The reports of the standing committees were received and adopted. The average attendance at the Sunday afternoon meeting for the past month has been 44, an excellent showing. The Bible classes have also been well sustained. Eight volumes have been donated to the library during the month. Three young men have been introduced by letter to associations in cities where they have gone to reside. Steps are being taken to have the association incorporated at an early date.

—Last Sunday afternoon, at the young men's meeting, Mr. E. A. Hardy gave an interesting and instructive address on "Missions," and the secretary reported as to the work of the Young Men's Christian Association in Madras, India, under Mr. McCroughy, an American secretary, who is sustained in that field by contributions from the associations in this country. A collection was taken for this fund at the close of the meeting. Should any of the friends of this phase of foreign work desire to assist, the secretary will be glad to forward the gifts to the treasurer of the fund.

—The young men's meeting next Sunday afternoon will be addressed by D. J. McIntyre, Esq., Q.C., on the subject of "Companionship." A profitable service is assured. The singing will be led by the orchestra. All young men are invited.

—The "Willing Workers" are to have a bazaar in the lecture room of the Queen street Methodist church, on Monday afternoon commencing at 2 o'clock, when a number of useful and fancy articles will be sold.

C. E. T. S.

—The Church of England Temperance Society held the usual monthly meeting and entertainment, in St. Paul's school-room on Monday evening. The Rev. T. M. Campbell, of Cambridge-st. Methodist church, was the speaker of the evening. His address was an exceedingly practical and earnest one, and was appreciated by the large audience present. A cordial vote of thanks was tendered the speaker at the close of his address. A good program of music and readings was also rendered.

Collegiate Institute Notes.

—On Friday evening, the 25th, the regular weekly meeting of the Literary Society was held. An election for the position of corresponding secretary was held, which resulted in the choice of Miss Totten. Miss Marty read a very touching Scotch poem which, as usual, was very much appreciated by the audience. Miss Harris, organist of the Cambridge street Methodist church, won unlimited and enthusiastic admiration from the audience by her beautiful piano solo. Her playing is strong and masterly and shows a thorough musician spirit. The various details of solo playing were artistically cared for and sweet music filled the air and lingered in musical echo, with those who faint would have prolonged "each heavenly close." The chairman then announced a debate, "Resolved, that for a highly civilized country a Republic form of Government is better than a limited Monarchy." The affirmative was supported by Messrs. Cronk and Perry, while Messrs. Henderson and Shaver upheld the negative. The speeches of all were fine, especially those of Messrs. Cronk and Henderson. The debate resulted in favor of the affirmative by a majority of two. Mr. Vance read a very humorous selection, almost sending the audience into fits.

—For Friday evening next a choice program has been arranged.

—Mr. R. Kennedy will give an address on "Some Qualifications of a Successful Business Man." On Friday night last a large number of students assembled to bid farewell to one of their companions, Miss A. Hodnett, who left this week for her home in Bertie in the Prairie Province. An enjoyable time was spent by all, and long will the scenes of this pleasant event remain in the memory of those present. It is with the most extreme regret that once more the students lose one of their number, especially one who has been so well and popularly known and who perhaps will never again see many of her friends of school days.
