Town and County

Sciatica
can be cured—if you don't believe it ask John Ashmore of Emily. A. HIGINBOTHAM.—1-3.

Still They Come.
Five or six former residents of Peterboro, who were employed on the waterworks here during the summer, have become permanent residents of Lindsay and have moved their families here.

Another.
Lindsay is rapidly coming to the front as a business centre and merchants from other places are casting envious eyes in this direction. On Saturday a grocery and liquor dealer from a neighboring town was here looking over the ground and if the circumstances suitable arrangements, our business houses will be increased by one, with the beginning of the license year.

The Loyalists.
Among the survivors of the loyalists, who took part in suppressing the rebellion of 1837, residing in this vicinity, are Messrs. John Rea, Sr., con. 11 lot 6 Ops; Thos. Laidley, con. 14 Manvers; Isaac Rea, Sr., Lindsay; Thos. Rowan, Sr., Omemee; Jos. Loves, Sr., Emily. According to recent advices from England, the British Government is considering the claims of the old ex-warriors, for compensation for the active part they took in the stirring events of that time.

A Toss.
On Sunday afternoon Masters Robert and Thomas Spratt, the juvenile sons of Mr. Richard Spratt, were driving on Kent street. When in front of the Simpson House, the horse shied, got beyond control of the boys, and ran away. After some pretty lively travelling, passing through a ditch, and over a high sidewalk, the "V" near Mr. Howe's stopped further doings. The horse had one of his legs cut, the shafts of the cutter were broken and the boys escaped uninjured bodily, but badly frightened.

Badly Burned.
A moulder named Wm. Mercer, employed at the Sylvester works, had a close call on Friday. He was conveying a ladle of molten metal, when he slipped over a flask and fell, throwing the red hot iron on his hips, side and shoulder. A very painful burn was the result. He had a very narrow escape from a horrible death. Medical assistance was at once procured and the sufferer was removed to his boarding house on William street. He was able on Tuesday to visit the works and expects to be all right in a short time.

Runaway.
Mr. R. Oryell and wife had a rather startling experience on Saturday, but fortunately the result was satisfactory as far as our friend the tonsorial artist and his better half were concerned. They were returning from Oakwood, and when about half way home the horse got unmanageable and started for Lindsay at a Blackstone gait. Robert pretends to be somewhat of a driver and finding it impossible to turn his livered steed into the fence, kept the road, warning approaching teams of his rapid coming, by shouting aloud. He had one close call with a heavily laden vehicle, but good generalship prevailed, and a farmer's yard proved a haven of rest and security. A slightly cut horse soon after reached town. Bob is now open to receive offers from owners of trotters who are looking for an A No. 1 driver.

District News.
A large amount of district laws will be found on the sixth page of this issue.

Men's outh.
are far apart, so are the cases of Sciatica, Rheumatism, Neuralgia, etc. that can't be cured with HIGINBOTHAM'S cure.—1-3.

Held Over.
Owing to the great press on our columns, much interesting local matter has been held over, this week, as are several communications and news-letters.

The Coming 12th.
Some of the leading orangers in this district have taken time by the forelock and are negotiating with the lodges of the neighboring towns and counties to hold a monster celebration here on the coming 12th of July. Lindsay can stand any number of such days. Let the good work go on.

Caught in a Shaft.
Dr. Clark had a caller at an early hour on Tuesday morning, in the person of Mr. James Herbert, of Reaboro, who while thrashing at Mr. Dowler's, a few miles east of Lindsay, was so unfortunate as to get his right foot jammed by the couplings of the shafting of a horse power. His pants, boot and overshoe and some flesh were torn. The Doctor skillfully dressed the wound, and nothing of a serious nature is anticipated.

Central Charity Committee.
The annual meeting of the Central Charity Committee was held last Friday evening. D. J. McIntyre, Esq., was elected president by acclamation, and Mrs. Trew dispenser for the south ward, Mrs. Weldon for the north ward, and Mrs. Arnot for the east ward. A statement of receipts and disbursements, amounting to \$763.66, was submitted. The meeting adjourned to Friday, January 20th.

