### MAYOR RAY'S DISCIPLES

Meet in Regular Conclave, Do Some Business and Adjourn.

COMMUNICATIONS AND PETITIONS—THE BILLIARD LICENSE MATTER GIVEN ANOTHER HOIST—TOWN DEBENTURES SOLD—ADDITIONAL IMPROVEMENTS AT THE FIRE STATION—MISCELLANEOUS MATTERS.

Mayor Ray and a number of the councillors were in a hurry on Monday night and promptly at 7.30 o'clock the regular session of the town council opened. Business was rushed through at lightning speed and at 8.40 the lights were out.

The following "city dads" graced the board: Mayor Ray, Reeves Kyle, Walters and Crandell, and Couns. Keith, Johnston, Head, Lovell, Killaby, Tully, Touchburn, Bryans and Mallon, a full house. The minutes of the last meeting were duly read and confirmed.

#### COMMUNICATIONS.

The following communications were then read:—

From George Ellsworth, asking for remission of poll and dog tax for 1892, as he claimed to be assessed in error.—Finance committee.

From Chief Constable Bell, requesting the council to supply necessary uniforms for the chief and assistant constable.—Police committee.

From Wm. Walters, offering to supply the town with an Appleton truck fire escape.—Fire and Water committee.

From J. A. Wetherup, treasurer of the Central Charity Committee, asking for a further grant.—Finance committee.

From J. T. Maunder and Angus Dovey, applying for billiard licenses.—Laid on table.

From S. Irwin, president of the Mechanics' Institute, asking for a grant of \$100.—Finance committee.

From the city clerk of Ottawa, submitting copy of petition to the lieutenant-governor regarding isolation hospitals for contagious diseases.—Board of Health.

#### FINANCE REPORT.

Coun. HEAD, chairman, read the report of the finance committee, recommending a grant of \$200 to the sewerage committee for plans, surveys, etc., the same to become the property of the town. It was recommended that the taxes of J. Armstrong be collected in full and also recommended the sale of certain town debentures.

Coun. HEAD stated that it was a capital investment at the price offered to sell the debentures. Mayor RAY explained that Town Solicitor Hopkins suggested the advisability of withholding the \$8,000 debentures accruing in 1900. He also stated that a second offer had been received which was somewhat better than the first. The report was adopted.

#### TOWN PROPERTY REPORT.

Reeve KYLE, chairman, read a report from the town property committee, recommending that the taxes of J. Carew be not more than the amount collected on \$2000; and also that a sub-committee be appointed to draft such a by-law as to exempt all new additional machinery, etc., as may be used for manufacturing purposes. The report was adopted.

#### A PERTINENT ENQUIRY.

Coun. MALLON enquired as to what had been done in the McCormick factory matter?

Mayor RAY stated that the committee had learned that the McCormicks were about to locate at Walkerville, Ont.

Coun. MALLON took exception to the manner in which important matters were dealt with by the committee, and was not at all satisfied with the way in which the McCormick matter was disposed of.

Mayor RAY stated that the committee was doing all in their power in regard to this question.

#### BILLIARDS AGAIN.

Communications were read from Messrs. John Maunder and F. J. Daly, asking that the privilege of conducting their respective billiard rooms for this year, as they are at present, be granted.—Laid on the table.

#### FIRE AND WATER REPORT.

Reeve KYLE presented an informal report from the fire, water and light committee regarding the tenders for a set of double harness for the fire department. The tender of Mr. John Berry was the lowest.

#### RAISING THE WIND.

A by-law to authorize the mayor and treasurer to sign and sell certain town debentures issued under the act of 1891, was duly passed, signed and sealed.

#### A TOWN ENGINEER.

A by-law appointing Mr. F. L. Somerville, C. E., town engineer for 1893, without salary, was duly passed, signed and sealed, after considerable discussion in committee of the whole.

#### TRUANT OFFICER.

A by-law appointing Mr. D. C. Trew truant officer, and fixing his salary at \$100 per year, occasioned much talk and cross-firing. It was finally passed.

#### MALLON'S EYES ARE OPEN.

Coun. MALLON read a communication from a Buffalo manufacturing firm desirous of starting works in Canada, and asked the council to take prompt action in the matter. He wished the communication referred to the town property committee.—Referred to manufacturers' committee.

#### MORE TIME.

Moved by Dep-reeve CRANDELL, seconded by Reeve KYLE, that the time for the collection of taxes be extended until the

17th of April, and that Mr. B. F. Jewet be appointed collector for that period without additional salary and under the same bonds.—Carried.

