

**EYES YOUNG AND OLD**

There is a growing appreciation in the public mind of the importance of care of the eyes. The sense of sight is justly regarded as more important to us than any of the other four.

Our advanced civilization imposes upon that sense a strain that was unknown under simpler conditions, with the result that defective vision is more prevalent now than it used to be long ago.

This defect is not confined to any particular period of life, but is prevalent to little children as well as in those of middle or advanced age. The symptoms are not understood as they should be; and are either ignored or attributed to other causes in a great many cases.

Little ones at study are often thought dull or stupid when the true cause of their backwardness is that they cannot see as other children do and are placed at a great disadvantage in consequence.

Headaches, indigestion and nervous disturbances are common indications of imperfect vision; and because of them children are often dosed without benefit to cure complaints which have no existence.

We have many cases on our books of persons who have been immediately and permanently relieved from such suffering by using glasses prescribed by us.

The old happy-go-lucky way of selecting spectacles is not now tolerated by intelligent dealers. It would be as sensible to select drugs for one's ailments by tasting everything on the chemist's shelves (poisons and all, until one was killed or cured, as to select glasses in the old way.

Before giving you spectacles we examine your eyes as carefully as a physician does your lungs when you suspect you have consumption. There is no use any more for an optician who guesses for results. The estimation of refractive error is an exact science and when we prescribe glasses, our customer gets those that are best suited to the peculiarities of his individual needs.

We are often consulted by persons whom (after examining) we advise not to use glasses; and are offered payment for the examination and advice. For them we have but one reply. "We make no charge for examination under any circumstances."

Bring your cases of eye trouble to us, maybe we can help you, and if not maybe we can give you valuable advice which we gladly do, free.

**BRITTON BROTHERS.**  
JEWELERS AND OPTICIANS.

**Y.M.C.A. Notes.**  
—Men's meeting as usual on Sunday at 4.15. Good singing. Brief address.  
—Young men's Bible class Monday night at 8.45.  
—Boy's Bible class Sunday morning at 10 o'clock.  
—Boy's meeting on Friday night at 7.30.  
—Young men's prayer-meeting Saturday night at 8.30.  
—Mr. W. Mallagh, well-known in town and a former member of the association has gone into Y.M.C.A. work in Paris, Ont.

**Rev. R. Johnston's Farewell Sermon.**  
On Sabbath last the Rev. R. Johnston, pastor of St. Andrew's church, delivered three most earnest sermons. At the morning service an earnest appeal was made to the unsaved to change their way of living. In the afternoon, in the academy of music, upwards of 1000 men assembled to hear his parting discourse to young men. His desire was not to call them for any particular creed or church, but to unite in the one great cause. At the evening service a large audience again assembled to hear the reverend gentleman as a congregation the last time. In spite of furious rain, which fell on that evening, the church was filled to its utmost. The discourse was of a practical nature and will long be remembered by all who attended.

**Church Chimes.**  
—Service will be held in St. Paul's on Good Friday at 11 a.m.  
—Special service will be held in the Cambridge-st. Methodist-church on Good Friday at 11 a.m. The collection will be in aid of the poor fund.  
—Mr. Roy Reazin, son of Inspector Reazin, of Cambridge, delivered an able address in St. Paul's school room last evening, on "Medical Missions." Mr. Reazin purposes going to the McKenzie River Mission as a medical missionary, and will be stationed with the Rev. T. Marsh, brother of Rev. C. H. Marsh, of St. Paul's.  
—The Church of England temperance society purpose giving an entertainment in St. Paul's schoolroom on Thursday, April 18th. An excellent program is arranged and tickets are only 10 cents. Proceeds are to help pay for the new piano.  
Next Friday being Good Friday, special service will be held in St. Paul's church at 11 a.m. The collection will be devoted to the promotion of christianity among the Jews.

**The Lumbering Interests**  
Very few people have any idea of the amount of forest produce taken out every winter in the township of Harvey, just below Bobcaygeon on Pigeon lake. Our reporter gleaned a few items that may be of interest in that direction the other day and were as follows:—That the Sadler, Dundas & Flavell's mill on G. had cut and piled on Pigeon lake about four hundred cords of wood and ten thousand pieces of logs. F. Crandell had nearly one thousand cords of wood and over two thousand pieces of logs. John Carew has cut about two hundred cords of wood and three thousand logs. Thomas Caesar for R. D. Thexton about three hundred cords of wood and five thousand pieces of logs. A. W. Parkins, three hundred cords of wood and logs. All of the above are taken off the lands owned by the above parties and who send to the woods in the fall upwards of one hundred men, nearly all residents, who spend their winter months there. This does not include the wood and logs bought from the settlers on the lower lakes, and which is of immense proportion, our wood-dealers and steamboat-men drawing their supplies from below Buckhorn. For years Lindsay dealers in logs, logs and other forest produce have paid out over \$25,000 in cash for those products each winter and strange as it may seem, hardly one dollar comes back to the town. Peterboro county as well as Victoria is inundated with lakes and streams and the natural outlet is to Lakefield and Peterboro. All roads leading and in good condition—hence the reason of those towns receiving the money that is spent above. Jno. Carew will be through cutting custom logs this week. The Reathian Co. have started to fit up their mill, they expect to be in operation by the first of May. The Dominion Bank intend to have the Parkin mill in operation by the 20th of the month. Mr. Wier, who succeeded Mr. Bray, as manager last fall will have charge and manage the same. Mr. Wier had an intimate knowledge of the shingle mill business in other towns. He has taken up his residence on William-st. The Sadler, Dundas & Flavell saw mill will start immediately on the opening of navigation inside of ten days. The shingle cut of the mill is highly thought of, already Mr. Dovey has had several enquiries for the celebrated brand of shingles from different American firms, and the probabilities are that he will have sold his cut of the season equally as good, if not better than last. The brackets were put on the dam on Monday. Two days this week the water rose over a foot in the river both above and below the locks.

**HOUSE CLEANING**  
TIME is here.

**Wanted.**  
Two good collectors for the York County Saving Company. Apply to General Agent at Veitch's Hotel.

**Examination of Separate School.**  
Grammar, maximum 100.—Wm. Powers, 76; Ed. Dorgan, 75; Leo Primeau, 72; Vincent Flurey, 70; Bert Baker, 69; Staff, Shannon, 66; Jas. Dorgan, 63; Jas. O'Connell, 61; Harold Burke, 57; Samuel Killen, 57; Geo. Brady, 52; Thomas Spratt, 50; Ed. Hinds, 48; Percy Shannon, 42; Richard Duffus, 40; W. Pyman, 39; John J. Campbell, 21; Chas. Curtin, —. Third class dictation, maximum 100.—A. Callaghan, 94; F. Campbell, 92; Harry Tims, 88; Thos. O'Keefe, 88; Jno. Walker, 86; Wm. McHugh, 82; Robert Spratt, 80; Albert Duck, 78; Chas. Cotie, 76; E. Boyce, 72; Jno. O'Keefe, 72; A. Kenny, 68; Vincent McMillan, 68; Thomas Giltenan, 64; