UPS COUNCIL.

A Session of More Than Ordinary Wm Lee, gravelling 33 rods, and 14 Interest-The Hopkins' Crossing Inspected and Dealt With-General Business.

the obliging clerk, for the following ditures, and after reviewing the same Mr. report of the Ops township council, which Robertson moved, seconded by Mr. Rea, was held on Dec. 16th. In accordance that the report be adopted and that one with the municipal act. Ops council met hundred copies be printed for distribu- proceedings. The teacher, Mr. A. at an early hour on Monday, 16th inst., but before taking their seats at the council board they went out to view the Hopkins' railway crossing, accompanied by the popular roadmaster of the G.T.R., Mr. Ferguson, who kindly ran a special for their convenience. On arriving at the crossing your correspondent-a passenger, too-was much surprised to see a large number of the leading farmers of in this west Ops already on the ground aw in g he arrival of the council and the rai was representtives. Your correspondin y here remark that to those farmers is due the credit of the first step towards improving this much-talked-of crossing, for at the suggestion of the reeve they had called a meeting in Bryson's school house and appointed a committee to report to the council and unite with it in requesting the railway company to make such alterations at said crossing as would remove the danger for which it has always been known. Such was the committee that awaited us; and at their request the train was run up and down past the cross. Rea, that the deputy-returning officers of ing a few times by way of illustration, while several teams were passing north and south across the track at short inter-One would imagine their coming at that particular time had been pre-arranged by the committee were it not for the fright med appearance and unfeigued sur, reserve some of the teamsters, who, doni- ... by the presence of such a crowd, and in the shunting and whistling of the Lain, thought another serious acciden had just occured, After carefully inspecting the surroundings, and noting the movement of the approaching train, it was decided that Mr. Hunter's high board fence must go, and also small cluster of evergreens at the northeast side of his orchard, as well as a few small cedars fringing the north-east of death; be it therefore resolved, that corner of ex-reeve Hopkins' farm. On the sympathy of this council be and is the north side of the track it was shown hereby tendered to Mr. David Walker in winter. when the snow accumulates. with the seal of this municipality, and By the report of the ...mmittee said bank duly presented to Mr. Walker.—Carried. and fence must be ...wered about two and a half feet sever, rods in lengtht Nearly all present were of opinion tha if those obstacles were removed the crossing would then be as safe as the ordinary with a large monetary institution to secure flat crossing. A few, however, advocated funds for farmers who can offer undoubted the building of an overhead bridge, but it security. Lowest rates of interest and no was concluded that the building and lawyer's fees. R. G. CORNEIL, No. 8 maintenance of a bridge twenty-four feet William-st. -44-5.

would be very expensive, and that the difficulty of drawing loads over it in winter would be increased by the Special to the Watchman. absence of snow.
