—The Makins foundry has changed hands. On Saturday last Mr. J. W. McCrae of Tilsonburg obtained control and will proceed to reconstruct the entire plant on modern lines and promises to build up a live business here.

—Gravenhurst citizens are strenuously exerting themselves to have their town made the district seat of the district of Muskoka. A Gravenhurst deputation has waited upon the Ontario Cabinet in the matter, and succeeded in securing a promise of consideration.

—An oyster supper was held at Mr. John Ashmore's, Salem, Ops, on Friday evening. A jolly party of young people went there and spent a very enjoyable evening. A number from town were there and are loud in the praise of the genial host.

—The farmers and woodmen of the north country will have money to—well they have as much as a good many in the Klondike who this winter's cut of poles, ties and logs has been disposed of. The good hard weather has meant money to those people.

—Some three months ago a young son of Mr. W. Sloan of Reaboro met with an accident that injured the bone of his leg. Since then he has been in the hospital, Toronto, having it doctored. After several operations the diseased bone is thought to have all been removed.

—A Belleville young man took his girl out for a sleighdrive recently and she fell out of cutter while he drove on a mile or two before she was missed. A mistake of that kind could not happen in Lindsay. The horse might fall out of the shafts and not be missed for an hour or two, but the girl, never.

—The next Manitoba excursion will leave on March 21st. For tickets apply to T. C. MATCHETT, 60 Kent-st., Lindsay. Tickets purchased at the C.P.R. office in Lindsay are good to start from any railway station on the Midland Division of the G.T.R.—8-6.

—The Children's Aid Society of Peterboro has for adoption three Roman Catholic children—a girl of fifteen, quick and capable, and two smaller girls, aged six and three years, respectively. Also two girls, Protestants, one thirteen and the other eight years of age.

—Will those having books out belonging to the Public Library be kind enough to return them. Look on your shelves for "A Gentleman Vagabond," "One Who Looked On," "By Pike and Dyke," "Harry Richmond," "That Frenchman," and "A Story Tellers Pack."

—One day last week the caboose of a freight train stood on the siding at Allendale. Inside were the conductor and crew and a coal stove. The men were asleep and something went wrong with the stove so that the gas escaped. When found they were in danger of not waking and bringing them around was a job for a doctor.

—The assessor of Mariposa, Mr. T. G. Irwin, requests the leaders of both political parties of that township to send the names, age, address and school section or the manhood franchise voters in their respective polling divisions, to him at Glandine before the 25th inst. to avoid the trouble and expense of obtaining them otherwise. Will the leaders kindly note this request.

—The legislature was on its best behavior yesterday for they were brought face to face with about fifty of the leading citizens of this town. There are only some of our men of importance who did not belong to one of the two delegations that held up Arthur Sturgis for either the renunciation of our recent loan and bonus or support for the Mattawa railway. No show of resistance was made and both requests now have legislative consideration.

—At a meeting of the Children's Aid Society on Friday evening Mrs. P. Murphy was appointed a member of the board in the stead of Mrs. Bolger who resigned. Mr. M. J. Kenny was made society solicitor in place of Mr. Steers, resigned. At the next meeting of the county council the usual grant of \$25 will be asked since the treasurer overlooked to make it last season. The society has two bright boys 6 and 9 years old for whom they want homes.

—A twelve-year-old girl from near Madoc passed through Peterboro on Thursday last on her way to the hospital at Toronto. She is suffering from a disease called ichthyosis. Her skin is covered with scales like that of a fish. These first appeared in a small patch below her knee and have spread very rapidly. His chief annoyance is in the skin cracking and becoming very irritable. Fish oil is the only known remedy and that is not permanent.

—The last of the Fairview bull calves advertised in our columns the past month has been recently shipped to Mr. R. Corley of Huron county. He is a very choice nine months old calf, of excellent form, and so promising that he may yet be heard of as a leader in showing, if fitted for that purpose. We question if he has many equals of his age in the province, and certainly no superiors as the cash price of \$110 will indicate. Had he been six months older his value would have been largely increased. Mr. Campbell has yet one very good calf to find a customer for.

—The following from Friday's Mail-Empire may interest some of our Fenelon readers: "It is now expected that a settlement will shortly be arranged by which depositors and unsecured debenture-holders will get something out of the wreck of the Financial Corporation. The estate of the defunct company has as yet paid nothing of the \$50,000 owing to the depositors. An offer has been made in behalf of Mr. J. K. Kerr, who is the largest holder of unpaid stock, of 15 cents on the dollar, to carry a discharge, and it is understood that this proposition is being favorably received. The advisory committee will confer with the creditors before any definite action is taken."

—On Monday evening Grenville Kleiser, the celebrated reader and entertainer, was at the Y.M.C.A. rooms in one of his best performances. Not having the price we have no means of describing how he acquitted himself.

—It is said that shoody pedlars are getting in their work in the county. Many will buy and get bit, but they won't be able to say they didn't know it was loaded. There is not a town merchant who will not do better for people than these fakirs.

—There is an exhibition in the window of Petty's jewelry store, a photograph of the Victoria Rifle Association in colors. The crayon work is from the pencil of Mrs. P. G. Pilkie. Judges of this art say that it is the very highest type of English crayon work.

### CHURCH NOTES

—Interesting anniversary services will be held in the Baptist church next Sunday and Monday. Rev. C. H. Schutt will preach at both services on Sunday and on Monday evening a public meeting will be addressed by Mr. Schutt and Mrs. Eva Rose Yorke of Toronto. Mrs. Yorke is well known in musical and literary circles in Canada, and is becoming known as an impressive speaker. Mr. Schutt is one of the most promising of the younger men in the Baptist ministry. The congregation will be glad to welcome their friends at all services.

