DUNDAS & FLAVELLE BROS.

LITTLE LOCAL LINES.

For beauty of finish and life-like appearance WILLIAMSON'S photos excel. Studio, foot of Kent-st.—40. A Sunderland lady writes Dr. Neelands that he made her a successful fit after having eight sets made in Toronto and elsewhere.—174f. Teeth made by Mr. Gross over twenty years ago are still being worn, and in good serviceable condition. He is now making teeth of the same quality for \$8.—304f. The Orilla Boys' Brigade held its first rifle practice at the range on New Year's day. The lads did some excellent shooting, the distance being fifty yards. Orilla Packet:—Formerly British Columbia's chief industry was catching salmon in the west, but since the gold discoveries it is catching suckers in the east. Mr. John Fleury's new "Oak Front Grocery," managed by Mr. A. Graham, is now in full swing, reported very satisfactory for a beginning. The strictly cash low price system of selling goods will be adhered to. The new open-air rink on Wellington-st., being run by the Citizens, is now in full swing, and is being liberally patronized. The ice is kept in good order, and the band is in attendance every evening. The annual winter races under the auspices of the Huntville, Muskoka Trotting Association, will be held on the 21st and 22nd inst. The amount to be given in purses is \$2500. Information can be had from the secretary, A. J. Wakeley. The game commission will meet at the parliament buildings, Toronto, next week. The work of the past season will be taken up, and a number of recommendations, which have been suggested, will be considered, and some will be approved of. While Mr. E. Skelding of Huntville, Muskoka, was stepping off the train at the station on Monday week his foot slipped and his head came in violent contact with the moving car, resulting in a serious case, that required several stitches to bring together. The skull was laid bare. It was a close call. This is the season of the year in particular when people keep their mouths shut that is, breathe through their nose, and not their mouth. A strict observance of this very important matter would prevent numerous cases of colds, sore throats, and lung troubles. The mouth was never intended to breathe through. The twenty-third annual Ontario country show is in session at Guelph, and will close on the 14th inst. It is one of the largest in the history of the association, the entries being far in excess of former years. The most noticeable increase is in sheep, geese and ducks. The entries last year in these classes totalled 50, whereas this year they numbered 152. At Cornwall Centre a society has been formed to promote knowledge of the history of Canada, and to convince the population of the rural sections that there is ample scope for the successful exercise of their energies without resorting to the West or States for the purpose. Col. J. P. McMillan addressed the meeting, and strongly urged the importance of the objects of the society. It is not often in this glorious climate of Canada that a case of "son stroke" occurs in midwinter, with the thermometer hovering several degrees below zero, but such was the case on Tuesday morning, when the wife of Mr. Jas. Haw, the popular G.T.R. engineer of the south end, pre-occupied with twin boys. The attack is not dangerous, however, and the happy father is being deluged with congratulations from his friends. Mr. James Rennie, the well-known farmer and breeder of Wick, was one of the successful exhibitors at the recent Imperial Fat Stock Show at Guelph. He exhibited four head of cattle, and secured of three first prizes and one second, and in the competition for the sheep and swine prizes he secured second and third. He weighed 1,628 lbs., and was sold for \$100. The American Bank Note Co. of New York have been awarded the contract for the engraving of a term of five and six year notes for July 1st. The company will provide an establishment in Ottawa, where the work is done under government supervision. Under the new contract a printing of \$120,000 will be effected. The work consists of engraving Dominion notes, postage stamps, postal cards, revenue stamps, etc. An unique and somewhat startling feature in municipal socialism was proposed by one of the candidates for Ward 10. He advocated the purchase by the township of two cemetery lots, and material for an undertaking establishment, and the hiring of an undertaker at \$800 a year. On a death in the family of a ratepayer it would simply be necessary for him to order a coffin of ever wood he wished, and the cost of the funeral would be added to his tax. The township would pay the salary of the undertaker and for keeping up the cemetery. This is a novel idea, says the Orilla Packet, we have heard of proposals that the state should go into the undertaking business. The annual meeting of the Lindsay District of the local Orange Association was held on Tuesday evening, Jan. 12th, in the lodge rooms of L.O.L. 537. The attendance was fair, and a desirable minor business was transacted. The following is the list of officers for the ensuing year: W.M., Brown, W.M.; Smith, D.M.; Jas. Courtney, chaplain; Wallace, rec. sec.; John Vout, sec.; Robt. White, treas.; John Martin, inst. The above officers were installed by Bro. John Kelly, county secretary, after which several interesting items were made by the newly-elected

