Fire.
On Thursday morning last at about
3:30 o'clock the alarm of fire was given,
when it was discovered that the house
occupied by a Mr. Bate in the East Ward
was on fire. The firemen answered to
the call promptly, and found that they could
do nothing as the fire had gained too much
headway. The building was a frame one,
and was soon burned to the ground. We
understand that there was a small insur-
ance on the building and contents.

Salvation Army Notes.
As a specimen of the class reached by
the Prison Gate Homes, Ensign McMillan
had with him on Sunday afternoon a man
who had been convicted 103 times. He
paid 60 fines and served 43 sentences.
Seven weeks ago the army picked him up,
placed him in their home, surrounded him
with christian influence, gave him work,
and to-day he is a free man in the highest
sense of the word. "Out of the gutter
they put them up." Surely a work like
this is worthy the support of all.

On Monday, March 7th, the army are
having a big banquet and jubilee at which
Major Tom Scott (formerly stationed
here) and wife will be present. They
will also lead the meetings on Saturday
and Sunday, the 5th and 6th.

Brilliant Sky.
The northern heavens Saturday night
were resplendent with the touch of nature.
The scene was unique and attracted the
attention of all who were on the streets
between 7 and 8 p.m. Directly north of
the aurora borealis was shining with all
its mid-winter brilliance. It was at the
western limit of the cycle which it formed
that its magnificence was most pronounced.
Here the aurora mingled itself with the
rays of the departed sun, which shot up
into the heavens like the glare of a huge
furnace. Through this the aurora rapidly
sent its jutting spires, ever changing color
as they darted across the furnace-like
opening. One moment nearly all the
colors of the rainbow would be seen.
Then a pale pink would predominate.
Following would appear a bright ochre or
vermillion and then a rich purple, and
so on ad infinitum. Now and then the
tallest spires in the centre of the cycle
would catch a sun ray and turn a rich pink,
while the eastern limit and the clouds in
its vicinity were tinged with the same
color.

Accidents.
On Saturday afternoon last Geo. Brown
had the misfortune to slip on the office
floor of the Simpson House, and in falling
struck his head on the staircase. When
picked up he was found to be unconscious
from the force of the blow, and deep
wound, about three inches in length, was
found on the back of his head. A doctor
was at once sent for, when restoratives
were given him. After regaining consci-
ous his wounds were quickly dressed and
the injured man was driven home.

Mr. James Doan, brakeman on Con-
ductor Britton's train, which runs between
here and Port Hope, had the misfortune
to have the three first fingers of his hand
badly smashed while coupling cars at
Franklin on Tuesday morning last. A
doctor was immediately sent for, when it
was found necessary to have two of the
fingers amputated. The injured hand was
immediately dressed, and at last reports
he was doing as well as can be expected.

C. E. Notes.

toria County of Y.P.S.C.E. will be held
on Thursday and Friday, Feb. 18th and
19th. The first session is to be held at St.
Andrew's Presbyterian Church on Thurs-
day at 7.45 p.m. Several of the leading
Christian Endeavor workers will take part
in the meeting. The second session to be
held in the Y. M. C. A. rooms Friday
morning, will take the form of a sunrise
prayer meeting from 6.30 to 7.30 a.m.
Rev. Mr. McAuley, of Woodville, will
have charge of the meeting. The third
session, on Friday morning, in the Baptist
Church. Meeting will commence at 9.30
a. m. Reports will be heard from the
county societies and several papers will
be read on very interesting subjects. The
fourth session, on Friday afternoon, at
2.30 p.m., will also be held in the Baptist
Church. At the close of the meeting a
question drawer will be conducted by the
Provincial President, Rev. J. A. R. Dick-
son, of Galt. Fifth session will be held

crowded, and that all will feel that it is
to their interests to make the convention a
success spiritually.

Lacrosse.
On Monday evening last a meeting was
held in the Simpson House parlor, for
the purpose of organizing a lacrosse club
for the year 1892. The attendance was
not what it should have been, but enough
were present to show that the men deter-
mined to have a lacrosse club. Mr.
S. Malcolmson was appointed chairman of
the meeting. Mr. Malcolmson made a
few brief remarks in regard to
what we had assembled for, and also to
state that the Lindsay people should take
more interest in the game, and help to
encourage, instead of discouraging, the
boys in trying hard to hold up Lindsay's
end of having one of the best teams in the
Province. The next meeting has been ar-
ranged for Monday, Feb. 29th, when it is
expected that a large crowd will be present
who will put shoulder to shoulder to make
the lacrosse club a grand success during
the coming year. The following are the
officers elected:—Hon. Pres. Sam
Hughes; Hon. Vice-Pres. W. H. Simpson;
President, W. H. McClure; Captain, S.
Malcolmson; Sec.-Treas. H. C. Smyth;
Chapman, Geo. Carr; Committee, L.
LeBarr, H. Reesor, and B. Finley. The
meeting then adjourned.

BREVITIES.
Do not fail to read Higinbotham's "ad."
The town was full of strangers on elec-
tion day.

Read R. S. Porter's new advertisement
in this issue.

Constable Reeves run in a drunk on
Saturday evening last and locked him up.

The council held their regular meeting
in the council chamber on Monday even-
ing last.

The Millbrook curlers defeated the
home team by one shot on Monday after-
noon last.

Ladies Dongola Kid Button Boots for
\$1.50, at Perkins & Co., are the best value
in the County. 7-tf.

