OUR CENSUS-TAKING.

FROM THE RETURNS.

The Necessity For the Census Enumera- fathers, was 16,427. by the Figures-Statistics on Several Interesting Topics.

census shall be taken every ten years. ployes were engaged, to whom wages The Census Act was first passed in to the extent of \$175,394 were paid, 1870, was revised in 1879, and again in the value of output being \$1,105,205. 1885, the last act being that under which the census of 1891 was taken. It provides that the census shall be invested; nearly 10,000 hands were emtaken so as to ascertain with the greatest possible accuracy in regard to the various territorial divisions of the output being \$10,553,487. country, their population, and its classification as regards age, sex, social condition, religion, education, race; ocother buildings therein and their classi- | lue of the output was nearly \$20,000,fication as dwellings inhabited, unin- 000. habited, under construction, and otherwise, the occupied land and its condition, whether town, village, country; cultivated or uncultivated; the produce, state and resources of the agri- | \$2,199,600. cultural, fishing, mining, mechanical manufacturing, trading and other industries; and, lastly, the municipal wages aggregated \$60,681. The annual educational, charitable and other institutions, and whatsoever matters may be deemed desirable by the Government at the time of the taking of | The number of employers was 4551,

Under the constitution the electoral | There were 2550 grist mills, using representation in the House of Commons is based upon population, and is regulated by the number of persons living in the Province of Quebec. Therefore, it is necessary to ascertain carefully the population in each province and also to follow in the enumeration of the people the electoral ployed was \$21,335,314. Their employes division provided by Parliament.

The last census of Canada was taken in 1891, the organization consisting of 14 census officers, 241 census commissioners and 4366 enumerators. The largest census district was that of chines, tools and implements. These New Westminster, with an era of 204,-050 square miles. In Ontario the largest census area was Algoma, with 143,517 square miles, and in Quebec. Chicoutimi and Saguenay, with 118,921 square miles. To accomplish the task of counting the population in these immense areas enumerators had to hands and paid \$2,849,803 in wages. take camps and camp furniture with them, be ready to ride on horseback, paddle a canoe and walk miles all in of \$50,203,111; 51,378 employes, with

Canada was taken in 1871, and com-

Northwest Territories may be set down as being, in 1871 3,635,024. The population of the Territories was at the time

Dominion, the total population being 4,324,810. The third census was taken placed at 4,833,239. Of the total population Ontario contained 1,926,922 people and Quebec 1,359,022. The urban population was In 1871 the percentage of urban population was only 18.8. The growth of the urban at the expense of the rural population is one of the features of

the percentage throughout the world.

and prevails in Canada as elsewhere, At the last census there were 2,460,471 males and 2,372,768 females. Ontario Fresh Lime, Drain Tile and Sewer had 1,069,487 males and 1,044,834 females. boys and girls from 5 to 15 years, 1061 youths and maidens from 15 to 20 years, 1781 young men and women from 20 to 30, 2105 middle-aged persons from 30 to 50, and 1325 elderly persons over

> Out of every 10,000 persons in Canada 6317 were single, 3286 were married 200 were present from Janetville, and 397 were widowed. Of tese last 267 Valentia, Omemee, Lindsay, etc., the be traced southward to the limits of were 1907 families, the average number of persons in eac being 5.2.

every 10,000 of population; 949 bachelors over 20 years old; 684 spinsters; agriculture, mining and fishing were 1635; 386 were engaged in trade and transportation; 662 in manufacturing; 131 were in the professions; 599 were in domestic and personal occupations; 110 belonged to the non-productive classes; 1521 were farmers; 56 were for office work; (2) To assist them to positions when fishermen: 31 were miners and 27 lum-

Out of every 10,000 persons 140 died during the year preceding the census, of whom 38 were infants. Of the causes of these 140 deaths, phthisis or consumption was accountable for 15 and lung diseases for 12. Old age gathered in 9: 47 died from local diseases, and 19 from constitutional; violent deaths were responsible for 5, and there were 22 of an average in each group ill-icfined and not specified.

To each group of 10,000 persons there were, on an average, 2982 horses, 8,-402 cattle and 5201 sheep. Out of each 10,000 people nearly 3,-

000 could not read and 3500 could not write. The insane numbered 28, the blind 7, and deaf mutes 10. The amount of life insurance at risk per 10,000 perple was \$562,549, and fire insurance to the extent of \$1,655,559.

Taking the population as a whole, 4,185,877 of the people were born in Canada and 647,362 born in other countries. To show the intermingling of the people it was found that there were 11.658 people from Ontario in British Columbia, 46,620 in Manitoba, 344 in New Brunswick, 738 in Nova Scotia, 105 in Prince Edward Island, 15,541 in Quebec and 13,594 in the Territories. On the whole there has been a very considerable movement of population between the provinces, the general trend being from east to west.

According to the last census, the total population of Canada by religions was as follows: Roman Catholics, 1,-992 017: Church of England, 664,059; Presbyterians, 754,193; Reformed Presbyterians, 708; other Presbyterians, 425; Methodists, 839,815; Bible Christians, 7183: Primitive Methodists, 160; other Methodists, 607; Baptists, 257,-449; Free Will Baptists 45,116; Tunkers, 1274; Brethren, 11.637 Lutherans,

63,982; Congregationalists, 28:157; Disciples, 12,763; Adventists, 6354; Unitarians, 1777; Universalists, 3186; "Pro-ACTS MANY AND VARIOUS CULLED testants," 12,253; Salvation Army, 13,-940; Quakers, 4650; Jews, 6414; other denominations, 33,756; not specified, 89,-355. The number of pagans, or Indians still adhering to the belief of their
