LEADING  
& COMPANY,  
—LEADING—  
WEATHER  
AND FURRIERS,  
AT 96 KENT-ST., LINDSAY,  
a Large and Complete  
Display of  
Hats and Caps,  
—AND—  
Gentlemen's  
Furnishings

LEADING HATS.—The  
Carlsbad is a Prim.  
Carlsbad with Black Band  
is selling well for general  
use. The Hamburg  
is selling well to the front. The new  
Stiff Hat is consid-  
erably lower in crown and broader  
at the base than the leading colors  
Black and Brown.  
STRAWS.—Sailors predomi-  
nate in low-crown and wide  
brim features. The  
brands are the Pedal,  
Railroad and Milan.  
MEN'S FURNISHINGS.—Collars,  
Scarfs, Bows, Windsor,  
Shirts, Neglige Shirts,  
Ties, etc., etc. Kid Gloves,  
White and Black.  
Coun. Touchburn said he proposed  
this year to supervise the laying of all  
tile on the streets. The people interest-  
ed are to do the excavating and covering.  
The place referred to in the report was  
one of the worst bog holes in town and a  
good tile drain would dry the street and  
remove the obnoxious smell, which now  
exists, as well as greatly improve the  
property in the vicinity, at a cost to the  
town of about \$40.  
Coun. Mallon thought the grant should  
not be made until after the trip of the  
street and bridge committee, which body  
could see just what is wanted and recom-  
mend accordingly. At present Kent and  
other streets are in a dangerous and  
deplorable condition and as the town had  
no money to spare, only those things  
absolutely necessary should be done,  
until after the annual inspection by the  
committee.  
Coun. Touchburn said that it was well  
known that the place spoken of was about  
the worst in town and the work should be  
done at once.  
Reeve Crandell urged delay and the  
adoption of some system. He was a firm  
believer in tiling and considered that our  
streets would never be in proper condi-  
tion until they were well tiled. In the  
past private parties had done the work as  
best suited themselves and he expressed  
the hope that a proper system would  
be adopted without delay.  
Coun. Head favored the report, but  
wanted a definite system of action adopt-  
ed, at once, for the future.  
Coun. Touchburn pointed out that the  
drain under discussion would be complete  
in itself, not connected at either end with  
any other drain, and he would oppose all  
grants of a similar character unless the  
town derived a benefit.  
Reeve Kylie said that if a sewerage  
system was adopted the property owners  
might want to put in a different style of  
drain to the one proposed now. The  
plain in question is one of the worst in  
town and the cellars along the route are  
all wet now.  
Mayor Ray suggested that a return be  
brought down showing the number of feet  
of tile given away last year and the cost  
of the same and strongly urged the adop-  
tion of a proper system of laying down  
tile drains.  
The report was adopted.  
A STARTER.  
Moved by Coun. Mallon, seconded by  
Coun. Killaby, that the sidewalk in front  
of the old Queen's Hotel, recently destroy-  
ed by fire, be re-built and that the street  
and bridge committee have power to act.  
—Carried.

## BILLIARD MEN ARE HAPPY.

The Tables May be Kept in Hotels,  
but Must be Away From the Bars.

THE TOWN SOLICITOR LAYS DOWN THE LAW  
SO THAT THEY WHO RUN MAY UNDER-  
STAND—INTERNAL COMMUNICATION  
BETWEEN BAR AND BILLIARD ROOM  
MUST BE CUT OFF—TILE FOR DRAIN-  
AGE—AN OPTION ON THE PROPOSED  
ISOLATION HOSPITAL SITE.

The civic solons met in special conclave  
on Monday night. When Mayor Ray  
ascended the dias, he gazed on an unbroken  
front, each member being in his place.  
Those outside the bar were few in number  
and the meeting was a short, sharp and  
decisive one.

The reading of the minutes was dispensed  
with.

### COMMUNICATIONS, ETC.

From Messrs. F. J. Daly, John Mauder  
and Thos. McConnell, asking for  
billiard table licenses.—Received.

From Minnie Fobert, asking for a new  
sidewalk on Kent-st., from Mill-st. to  
Simcoe-st.—S. and B. committee.

From W. H. Wilson, asking the council  
to open out the culvert on Needham-  
s., in the east ward, to the Ops boundary,  
as at present the street is impassible.—  
S. and B. committee.