Mr. F. VnaCamp, hardware merchant, town, has assigned. Now is the time and WILLIAMSON'S is the place to order your photographs before the holiday rush commences. Noted for life-like photos.—40. In renewing his subscription for the ensuing year Mr. Oscar Wakely of Oakwood writes: "I think a lot of your valuable paper. It is getting larger and better all the time." The McAll Missionary society will meet at the residence of Miss McGaffey, Russell-st., on Thursday next, the 21st inst. at 3 p.m. The ladies interested are invited to be present. To rent—Special and favorable terms will be made with a responsible person who will rent that fine large corner store on corner of Kent and William-sts.—one of the very best business stands in Lindsay. Apply to W. McDONNELL.—504f. The annual meeting of the society of the Home for the Aged will be held in the court chamber on Wednesday, Jan. 13th, commencing at 2 p.m. Parties wishing to join the society may do so by paying the membership fee of one dollar annually or twenty-five dollars for life members. Doubtful eggs are quite common, but two eggs one inside of the other is a rare thing. Mr. A. B. Terry ran across one of this kind a few days ago while cracking eggs, the first in thousands broken. The egg was about the size of an average plum, with shell slightly soft. The curious production was laid by a hen belonging to Hugh McDonald. Mr. Jas. P. Palmer, the popular deputy reeve of Fenelon, desires to return his sincere thanks to the electors of his township for the handsome vote given him at the recent municipal elections, placing him at the head of the poll. He assures them all that he will be striving in his efforts to serve their best interests. At the last regular meeting of the Canadian Order of Foresters the following officers were installed for the ensuing term: R. A. Graham, P. M.; C. H. Jones, J. P. C. R.; Thos. Bunting; R. S. A. Gillies; F. S. F. M. Britton; Treas. J. M. Scott; Chap. John Crawford; S. W. Jones; Sec. J. W. H. McMan; S. B. Jas. McCausland; J. B. W. Crawford; Physician, J. A. White. The Joshua Simpskins Co. held forth in the Academy of Music to a rather small, but well attended company. It was a good one, and the support strong, but like too many across-the-border troupes, the play is marred for a Canadian audience at least by alleged jokes of a somewhat "fratty" character which were well if all such stuff was saved for Chicago or some other "advanced" American town. A couple of young men in the vicinity of Cross Creek have become so much mixed up with the Xmas and New Year holidays that they did not get their regulation six days allotted to labor, and on Sunday last, when the neighbors were all driving to church, the afore-said young men were busily engaged, one manufacturing a home-made jumper while the other was turning out axe helms to beat the bond at forty cents a dozen. When the boys found out they were Sunday and not market day in town they were all broke up. A meeting of those interested in the starting of a cheese factory in West Ops was held at Connelly's school house on Friday evening last. There was quite a large turnout of farmers and others. The stock-book was opened and \$150 subscribed. A committee consisting of W. D. Hunter, and A. L. Minthorne was appointed to solicit further stock in the different localities. This committee, we understand, is meeting with excellent success, and the success of the factory is assured. During the course of the evening two practical men, Mr. M. Mayhew, secretary of the Cameron factory, and Mr. Thos. Cabert, salesman of the Reaboro factory, addressed the meeting and gave some sound practical advice on the best means of organizing a stock factory. Their remarks were listened to with much attention, and duly appreciated. The chair was ably filled by Mr. John Connelly, the veteran Ops farmer, who is taking a deep interest in the formation of the new factory. The show was well reached by every farmer, being placed at \$10 each. No person can take more than five shares. The next meeting of the promoters will be held on Saturday evening (Friday) at 6 o'clock, in Connelly's school house. All interested in this worthy movement are invited to be present. The C.M.B.A. Concert. The annual concert of the local division of the C.M.B.A. came off on Monday night last in the presence of a large audience in the Academy of Music. Previous to the opening of the program, and in the intermission between the parts, the orchestra of the Academy furnished some very enjoyable music. The program consisted of selections in vocal and instrumental music, given by the Misses Murphy at Woodstock, who displayed a great deal of musical taste and cultivation in their part of the program. These young