#### BERRY IS THE BOY.

Moved by Reeve KYLE, seconded by Reeve WALTERS, that the tender of John Berry for harness for the fire department be accepted, and that he be authorized to proceed with the contract at once.—Carried.

#### DIVIDING THE HONORS.

Moved by Reeve KYLE, seconded by Mr. KEITH, that Reeve Walters be appointed chairman of the town property.—Carried.

#### MUSICAL MATTERS.

On motion Mr. Albertson, band master, was heard, and explained the situation as regards the Citizens' band and the town. Moved by Reeve CRANDELL, seconded by Coun. HEAD, that the matter be referred to the finance committee.—Carried. The council then adjourned.

#### "SPEED THE PARTING GUEST."

MR. A. A. SCOTT, OF THE G. T. R. IS REMEMBERED BY HIS FELLOW EMPLOYEES.

On Saturday evening the Grand Trunk employees had a social reunion in the Sons of England hall, Kent street, which was filled to the doors. The occasion was taken advantage of to present Mr. A. A. Scott, late foreman of the Lindsay shops, who has been promoted to the head shops at Montreal to one of the most responsible positions in the gift of the company, with a token of esteem. Mr. Scott has been in the employ of the Grand Trunk for nine or ten years, first at Port Hope and in Lindsay since the works were removed here some five years ago. He is a thorough mechanic, having served his time in that nursery of first-class workmen, the shop of the Wm. Hamilton Mfg. Co., Peterboro. He has always been regarded as one of our best citizens and had all the interests of the railway company and its employees at heart. He has been a staunch friend and supporter of the G. T. R. library, and while his fellow employees are loath to lose him they are pleased that he has been promoted.

Shortly after 8 o'clock Engineer Alex. McMillan took the chair and conducted the meeting, as he runs his engine, "to the Queen's taste." After a few preliminary remarks regarding the object of the meeting, he announced the first item on the programme, an instrumental piece on banjo and mouth organ by Mr. Geo. Adams, which was encored. Then following in rapid succession a comic reading, Mr. J. Petty; song, Mr. J. Watson; recitation, Miss Hattie Minnis; song, Miss Miller; song Jos. Kelcher; duett, Messrs. Petty and McAdams; song, Miss Jennie Miller.

The chairman then called Mr. A. A. Scott to the front. Mr. John Storer stepped forward and read the following address, while at the proper time, Mr. John McMahon handed Mr. Scott an elegant gold watch and chain, the time piece being suitably engraved. They were procured from Petty the jeweller and cost the sum of \$60.00.—

#### LINDSAY, March 18th; 1893.

A. A. Scott, Esq., Shop Foreman.

On hearing of your intended departure from Lindsay, to take a more advanced position in Montreal, your many friends here, determined to give you an address, and a small presentation.

While we are sorry to say good-bye to one who has been our fellow-employee, and comrade for so many years, we are glad to know that our company has recognized your ability and integrity, and we look forward to the time when you will be still further advanced. We will miss you in the shops and in social life, where you and Mrs. Scott have been so well appreciated.

We ask you to accept this watch and chain from your railroad friends on the Midland division, more as a reminder of our good feelings to you than as a gift of value. We wish you and Mrs. Scott all the happiness and good fortune it is possible for any to have.

#### Signed on behalf of the employees,

JAS. STORER,  
JOHN MCMAHON,  
W. DOLBY.

Mr. Scott in reply said:—Mr. chairman and fellow workmen—As this has taken me by surprise, you can better understand my feelings than I can express them. I am somewhat like our native orsman, Hanlan, when he first came before the public. He remarked: "I cannot speak but I can row a boat." I must say that I am not much of a speaker, but can work. However, I sincerely thank you for the very valuable present that has just been handed to me: also for the kind wishes in the address. I may say I had no expectation of receiving this token at your hands as I don't see that I have done anything to merit such distinction, having only done my duty to the company, and while doing so to treat all my fellow employees equal, showing favor to none. I hope in my new sphere of labor to meet with men that are as willing to perform their duties as the men that I regret very much to leave, although it is promotion, and before I sit down I wish to again thank you for the kind wishes you have expressed for Mrs. Scott and myself.

The company, standing, sang "for he's a jolly good fellow."

Mr. T. Matchett, G. T. R. agent, expressed his regret at the departure of Mr. Scott and said that no person would miss him more than he would. He was sorry for the company and sorry for Lindsay. It would be hard to fill his place in the works and as a citizen. He would be missed at the library in which institution he had always taken a deep interest. While sorry to part with him, he was glad he had been promoted and thought there were others in the employ of the company here who deserved the same fate.