Are You Insured.
Mr. T. A. Middleton, the pushing head agent for this district of the Ontario Mutual Life Assurance Company has removed his office to the commodious and convenient premises over Goodwin's store, Kent-st. The offices are admirably adapted for their purpose and are among the finest in the district. Mr. Middleton, his son, Herbert A., and Mr. Chas. H. Beggs make a strong combination, and push and pluck are the watch-words of the staff. Over \$800,000, of which amount about \$300,000 is carried in the town of Lindsay, has been written up by this firm for the Ontario Mutual, a fact not to be wondered at when the standing of the company is considered. 1892 was the most prosperous in their history, and the death losses were \$45,000 under the expectations, clearly showing the great care exercised in selecting risks, and inspiring the members with great confidence in the management, which is certainly in the hands of capable men. While his trump card is the Ontario Mutual, he also takes a hand in the other lines of insurance and represents a number of the strongest companies in the world, including The London Guarantee and Accident Co., The Canada Accident Co., (which has absorbed the business of the Mutual of Manchester and Citizens of Canada), while in the fire department he has "the giant three," The Gore, the Waterloo Mutual and the Northern of England. When wanting any thing in Mr. Middleton's line call and see him. He will use you right.

Mr. Robinson had a close call, both ankles being dislocated, and he was otherwise injured as well.

Obituary.
We regret to announce the death of Mrs. Margaret Ellen Duggan, wife of Mr. Daniel Duggan, of Carden, which sad event occurred on Monday last. The deceased was 37 years of age and her untimely death will be heard of with genuine regret by a very large circle of friends and acquaintances. The cause of death was lung trouble, following the effects of a grippé. The funeral takes place to-day to the Bexley cemetery.

What Outsiders Think.
The Peterboro papers had highly complimentary notices regarding the opening of the Academy of Music. The Review says:—"The building is one of the finest in the province for the purpose to which it is devoted, and is one of which Lindsay may well feel proud."... The Examiner says:—"The building is one of the finest in the province of its kind, and our sister town can indeed boast of being in that respect far in advance of Peterboro."... The fine acoustic properties, the heating, the lighting, and the decorating, leave nothing to be desired, and before many days, it is to be hoped, that Peterboro will follow suit."

Serious Accident.
We clip from the Burk's Falls Arrow the following:—"A severe accident occurred at Martin's lumber camp, North Seguin, on Tuesday, to a man named Thos. Mains, who was working under a "skidway," when a small log rolled off and struck him so forcibly on the head that blood issued copiously from his mouth, nose and ears. The injured man, who hails from the vicinity of Lindsay, was conveyed to his birth in camp and Dr. Crawford sent for, who relieved the unfortunate man's sufferings to the extent that he is now comfortably ensconced in the Clifton House, from whence he will go home as soon as his condition permits of it. Two other men were injured in the same camp on the same day, but to what extent we have not learned.

—A special sermon is to be preached to the railroad men of Lindsay, by the Rev. N. Hill, next Sunday evening, in the Queen-st. Methodist church.
—The R. P. McKay, of Parkdale, conducted services at St. Andrew's church on Sunday last, both morning and evening to good congregations. His sermons were pleasing and instructive.

—The death is announced of Miss Ballentyne, lady superintendent of the Nicholls Hospital, Peterboro, on Sunday last, from typhoid fever contracted while nursing a patient.

—The military authorities in this locality appear to be very lax in respect to allowing volunteers to wear military overcoats. At least a dozen were seen on the streets on Saturday.

Something Fine.
Mr. Thomas Armstrong, manager for Fairweather & Co., yesterday received a letter from a leading citizen of Whitby asking for one of the firm's calendars for 1893. The Toronto Monetary Times pronounces it to be one of the finest ever got up in Canada and all will agree with the Times.

Gold in Gaway
Samples of ore from the Reynolds' mine, in the Township of Gaway, are on exhibition here and so on have been sent to Port Arthur to an assayer. The specimens show very rich traces of silver and considerable gold. The mine has been opened for about 60 feet, 17 feet wide and 22 feet deep when the vein turns down. The wall rock on the south is granite, on the north slate. These are all good indications. Mr. J. H. Sotheman is managing the Lindsay end of the business. On Saturday last the company sent a gang of men to the works to erect the necessary buildings for the miners and work will be vigorously pushed all winter. It is expected are realized a great boom is in store for our northern neighbors.