ladies never appeared before a Lindsay audience before, and it is safe to say they will merit approving audiences should they visit our town again. Their quartet on the violin, cello and harp, were well done, while their vocal solos, duets and quartets were warmly and deservedly encouraged. The literary portion of the program was rendered by Miss Whiteside and Mr. J. B. Knowlson. Miss Whiteside has proved herself a finished artist on so many occasions, that her appearance at an entertainment is sure to make it a success. In the vocal selections she rendered on Monday night she again justified the high repute she has gained as a high class artistic elocutionist. Mr. J. B. Knowlson, who is always a favorite with the audience, who hear him all too seldom contributed readings, which were very given and well and appreciatively received by the audience. Miss Minnie Corkery gracefully presided at the piano. The instrument used on the occasion was a Newcombe kindly furnished by the agent, Mr. Bandmaster Brown. The Curling Bonspiel. Lindsay's enthusiastic curlers are busting these sharp, cold days, completing their arrangements for the grand bonspiel, which commences next week. They have secured the services of Mr. John Cousins, Peterboro's professional rink—or rather, ice maker, and have now a number of fine sheets of ice almost ready. Four rinks will be furnished in the club rink, four in the skating rink, and three in the agricultural buildings, all under cover in addition to the foregoing nine, or ten rink houses. This makes twenty rinks in all that will accommodate one hundred and sixty players in each draw. Up to date twenty entries have been received from twenty double rinks and about fifty single rinks from all parts of curling America. There will be three competitions, namely:—A double rink competition, a single rink competition, and consolation competition. In the double rink competition the first prize will consist of eight pairs of Red Hone curling stones, and the second prize two pairs of Red Hone curling stones. In the single rink consolation competition four pairs of Red Hone curling stones will go to each of the successful rinks. Entries will be received up to Monday night, when a drawing will take place, and active hostilities will commence on Tuesday. Some four or five hundred ladsy curlers are expected to be present and the town will witness the hearty "sloop 'er ups" characteristic of the "stone bustlers."

The Early Closing Case—The Myers Appeal Dismissed. His honor Judge Dean gave judgment on Saturday last dismissing the appeal and confirming the conviction of E. W. Myers by Police Magistrate McIntyre for breach of the early closing by-law. His honor ruled against all the objections taken to the by-law, holding that it was proper in form, and that the fact that it was not passed within the month mentioned in the statute did not affect it; and also held that a sale by auction within the prohibited hours was a violation of the by-law. The question of costs was reserved, his honor doubting whether he should allow costs, as the fact that the by-law had not been passed within the month rather invited the attack, especially as it was a case in which costs could not be given against the town. Mr. G. H. Hopkins appeared for the town, and Mr. John McSweyn for Myers. Wedding Bells. A very pleasing event occurred at the residence of Mr. Frederick Fisher, Argyle, on Wednesday, Jan. 6th, when his eldest daughter Annie was united in marriage to Mr. Chas. Woolcott of Glandine, Mariposa. The bridesmaid was Miss Flora Jewell of Linden Valley, while little Miss Mabel Fisher acted as maid of honor. The groom was supported by Mr. John S. Fisher. As the bride, leaning upon the arm of her father, entered the parlor the wedding march was played by Miss Mary Jewell. The ceremony was performed at 4 p.m. by Rev. J. R. Reel of Woodville. A large number of relatives and friends gathered from different places to witness the pleasing ceremony, and to extend to the happy couple congratulations. The numerous and valuable presents received by the bride show how highly she was esteemed. We wish Mr. and Mrs. Woolcott very much joy. The Official Returns. Subjoined are the official returns of votes polled in the recent election for county councillors and the correct majorities. At two o'clock Monday afternoon the usual declaration as to county councillors elected was made by Returning Officer Thos. Matchett: DIVISION NO. 1. Fred Shaver, acclamation. George Johnson, acclamation. DIVISION NO. 2. Robert Bryans, 809. James Graham, 586. Thos. Connelly, 180. James Keith, 170. Rich. Touchburn, 456. DIVISION NO. 3. Dr. Vincent Cornwall, 205. Samuel J. Fox, 675. Thomas H. McQuade, 497. William C. Switzer, 638. DIVISION NO. 4. James Austin, 538. John Fell, 358. James Lewis, 359. James Lithgow, 492. DIVISION NO. 5. John Bailey, 655. John Daniel, 411. John A. Ellis, 548. George E. Laird, 131. DIVISION NO. 6. William Cameron, 330. Arch. McFarlane, 282. William Manning, 98. Adam E. Staback, 304. Dr. John Wood, 715. 414.