In concession he wished Mr. Scott success and prosperity.

Chairman Miller added a few commendatory remarks. He had known Mr. Scott in Port Hope, before coming to Lindsay. He had been efficient there and he had been efficient here. In fact he found him to be "the same old Scott." He was always active, civil, judicious and watchful in the interests of the company's and employees' interests. He was always with the men on the occasion of sports, picnics and at the library his services were invaluable. He regarded the departure of Mr. Scott as a severe loss to Lindsay, but regarded it as a great compliment to the employees here that one of them had been chosen to fill such an important position in the chief shops at Montreal. He wished him God speed.

The remainder of the programme was then proceeded with, viz., Messrs. Marchett, Petty and McAdams; song, Miss Christie; banjo solo, Mr. George Adams; reading, Mr. Petty; recitation, Miss Jennie Miller and song, Mr. J. Watson. The programme was prepared on short notice and was carried out in splendid shape. Of those who took part nothing but what is complimentary can be said. All did well. The songs and recitations by the Misses Miller captivated the audience. Both have fine voices, and with care and training, these young ladies will take a high rank in musical circles. Miss Christie also has a pleasant voice and did admirably. The readings by Mr. Petty, as usual, carried the house by storm and continuous laughter was in order while he held the floor. The accompaniments were all played by Miss McIntosh, in a highly finished manner.

On the conclusion a vote of thanks to all who had taken part in the programme and specially to Miss McIntosh and Mr. Petty, by Mr. L. McIntosh and D. Clarke, was carried unanimously and the gathering concluded with the singing of the National Anthem by the company.

#### Do Not Think

Because Membray's Kidney and Liver Cure is not in a great big bottle, that it is not worth the price. The medicine is in concentrated form, the dose is small, one teaspoonful in a wineglass of water, the effect is marvellous. Try it for Kidney or Liver complaint, if you want a cure as a spring medicine it has no equal. For sale by E. GREGORY, Lindsay, Ont.—12-4.

#### The Band Concert

On Thursday evening of last week, the entertainment under the auspices of the Citizens' Band, at the academy of music, was but poorly attended, we regret to say. T. one who took part were Sara Lord Bailey, the renowned elocutionist, and Mr. W. E. Ramsay, humorist. The entertainment was of a high order, and the result was such a treat as is rarely enjoyed by the citizens of Lindsay.

#### Potato Rot.

Prof. Fletcher, Dominion Enomologist, delivered an address before the select committee on agriculture and colonization at Ottawa Friday. He advised using the bardo mixture as a preventative of potato rot. Six pounds of blue stone, or sulphate of copper, with four pounds of lime, dissolved in forty-five gallons of water. Sprinkle this solution over the foliage of the plant about once a fortnight. An excess of the mixture would do no harm.

#### The Fishway

The fishway near the locks having become too small, and being also in a bad state of repair, representations to that effect, were made to our vigilant and efficient member at Ottawa, Mr. Chas. Fairbairn, and as a result, Fishery Inspector Archie Bradshaw, was instructed to prepare a plan of the required alterations and improvements and to forward the same to the department at Ottawa. Such has accordingly been done and it is expected that orders to proceed will be received in a few days.

#### A Splendid Sale.

That Lindsay stands high in the monetary world is amply proven by the fact, that our debentures, placed on the market last week, brought such a splendid price. Hanson Bros., of Montreal, bought \$120,000 of debentures bearing 4 1/2 per cent. yearly and re-payable, principal and interest yearly, until all are paid, at 101 1/2. Mayor Ray and the finance committee certainly deserve credit for bringing matters to such a highly successful issue. Few, if any, places in the Province can make a better showing, particularly in a year like this when such large number of municipalities have debentures on the market.

#### Easter Beef.

Mr. M. O'Halloran, butcher has prepared a bill of fare for Easter that will tickle the palates of his customers. This year he will show the public the best lot of animals ever shown in Lindsay, by a butcher. They include a three year old heifer, a two year old heifer, a one year old heifer and a calf, all bred and fed by Mr. O'Halloran, himself, and one thoroughbred four year old heifer, fed by Mr. Jos. Symons, of lot 10, con. 6, Ops, that reflects great credit upon that gentleman. In addition Mr. O'Halloran will have sausages, corned beef, spring lambs, fresh pork and all the et ceteras usually found in a first-class, city butcher shop. The animals will be on exhibition on Kent-st. on Tuesday next.—12-2.