From Jos. Ingle, asking for a new  
sidewalk or that the present one be  
widened and repaired, on the north side  
of Melbourne-st., east from St. Lawrence.—  
S. and B. committee.

From the secretary of the Board of  
Health, enclosing a copy of a resolution,  
re hospital, passed by that body.—Received.

### TILE FOR STREETS.

Coun. Touchburn, chairman, presented  
a report from the street and bridge com-  
mittee, recommending the purchase of  
800 feet of 8 inch tile, to be used on  
Albert and Peel-sts., to start opposite the  
residence of Mr. Morgan, on Fair Avenue  
and end opposite Mr. Lovell's.

Mayor Ray thought that the council  
should adopt some policy this year regard-  
ing tile, which was laid in such a ship-  
shod manner that it did no good.

Coun. Touchburn said he proposed  
this year to supervise the laying of all  
tile on the streets. The people interest-  
ed are to do the excavating and covering.

Reeve Crandell urged delay and the  
adoption of some system. He was a firm  
believer in tiling and considered that our  
streets would never be in proper condi-  
tion until they were well tiled. In the  
past private parties had done the work as  
best suited themselves and he expressed  
the hope that a proper system would  
be adopted without delay.

Coun. Head favored the report, but  
wanted a definite system of action adopt-  
ed, at once, for the future.

Coun. Touchburn pointed out that the  
drain under discussion would be complete  
in itself, not connected at either end with  
any other drain, and he would oppose all  
grants of a similar character unless the  
town derived a benefit.

Reeve Kylie said that if a sewerage  
system was adopted the property owners  
might want to put in a different style of  
drain to the one proposed now. The  
plain in question is one of the worst in  
town and the cellars along the route are  
all wet now.

Mayor Ray suggested that a return be  
brought down showing the number of feet  
of tile given away last year and the cost  
of the same and strongly urged the adop-  
tion of a proper system of laying down  
tile drains.

The report was adopted.

### A STARTER.

Moved by Coun. Killaby, seconded by  
Coun. Killaby, that the sidewalk in front  
of the old Queen's Hotel, recently destroy-  
ed by fire, be re-built and that the street  
and bridge committee have power to act.  
—Carried.

### SETTLED AT LAST.

Moved by Reeve Crandell, seconded by  
Coun. Killaby, that all the applicants for  
billiard licenses having complied with the  
by-law, the clerk be instructed to issue  
such licenses at once.

Coun. Head objected that the motion  
was not in order.

Mayor Ray thought the motion was out  
of order, and asked the town solicitor to  
explain the true meaning of the by-law.

Mr. E. H. Hopkins, town solicitor,  
said that the council had no power to  
prohibit the playing of billiards, but only  
to license, regulate and govern. They had  
the right to license (1) if kept for hire or  
gain; (2) if kept in a house of public  
entertainment or resort. The council

could not say that a man had no right to  
have a billiard table in his house for the  
amusement of himself and friends, as long  
as he did not charge for playing on the  
same. The original by-law provided, as  
the statute permits, and the officials could  
not make fish of one applicant and flesh  
of another, but all applicants, who com-  
plied with the terms of the amended  
by-law, to the satisfaction of the chief  
constable, were entitled to a license, upon  
payment of the stipulated sum of money.  
The council cannot prohibit billiards,  
nor can they impose a prohibitory license.  
The amended by-law said there must not  
be any internal communication between the  
billiard rooms and the bars, the same  
as in the case of groceries and liquors, and  
this by-law was drawn on the same  
lines.

Coun. Keith asked if the council could  
pass a by-law to refuse billiard table  
licenses to persons who held liquor  
licenses?

Mr. Hopkins said he thought the coun-  
cil could do so.

Mayor Ray said that as none of the  
applicants had properly applied for licen-  
ses, in accordance with the terms of the  
by-law, he must rule that the resolution  
was out of order.

Coun. Crandell remarked that as all  
were satisfied that the licenses asked for  
must be granted, he was perfectly satisfied  
and was willing to drop his resolution.

### OUT OF ORDER.

Moved by Coun. Mallon, seconded by  
Reeve Crandell, that the Billiard By-law  
No. 67 1/2 be rescinded for nine months,  
and that the corporate seal be attached to  
this resolution.

Mayor Ray said that if Bro. Mallon  
read his copy of the municipal work he  
would find that his resolution was out of  
order.

Coun. Mallon dissented and asked the  
town solicitor for his opinion.

The town solicitor said the mayor was  
perfectly right.

