cailles has been identified as a man who is wanted in France on a charge of intending to commit murder.

The Walsall Club has been the centre of the anarchist propaganda for several years throughout the Midland counties. Of the many lecturers who explained

anarchistic doctrines to the club, Prince Kropotkin, the well-known Russian agitator, was the favorite.

A firm of ironfounders have informed the authorities that in November they were offered extensive orders for hollow castings similar to a bomb which was produced by the chief constable in court today.

Among the articles seized by the police in Walsall is an abundant supply of anarchist pamphlets teaching the manufacture of explosives, besides a quantity of material for bombs and bolts.

### DELIBERATELY PLANNED.

The examination of workmen at Dublin Castle with reference to the recent explosion was without result beyond the discharge of suspects. The official report concludes with a distinct affirmation that the explosion was planned and that the plotters aimed to blow down the walls supporting the council chamber. The explosion was timed for 2 o'clock. The council convened at 1.30 but was postponed at last moment in order to enable Lord Zetland to attend a Xmas fete at the poor house. The explosive was ignorantly handled and took a wrong direction. The enquiry left no doubt that the conspirators were in intimate touch with the life and work of the Castle. Lord Zetland and his wife are thoroughly scared and the double chain of guards and military detectives has been renewed around the vice regal lodge.

### LINDEN VALLEY.

Special to the WATCHMAN.

The Mariposa Grange, No. 380, held their annual social on the evening of the 7th of Jan. A bountiful tea provided by the ladies, and a well arranged program, consisting of songs, recitations, readings and speeches were the principal features of the evening. A very pleasant time was spent. The officers elected for the Temperance Society for the quarter beginning Jan. 1st, are: Pres., Bro. John Horn; Sec., Sister A. Rogers; Treas., Sister E. Weldon; Fin., Bro. H. Rogers; Chap., Bro. S. McElroy; Mar. Bro. R. Weldon; Guard, Bro. J. Jewell

Three Theatre Companies in a Dismal Tragedy.

CRAWFORDSVILLE, Ind., Jan. 11.—Between 2 and 3 o'clock this afternoon the northbound Monon train ran off the track about two miles north of here at Nicholson crossing. The accident occurred on a 50 foot embankment, down which four cars rolled, the engine and one baggage car keeping the track. The trouble is supposed to be due to a broken rail.

The first passenger coach rolled over three times. It was full of passengers and caught fire from the stove, but all occupants escaped alive. The baggage and express car went over, but no one in it was

seriously hurt. The ladies' coach was literally torn to pieces, as was also the parlor car. Here was the greatest damage.

There was hardly a passenger on the train who escaped injury. Help was soon at hand, and in a few moments the roadway was full of the maimed on their way to the town. There were three theatrical troupes on board, one of which was the City Club Burlesque Company, and was completely broken up, nearly every member sustaining serious injuries.

### Gruesome Discovery at the London Tower.

LONDON, Jan. 11.—The ground which the Second Battalion Grenadier Guards made use of for parade at the tower is understood to be the site of an ancient burying place. The excavations therefore which are being at present carried on for the purpose of improving the drainage are being made under the most careful supervision. The contractors are forbidden to dig up more than three feet broad at a time, though in depth they may go to some 10 feet, so as to disturb as little as possible the remains that may be beneath the surface. Whilst excavations were being made at the foot of the south wall of St. Peter's Chapel a leaden coffin was exposed to view. This on being opened was found to contain the body of a man in an excellent state of preservation. Decomposition had not set in. The features were plainly distinguishable, and the head was thickly covered with dark brown hair, which was undiseveled, and evidently in the state in which it was arranged at the time of sepulture. The remains were those of a man of over six feet in height and well proportioned. He must have been of some distinction, otherwise the body would not have been placed in a leaden coffin.

The startling intelligence has been received in San Antonio, Texas, that an uprising has taken place in several States in Mexico, and that the malcontents are flocking to Gen. Garza.