### TWO FATAL ACCIDENTS

We have to report two sad fatalities that have thrown a gloom over the north country. On Wednesday of last week an accident occurred near Glenora by which Mr. Neil McKinnon, one of Eldon's most promising young men, lost his life. He had gone with a neighbor for a load of sand. After his friend had been using the pick for some time Neil offered to take a hand at it and had only struck a few blows when an immense mass of overhanging earth dropped without warning and struck him on the head. Several men were at hand and removed the debris but life was extinct. The men had feared no danger thinking the rock above was sufficient to hold the bank. The young man was 28 years old and a member of the Sons of Scotland. Universal sympathy is felt for the bereaved family.

A distressing fatality occurred near Balsore on Thursday the 9th inst, by which Mr. Donald McRae met immediate death. With his brother he was working in the bush and a tree which they had been felling lodged in another. Donald walked up the slanting trunk to release it, expecting to be able to jump at the right moment. It went suddenly, however, and the unfortunate young man was hurled headlong to the ground. His neck was broken by the fall.

### MARRIAGE LICENSES

Issued by BRITTON BROS., jewellers, Lindsay,—lyr.

### THE AVERAGE MAN

Rev. R. T. Grant, D.D., of Orillia, is to lecture upon "The Average Man," in St. Andrew's church, on the evening of Tuesday, March 28th. The shrewd common sense and caustic wit of the well-known "Knoxonian" will be at their best upon horses on the subject. Many in Lindsay remember the reverend doctor's previous lecture in town and will be glad to hear him again.

### THE ATLIN COUNTRY

Mr. Sam Suddaby of Burnt River has just received a letter from his son Thomas in the Atlin district, northern B.C. He went west in 1896. Two years after he and some friends drove a herd of stock from Ashcroft to Atlin, a distance of 1300 miles. They lost five steers and seventeen horses on the journey, which took six months. They intended going to Dawson but since the boom was on at Atlin they sold their stock there and took up claims.

Mr. Suddaby has two staked out. He says there is a good deal of excitement here. The labor law just passed by the province prohibiting aliens from taking claims. There are good prospects for gold there.

### HYMNEAL

M'CAUSLAND—HICKS.

A pleasant event took place at the home of Mr. Wm. Hicks of Brickville on Wednesday evening of last week, the happy incident being the marriage of his only daughter Miss Florence, a young lady of most amiable disposition and pleasing presence, to Mr. James McCausland, caretaker of Riverside cemetery. The ceremony was performed by Rev. Mr. Macmurray who tied the knot in his usual dignified manner. The bride was assisted by her cousin Miss Florence Reed of West Ops while Wm. McCausland, cousin of the groom, was best man. Only a few guests were present, who wished the newly wedded couple a merry trip through life they drove away to Mr. and Mrs. Thos. Reeds of West Ops, where a sumptuous wedding dejeuner awaited them and many friends had assembled to bestow congratulations and numerous presents upon the happy young couple, who are highly esteemed in the community.

### WEBSTER—JORDAN

The residence of Mr. James Jordan of Oakwood was once more the scene of a very pretty wedding when on Wednesday March 8th., his third daughter Sarah Maud, was united in the holy bonds of matrimony to Herbert L. Webster of Oakwood at three o'clock in the afternoon. Only the immediate friends of the bride and groom were present. The sweet strains of the wedding march were skillfully played by Miss Carrie Brown of Penel. Rev. Mr. Stratton of Little Britain tied the nuptial knot, neatly and securely. The bride wore a dress of cream cashmere, trimmed with white silk and chiffon lace and wore orange blossoms in her hair. Her cousin Miss Edith Wright who acted as bridesmaid wore a dress of Swiss muslin trimmed with fine lace. The groom was ably assisted by his brother Mr. Albert E. Webster. After the ceremony was over the company retired to the dining room where a bountiful supper was in readiness. After doing ample justice to the good things provided, the happy couple were driven to Mariposa station, where they took the evening train for Toronto, and other western points. The large number of presents which the bride received, attest that she was a general favorite. Mr. and Mrs. Webster have the congratulations and best wishes of the community and the Watchman-Warder.

### THE STORY OF A LETTER

The National Advertiser tells a story of an old bachelor who bought a pair of socks and found attached to one of them a slip of paper with these words: "I am a young lady of 20 and would like to correspond with a bachelor with a view to matrimony." Name and address were given. The bachelor wrote and in a few days got his letter: "Mamma was married 20 years ago. The merchant you bought those socks from evidently did not advertise or he would have sold them long ago. Mamma handed me your letter and said possibly I might suit you. I am 18 years old."

### A NEW ZEALAND NEWSPAPER

The finest specimen of modern newspaper enterprise that we have seen came to hand recently in the exhibition number of the Auckland Star of Auckland, New Zealand. The paper is 24 inches long and 18 inches wide and contains 83 pages. The covers are marvels of the lithographer's art and were executed by the Star's own plant. Inside it is an illustrated encyclopaedia of New Zealand, its country, towns, cities, scenery, industries, commerce and shipping. The illustrations lent the admiration of a quality that challenge on a scale and of a quality that challenge in every department of that country's life and resources have evidently been employed to prepare the articles which are models of instructive detail. That such a publication should come from New Zealand is a revelation, that leads a Canadian to look to the laurels of his country. The paper was sent by Mr. John Zealand and is now engaged in the book business there. Mr. Finley is a brother of Mrs. Richard Leary of Lindsay.