#### Church Chimes.

—Services will be held at St. Paul's church on Good Friday, at 10.30 a.m.

—Mr. Etherington, of the graduating class of Wycliffe College, Toronto, officiated at St. Paul's, on Sunday.

—Rev. Mr. Johnston, occupied the pulpit of the Orillia Presbyterian church on Sunday at both services.

—We learn with regret of the continued illness of the Rev. Father Radkins, of Peterboro, Chancellor of the Diocese.

—The Rev. N. Hill, will preach on Sunday evening at the Queen-st. Methodist church, on the subject "The model husband and father."

—The Rev. J. W. Stewart, of Stouffville, preached two excellent educational sermons at the Queen-st. Methodist church on Sunday last, to large congregations.

—Rev. J. H. Locke, of the George-st. Methodist church, Peterboro, has been invited to the parsonate of the Yonge-st. church, Toronto. He will accept, if the conference is willing.

—The Hon. Winfield Sugden, who has for ten years been a missionary among the Zenanas of India, will address a missionary meeting at St. Paul's school house on Tuesday next at 8 p.m.

—The lecture at St. Andrew's church, on Monday evening, by the Rev. R. N. Grant, of Orillia, was well attended. The subject was "Misplaced Men" and it was handled in the speaker's best style.

—The services at St. Mary's church on St. Patrick's day, were of an unusually interesting character. The sermon by Vicar General Laurent was on St. Patrick. The musical part was exceedingly good.

—The congregation of Father Bretherton, at Victoria Road, celebrated St. Patrick's day, by a grand concert in the evening, at which the leading local talent of the neighborhood assisted. It was a great success.

—The Church of England Temperance Society will hold their monthly meeting in St. Paul's school room, on Monday evening, the 27th inst. An excellent programme of reading and singing will be rendered. All are cordially invited.

—The revival services which have been carried on for some time at the Baptist church have borne good fruit. Quite a number have professed religion and further results are expected. On Sunday evening the rite of baptism was administered to two persons.

—Rev. Mr. Campbell, of the Cambridge street Methodist church, is a cosmopolitan and believes in giving honor where it is due. He referred, on Sunday evening, in highly complimentary terms, to the Pope of Rome, and eulogized him for his many good and charitable deeds.

—The choir of the Cambridge-st. Methodist church will be assisted by a quartette from Toronto, two ladies and gentlemen, in their concert on Good Friday evening. The songs will be all in keeping with the spirit of the day. The last concert will be a pledge of the good quality of the music for this one.

—Rev. Mr. Johnston, of St. Andrew's church, takes a deep interest in the Sabbath school, as well as in all other church work and recently announced that he would give a handsome bible to all children of St. Andrew's Sabbath school, who were proficient in their catechism and texts and regular in attendance during the present year.

—Rev. Dr. Grant, of Orillia, the well-known "Knoxonian," of the Canada Presbyterian, preached eloquent sermons at St. Andrew's, at both services on Sunday, to large congregations. The Dr. is one of the best known speakers and writers in the church and to say that his sermons were both eloquent and interesting, does him but scant justice.

—On Friday evening a very large congregation assembled at St. Mary's church to hear a lecture on "St. Patrick, His Life and Labors," by the Rev. Father Scollard, of the cathedral, Peterboro. The rev. gentleman is an eloquent and earnest speaker and his effort was highly appreciated. The lecture was under the auspices of the St. Vincent de Paul society and the proceeds added quite a tidy sum to the funds of that worthy charitable society.

#### Salvationist Sallies.

—The musical meeting given Thursday evening in the Army barracks was much enjoyed by all present. The duett rendered by Messrs. Lindsay and Joyce pleased all. The medley given on the stringed instruments was highly appreciated as was also the vocal and instrumental music given by the band. Some short exhortations were given and with an invitation to the sinner to turn to God the meeting was brought to a close.

—Two scenes in a drunkard's life will be at the barracks, Thursday, March 30th, at 8 p. m. The meeting will be preceded by a novel march around the town. Officers and soldiers from Peterboro and Omemee are expected to be present. Admission by ticket 10c.

The third page of the Toronto Daily Mail is noted for "Want" advertisements. If you want a situation, a mechanic, a business, machinery, lodging, if you have lost or found anything, or if you want to find out where anyone is, advertise in the Toronto Daily Mail and read the advertisements on the third page of that paper. The charge is two cents a word each insertion, or ten cents a word for six insertions. Address The Mail Toronto, Canada.
