St. Paul's Sunday School.

The annual tea meeting of St. Paul's Sunday School was held on Friday evening last, and was a very successful and enjoyable affair. Well on to three hundred children enjoyed the good things provided, and after the cloth had been removed, the young people gave their parents and friends a musical and literary entertainment. The programme was necessarily a lengthy one but was highly enjoyed by the audience and creditable to the performers.

The Choral Club.

The first rehearsal of the Symphony Hall Choral Club was, especially from a musical point of view, a successful and enjoyable one. Besides the highly interesting and profitable voice drill, the choral selection, "Bright Orb, Send Forth thy Rays," by Bishop, was taken up. It is announced that no new members will be received after the second rehearsal.

Missionary Services.

On Sabbath last, the Rev. Dr. Carman, superintendent of the Methodist church, preached two eloquent sermons in the Cambridge street church, to large and appreciative congregations, and on Monday evening delivered a splendid lecture in the same place on "Our Great Colonial Empire." It is needless to say that all the services were well attended and financially successful.

Talmage and Spurgeon.

We are pleased to be able to announce that we have made arrangements to publish the latest sermons of Revs. Talmage and Spurgeon, giving the latest sermon of each of these great pulpit orators alternately each week. We begin this week with the publication of the first of the series, a sermon by Rev. Dr. Talmage, on "The Knell of Nineveh." It is scarcely necessary to add that the arrangement will be heartily appreciated by our readers.

Curling.

A despatch from Winnipeg states that the Lindsay team played the Prince Albert team on the first day of the bonspiel and the score stood 18 to 13 in favor of Lindsay. On Wednesday, Lindsay was pitted against Brandon, which also resulted in favor of Lindsay by a score of 16 points.

A game was played on the Lindsay ice on Tuesday between Bobcaygeon and Lindsay, which resulted in favor of Lindsay by five points.

On Wednesday a game was played between Peterboro' and Lindsay by four rinks, two of which played at Peterboro' and two at Lindsay. We did not learn the result on going to press.

Hockey Match.

The hockey match last Friday evening at the new skating rink between the Vice Regals of Ottawa and the Lindsay club was a grand success. Notwithstanding the rough night there was a very large number of spectators who one and all expressed themselves more than pleased with the game. Play commenced at 8.30 and although a rumour was freely circulated that it was to be a walk over for Ottawa, before many minutes the fact became apparent that the Lindsay boys were not there for the purpose of being beaten without a hard fight. At the end of the first half hour the games were Ottawa 2, Lindsay 2, and at the end of the finish the games were Ottawa 4, Lindsay 3, the spectators as well as the Ottawa men were of the opinion that next season Lindsay would hold their own against all comers. The play of Messrs. McMahon, Ross, and Barron for Ottawa, and Messrs. Martin, Knowlson, and Ritchie for Lindsay was much admired. Messrs. Edwards, and MacGachen acted as umpire and Mr. J. L. Dunford as referee.

The Sec-Treasurer presented his annual report, which showed a healthy condition of the board's finances. The auditors' report verified the report of the Sec-Treasurer, when on motion Col. Deacon, seconded by Mr. MacGachen, the reports of the Sec-Treasurer and the auditors were adopted.

A communication was read by Col. Deacon from Mr. Wragge, traffic manager of the G. T. R., asking for joint action on the part of the Board of Trade and Town Council in securing aid from the Government for the extension of the Victoria

railway from Haliburton to Mattawa.

Referred to the railway committee of the Board.

The Board adjourned.

A Coup D'Etat Frustrated.

PARIS, Feb. 7.—By prompt action the Government to-day nipped in the bud what was apparently intended to be a Royalist coup d'etat, and the only consequence is that the Duke of Orleans, eldest son of the Count of Paris, is to-night in custody. The duke arrived in Paris to-day bearing a letter written by the Count of Paris, announcing to the faithful and to all others the counts abdication of his claims as a pretender to the throne of France. In virtue of this abdication all the count's claims, rights and titles descend to his oldest son, Philippe Louis Robert, Duke of Orleans. This gentleman is, therefore, the pretender to the throne in virtue of his claims as the heir of Louis Philippe, and also as the heir of the old Bourbon line. The duke also brought with him a manifesto addressed to the people of France. His coming into the country was a violation of the law banishing all the heads and direct heirs of reigning families. THE PLOT WAS FAR-REACHING.

There is some reason to believe that the movement was made in concert with the more determined opponents of the republic, as the duke repaired immediately to the house of the Duke of Luynes, the present head of a family that has always adhered with uncompromising heroism to the old monarchy. In that house the young gentleman was king of France in theory. On February 6 the Duke of Orleans attained the age of 21. The abdication of his father, the manifesto and the movement were all apparently planned with regard to that date, and in order to electrify France with the demonstration that the fortunes of the monarchy were now in new hands, and that the crown now belonged on the head of preux chevalier who would dare something for it, and not fold his hands in a quiet corner like another Chambord. But the Government was promptly informed of the presence of the duke in Paris and of his whereabouts.

An Avalanche at Quebec.

QUEBEC, Feb. 9.—Yesterday morning a large avalanche of snow fell from the cliff opposite the house of Mr. Thos. McLaughlin, brother of Councilor McLaughlin, 501 Champlain street, burying beneath it Mr. Patrick Nolan, guardian of No. 6 fire station, who was working at a hydrant, and a farmer and his horse who were passing at the time. An alarm was quickly given and in a short space of time a large body of Champlain street residents were at work digging out the buried men. Both, fortunately, were taken out alive and pronounced none the worse for their rough experience by Dr. Howe, who had been hastily summoned. This, no doubt, was entirely due to the strenuous efforts of the willing rescuers. Traffic on the streets was completely blocked for some time. The windows of Mr. McLaughlin's house were smashed in and his front rooms were filled with snow, which is piled up to a height of twelve feet on the roadway.

English Intelligence.

LONDON Feb. 10.—Parliament will be formally opened to-morrow without the presence of royalty. Mr. Gladstone arrived in town on Saturday in order to be present. All the members of the Government are at hand, as well as all Mr. Gladstone's leading supporters. Mr. Chamberlin was hurried home from Paris with his wife. The only really notable absentees will be Lord Harrington and Lord Randolph Churchill.

The dock labourers of Dundee struck this morning for an advance of one penny per hour in their wages.

In the studio of Albert Bruce Joy, one of the foremost of English sculptors, is an unfinished marble lion of colossal size that is destined to ornament the Lowell cemetery and mark the grave of the late Dr. J. C. Ayer. The idea of making an American tombstone of the British lion is that of young Ayer, who ordered the monument when in Europe a year ago. The lion weighs five tons, and the pedestal upon which it is to rest is four feet high and weighs seven tons. According to young Ayer's wishes Mr. Joy has represented the lion with his head bowed upon folded paws and a look of melancholy pathos upon his face, which is turned upon the ground below.