The juvenile foot ball club defeated the
Reaboro team at that place on Saturday
last, by three straight goals.

Women's, Misses' and Children's fine
Boots & Shoes a specialty, at Perkins &
Co., 52 Kent St. Lindsay. 7-tf.

Business was exceedingly dull in town
on Saturday last owing, no doubt, to the
bad condition of the roads.

Those of our readers should not fail
to read Dundas & Flavelle Bro's "ad" in
this issue. It will pay you.

The band did not play at the rink on
Friday evening last as expected, owing to
some of the members being laid up.

At the next regular meeting of the True
Blues, the first Monday in March, a White
Rose and Blue Apron degree meeting will
be held.

On Friday morning last Mr. Arch.
Campbell's horse took fright and ran
away. It was caught before any damage
was done.

A large number of Lindsayites drove to
Port Perry on Tuesday last to take part
in the fancy dress carnival being held
there that evening.

Owing to the cold weather and bad
roads on Saturday last, the altar boys of
St. Mary's R. C. church had their drive
postponed to some future date.

The Annual Provincial (Orange Grand
Lodge of Ontario East will be held in the
Oddfellows' hall, Napanee, on Tuesday,
March 1st, and following days.

Sunday last was the coldest day we have
experienced this year and prevented a
goodly number from attending the differ-
ent churches during the day.

Mr. Wm. Walters gave an entertainment
with his phonograph at the Separate school
on Monday afternoon last, much to the
enjoyment of the children present.

The farmers should now look over
repair, and point up his old machines and
also arrange for procuring such new ones
as may be needed. It is none too early.

You should get a pair of those men's
Wankephast Kangaroo Boots at Perkins
& Co., 52 Kent St. Lindsay, first door
west of Kennedy & Co's. dry goods store.

When a farmer feeds a pig beyond nine
months of age, he is needlessly throwing
away his profits. He is very slow to learn
this notwithstanding that it has been so
often demonstrated.

Friday last was a lively day in town.
The tooting of horns, waving of flags, and
processions in honor of Mr. Fairbairn
and Mr. Hughes being returned to Parliam-
ent, being the cause.

The hockey match between the Gov-
General and Lindsay teams did not take
place on Friday evening last, as was
announced in last week's issue, but we
understand it is to take place at an early
date.

Farmers driving into town on Saturday
last found it pretty hard work to get
through the drifts, as in a number of
places the snow banks were as high as six
and seven feet, which had to be shovelled
through before they could proceed on
their way.

Prof. Kemp, practical Phrenologist, is
now at the Windsor hotel. Written
charts from \$1 to \$10. Oral examinations
25 cents. Special reductions to clubs and
families. Ladies half price. No extra
charge for calling at your house. Satis-
faction guaranteed.

Sunday last, Feb. 14th was St.
Valentine's day, and the clerks in the
post office on Saturday and Monday were
kept busy distributing the mail to the
"lucky" winners. No doubt, a good deal
of tall swearing was done when some
received the mischievous envelope.

A number of our enterprising young
men have come to the conclusion to form
an orchestra, and have already some of
our best musicians enrolled. This is a
long felt want, and no doubt the citizens
of Lindsay will rejoice in the idea of once
more having a string band in our midst.

The additional machinery being put into
Sadler, Dundas & Co.'s mill is nearing
completion, and it is expected that busi-
ness will be resumed about the 1st day of
March. There have been an "army" of
hands employed during the past two
months, some of the best millwrights to
be had in the province, and it is expected
that when everything is in order that the
output will be so largely increased that it
will take but a short time to pay up for
the loss of time in putting in the addition-
al works.

The Empire of Wednesday says:—
Passing through the city yesterday was
Mr. J. D. Flavelle, of Lindsay, the most
famous curler in all Ontario. He was at
the Walker house, and was returning from
the North-west Idlen with the spoils of
victory. This is the second year in suc-
cession that Mr. Flavelle has taken his
Lindsay rink to Winnipeg and carried all
before him, winning the International
Challenge Trophy and a score of medals.
The crack skip said that the Lindsay
visitors had a glorious time in the Prairie
City, where they were right royally re-
ceived and most hospitably treated. A
great reception is awaiting the Lindsay
curler on his arrival on his native ice.

A Talk from Behind the COUNTER.

The time has come for a great matter-of-fact talk on a matter-of-fact subject. The idea uppermost in your mind is to get something Good and Serviceable at the very Lowest Price. No trouble about deciding that you want Good Goods Cheap, but a great deal of trouble in deciding what firm will do the best by its customes in this direction.

WE WILL---THAT'S TO THE POINT IS IT NOT ?

And why not say it when we have the Goods to make the prices that will back this statement every time. Now in DRESS GOODS we purpose holding high carnival. So many interesting domestic changes take place at this season of the year---we have decided to falicitate these events by offering our large stock of SILKS, COSTUME CLOTHS and FANCY DRESS GOODS, at such low prices as to meet the purse of all.

Ready-Made Clothing.

This department of our stock will be found up to the standard in excellence at all times. We carry a large stock, which means a complete one; a varied stock, weich signifies a choice for selection of every conceivable grade at hard times prices. We ask special inspection of our present line of these goods.

GLOVES and HOISERY.

In the Glove and Hoisery Department, as in other departments of our establishment, close margins rule. We want your custom and we want it continuously hence.

Remember us when in search of Ladies' Gents' and Childrens' Underware.