### FOR THE HOSPITAL.

Moved by Reeve Crandell, seconded by  
Coun. Killaby, that the Mayor correspond  
with the owners of park lots O and P to  
obtain the best price and terms possible  
for the same, and to secure an option.—  
Carried.

The meeting then adjourned.

### Prices at Soanes' Fish and Fruit Mart.

- Salmon Trout per lb. 8 1/2c
- Bass per lb. 8c
- White Fish per lb. 8 1/2c
- Bananas per doz. 30c to 40c
- Oranges " 25c to 40c
- Lemons " 25c to 35c

Flower plants in bloom, lettuce, radishes,  
Onions. Fresh every day.  
Cabbage, carrots, beets, Turnips and  
all kinds of vegetables, always on  
hand at SOANES' Market, Kent street,  
14-tf.

### Best in the Market.

The old reliable L. O'Connor, after being  
continuously in business for thirty years,  
is still on deck at the old stand and is bet-  
ter prepared than ever to serve his cus-  
tomers. All work done here is first-class.  
Slop-work is tabooed, and when a rig has  
L. O'Connor's name on it, that means first-  
class material. Just now he has on hand  
a splendid stock of end spring buggies,  
side-bars, Brewsters, phenons, Gladstones,  
Surreys, all made and finished on the pre-  
mises. None but the best of stock is used  
from start to finish, and the dozen or more  
diplomas on the wall show that good  
judges know what his work is. O'Connor's  
farm wagons are known from one end of  
the district to the other as the most sub-  
stantial and easiest running in the market.  
He also carries a full line of perambulators,  
small express wagons, etc., and the prices  
are away down. Some second-hand vehi-  
cles, that look as good as new, can be had  
for a song and a small amount of cash. He  
has on exhibition a buggy made by him  
seventeen years ago, which has been in  
constant use ever since and is almost as  
good to-day as when turned out, although  
it did not cost a single dollar for repairs in  
that long period. Mr. O'Connor makes a  
specialty of repairing and executes all such  
entrusted to him, with promptness and in  
the very best style. Corner of William  
and Russell-sts. is the stand.—15-tf.

### School Examinations.

Examinations for the admission of  
pupils to the High Schools will be held  
at Lindsay, Omemee, Oakwood, Kirkfield,  
Fenelon Falls and Bobcaygeon, commencing  
on Wednesday, June 28th, at 8.45  
a.m. The names of Candidates, with age  
and school, must be sent to the Inspector  
not later than May 1st, in order to secure  
seats.

A Public School Leaving Examination  
will be held at the same time, and at the  
same places as the Entrance Examinations.  
The names of Candidates, with age  
and school, must be sent to the Ins-  
pector not later than May 1st. Candidates  
must have passed the Entrance  
Examination, or obtained one-half the  
required marks at an Entrance Examination.

Non-professional teachers' examina-  
tions. Primary, commencing on Tuesday,  
July 4th, at 8.40 a.m. Junior Leaving  
and Pass Matriculation, commencing on  
Tuesday, July 4th, at 8.40 a.m. Senior  
Leaving and Honor Matriculation, com-  
mencing on Thursday, July 13th, at  
1.30 p.m. Candidates for the primary  
examination will write at Lindsay,  
Omemee, Fenelon Falls and Bobcaygeon.  
Candidates for the Junior Leaving and  
Pass Matriculation will write at Lindsay  
and Omemee. Candidates for Senior  
Leaving and Honor Matriculation will  
write at the Collegiate Institute, Lindsay.

## FRIENDSHIP, LOVE, TRUTH.

The Rev. Mr. Johnston preaches to the  
Oddfellows at St. Andrew's.

A POWERFUL SERMON, DELIVERED IN ELO-  
QUENT LANGUAGE, BY A POPULAR  
PASTOR, TO A LARGE NUMBER OF THE  
MEMBERS OF THE ORDER AND A CROWD-  
ED CONGREGATION.

On Sunday last the Rev. Mr. Johnston  
delivered the annual sermon to the mem-  
bers of the I.O.O.F. at St. Andrew's  
church. The centre seats were reserved  
for the brethren, of whom about one  
hundred, including a number from Man-  
ila, were present. The spacious edifice  
was filled to repletion, and the effort of  
the popular and eloquent minister was  
one of the best ever heard in Lindsay.

### WORDS OF WELCOME.

Before commencing his sermon Mr.  
Johnston said "Allow me in a word to  
welcome to our service to-day the lodge  
of the Independent Order of Oddfellows.  
Your society is one, gentlemen, which  
calls for commendation in many ways.  
You are to be commended for the high  
moral tone which characterizes the order,  
for the faithfulness with which general-  
ly the rules of the order in this respect are  
carried out. You are to be commended  
for the philanthropic work which you  
have done in the past and which you  
still seek to do. A society which in a  
single year in Canada has spent about  
seventy thousand dollars in relieving  
widows, in educating orphans and in bear-  
ing the expenses of long illnesses is one  
that deserves many good words to be  
spoken of it. I am not a strong advocate  
of societies, in striving to be faithful in the  
discharge of duties in the two societies  
divinely established—the home and the  
church. I find abundant opportunity for  
the exercise of all my energies. Christ  
said that the children of this world are  
wiser in their generation than the children  
of light and there are matters in which  
the church might, I believe, learn from  
members of mere human organizations.  
Especially do I wish that members of the  
Christian church were as loyal to the  
church as you gentlemen are to your  
society; that loyalty I admire in you and  
would fain see it practised in other  
quarters. And now, gentlemen, while I  
would have you loyal to your society while  
you are members of it, I invite you to  
become members of a better society—the  
church of Jesus Christ. We offer no  
temporal benefits in the ordinary sense of  
the term, but yet even for this world you  
are promised what nothing else can give.  
To those in trouble or distress the Grand  
Master Himself, Jesus Christ, promises his  
presence and aid. "When thou passest  
through the waters I will be with thee,  
and through the rivers they shall not  
overflow thee," and for the world to come  
to the members of this society are prom-  
ised by their Lord and Master joys eternal  
with Himself. I invite you to become  
followers of Him who loves you all and  
who died that you might be saved from  
sin and made members with Himself of  
the family of God, heirs of life eternal."

### ONE-SIDED RELIGION.

Luke 10: 29.

As Mr. Johnston had not the sermon  
in manuscript, we are unable to publish  
it in full. The following are notes which  
will give some idea of prominent thoughts  
in the discourse:

"Have you ever noticed how differently  
Christ met and answered those who came  
to Him asking even the same questions?  
This lawyer came asking 'Master what  
shall I do to inherit eternal life?' He  
wanted to draw Christ into a theologian-  
discussion; he came tempting Christ  
Christ answered him in his own spirit, he  
led him on to answer his own question and  
to see his own littleness. Another man, a  
rich young ruler, once came to Christ with  
the same question 'What must I do to  
inherit eternal life.' He had more earnest-  
ness of spirit, and Christ answered him  
accordingly showing the path of self-  
sacrifice that led into the kingdom.  
Another man, a teacher of the Jews,  
Nicomachus by name, came one night to  
seek information on the same great sub-  
ject. He came humbly, with earnest  
desire to know the truth. Beside him  
Christ sat down and simply and plainly  
told the gospel of the love of God and the  
provision of life in the Son of God. So  
it ever is, the spirit in which you approach  
Christ determines the response you will  
receive. Come to Him as a critic, as a  
caviller and you will go from Him as the  
scribes who thus approached Him ever  
went from Him, discomfited, defeated,  
angry at your own littleness. Come to  
Him humbly, with a heart broken under  
the burden of sin and anxiously seeking  
rest and light and He will with infinite  
love and patience teach you the things  
concerning Himself and throw open to  
you the whole store of heaven's light and  
love."

\* \* \* \* \*

Religion is two-sided. The com-  
plete law is supreme love to God and  
then love to your fellow-men. Many  
there are who separate these two; some  
think that all of religion consists of  
exercises of worship to God and forget  
their neighbors and the love due to them;  
such religion is one-sided. Others there  
are who say 'my religion is to love my  
neighbors, to do to others as I would have  
them do to me,' and yet forget that they  
are withholding from God the love and  
veneration which it is His right to claim.  
From a God who crowns their life with  
blessings and who gave His Son to die for  
them they withhold their love, they even  
treat Him with indifference and then say

that they are treating others as they  
would be treated. Supreme love and  
devotion to God is man's first duty, love  
to his neighbor is his next.

How the traveller's heart throbbled with  
joy when he saw the priest approaching.  
Here was a man who of all others would  
gladly help him. He closes his eyes till  
he shall approach. But what! Is he  
passing! Has he gone by! Oh! misery.  
And this is how the religious man has  
treated him! This is what all his praying  
and fasting and psalm-singing is worth.  
Well, let him get well and they shall  
know what he thinks of them and all their  
services. I can fancy him cursing the  
religion of which the very representative  
would pass him by in his suffering and  
leave him to die in his blood. How easy  
it is to follow the priest's example—how  
easy to pass those by whom we might  
help! Have you ever known a young  
man come to town and fall among thieves  
who have stripped him of his good habits,  
his character, his morals, and have you  
though you knew of it said 'it is none of  
my business, I cannot look after everyone  
who wants to go to ruin! Have you ever  
known a man to fall among thieves who  
have stripped him of his property, his  
business, his prospects and have left him  
a wreck, ruined in fortune and in charac-  
ter, and have you passed by saying 'it is  
none of my business, there are others who  
should try to help him? Ah! where is  
the priest now? Do not speak too harshly  
of this man who lived so long ago lest in  
your words you condemn yourself.

And who is this Samaritan? He is the  
man whom the Jew when he met him  
hissed at and spat upon; the man who was  
cursed publicly in the synagogue; the man  
for whom the Jew prayed that he might  
never enter into the resurrection of life.  
This was he, and this is he who is stoop-  
ing over his enemy and tenderly binding  
up his wounds, and giving him time and  
his money as well as his trouble to see him  
in a place of safety and of comfort. What  
does it mean? Let us ask this Samaritan  
his reasons for so treating the man who of  
all others was his chief enemy. 'Is this a  
member of your synagogue?' No. 'Is he  
a member of your lodge?' No. 'Does he  
belong to your lodge?' No. 'Was he not  
your enemy?' 'Yes, I believe  
did you help him?' 'Why then  
did you help him? Why, the poor fellow  
was in need. Ah! how the gospel of  
Christ lifts us up above the petty restric-  
tions of human organizations. "Help those  
who help you. Why the publicans do that,  
the heathen do as much as that. But to  
help the man who hates you, to do a kind-  
ness to the very person who has done his  
utmost to ruin you, this is the spirit of the  
gospel of Christ. But this is against  
is quite contrary to human nature, and if  
you would possess such a spirit it must be  
human nature and the implanting in your  
heart the divine nature which comes from  
God; 'ye must be born again.'

Do you admire the good Samaritan?  
Would you possess his spirit? That spirit of  
love springs up when we get a sight of the  
love of God for us. There is a deeper mean-  
ing to this parable than that which I have  
given it here. Who is the traveller fallen  
among thieves but the sinner who leaving  
Jerusalem, the city of holiness, has on  
his way to Jericho the city of sin been beset  
by enemies and left wounded with sin,  
robbed of his righteousness, and ready to  
perish. The law and the ritual of sacrifi-  
ce pass him by unable to help, but Jesus  
Christ the true good Samaritan, Jesus  
Christ from whom he had turned and  
whom he had neglected comes to him in  
his need and in love raises him from his  
fallen estate. He purges away his sin, he  
clothes him with His own righteousness.  
He becomes poor that the sinner may be  
rich, he provides him with grace for all  
his need, and all this He does in  
compassion and love for the needy  
soul. My friend, if you have seen Christ's  
work for you and have realized the depth  
to which His love stooped to reach you, it  
will seem a small thing for you to go out  
and help even the man who has injured you.  
Look to Christ then as your true  
Helper, accept the help that He brings to  
you, and then go out to live in the world  
the life you have seen in Christ Jesus."

At the conclusion of the service the  
Oddfellows returned to their hall, where  
votes of thanks were passed to the Rev.  
Mr. Johnston for his excellent sermon, to  
the trustees for the use of the church, to  
the choir for their services and to the  
visiting brethren for their attendance.

### Accident.

Mr. John McSweeney, an employee at the  
Grand Trunk shops, met with a painful  
accident on Monday. He was shoving a  
pair of wheels along a track, when he  
tripped and fell under one of them. It  
passed over his left ankle, crushing it  
badly, but happily no bones were broken.  
Medical aid was secured at once and the  
injured man removed to his residence,  
where he will likely be confined for some  
time.

## THE BOARD OF HEALTH

Hold a Meeting and Discuss the Isolation  
Hospital and "Lumpy Jaw" Beef.

A meeting of the local Board of Health  
was held at the council chamber, on Sat-  
urday evening. Those present were  
Messrs. Thos. Walters, chairman; Cook,  
Stewart, Mauder, Dr. Lynch, Winters  
and Mayor Ray. Dr. Herriman, medical  
health officer and Sanitary Inspector  
Douglas were also in attendance.

Dr. Lynch acted as secretary and read  
the minutes of the last meeting, which  
were duly confirmed.

An account of \$3.00 from the sanitary  
inspector was presented and will be recom-  
mended to the council for payment  
when the proper vouchers are produced.  
M. H. O'S REPORT.

Dr. Herriman read a report stating that  
the epidemic of measles was subsiding  
rapidly, but that a few cases still existed.  
Since the last report one case of diphte-  
ria had been reported from the east  
ward, making the fourth this year, in  
town, and all from the same locality. One  
case resulted fatally. Negotiations were  
being made to secure a hospital site, but  
as the council had taken the matter up  
the officers of the board had dropped it.  
A synopsis of sanitary regulations is  
being prepared for publication and will  
soon be ready. The matter of investigat-  
ing the "lumpy jaw" beef charges was  
being proceeded with.

Chairman Walters said that the present  
hospital site was only secured after great  
difficulty. A few feet of land, near the  
lot now owned by the town could be  
purchased at a small cost and the large  
outlay that would be necessary for a new  
lot and building would be saved.

Dr. Herriman said that several houses  
were now within the limits allowed by  
law and the present dumping ground was  
of no use whatever.

Dr. Lynch pointed out the urgent  
necessity that existed for an isolation  
hospital. In a recent case of diphte-  
ria, the victim being a child, the mother  
and the sick child were in one portion  
of the house, while the father and another  
child occupied another portion. It was  
impossible to secure a nurse, although  
several were applied to, and at least half  
a dozen families refused to take charge of  
the well child. Such being the case  
there was no place to put the child except  
in the gaol.

Chairman Walters pointed out that the  
board had the right to take any building  
required and if the present hospital was  
not suitable then the council should be  
required to furnish one at once.

### BETTER BEEF.

Coun. Tully, on motion was heard, and  
read a copy of a proposed by-law, to be  
submitted to the town council, which he  
asked the board to approve of. The by-  
law provides for the inspection of all meat  
sold in town and for the inspection of the  
hides of the animals killed.

Dr. Lynch thought the time was rapidly  
approaching when all meat would be  
inspected, as in England and Germany.

Chairman Walters suggested a public  
abattoir making it compulsory to kill at  
the one place.

### THE MATTER WAS LEFT IN ABEYANCE.

Dr. Herriman said that one of the  
butchers had been charged, in a local  
newspaper, with selling diseased meat.  
He wanted the advice of the board as to  
whether he would proceed or not. He  
knew the name of the butcher, but had  
no further evidence than the newspaper  
report.

Chairman Walters objected to jumping  
into law, unless there was strong enough  
evidence to convict.

Mr. Winters insisted on the officers  
doing their duty, if they had a good  
case.

Moved by Mr. Stewart, seconded by  
Mr. Mauder, that this board desires its  
executive officers to take the necessary  
proceedings against any butcher who may  
have sold diseased meat.—Carried.

### THE NEW HOSPITAL LOT.

Mayor Ray informed the board that  
the council had made the necessary  
arrangements to purchase 1 1/2 acres of  
land, at the north-west end of the town,  
from the Waddell estate, for the sum of  
\$1000. The lot is admirably situated for  
hospital purposes and in addition will give  
a first class gravel pit and a dumping  
ground.

### WILL SEE TO IT.

Chairman Walters informed the mayor  
that the cellar under the fire hall is in a  
filthy condition, as was also the platform  
under the market weight scales.

Mayor Ray said that the cellar would  
be properly drained as soon as the frost  
left the ground and the weight scales  
matter would be attended to in a few  
days.

Chairman Walters also pointed out the  
unsanitary condition of the conveniences  
at the police station and urged the officers  
to do their duty promptly in this and all  
other cases that may be brought to their  
attention.

### ORDER BOOKS.

The chairman was instructed to procure  
proper order books.  
COMPEXATION.

Dr. Lynch brought up the case of a  
resident of the east ward, who had been  
compelled to destroy a quantity of furni-  
ture, bedding, etc., on account of diphte-  
ria being in his house and as a slight  
compensation he urged that the board  
should pay some \$7 or \$8, the outlay for  
the nurse employed.

Chairman Walters said the board would  
doubtless consider the matter favor-  
ably.  
The board then adjourned.
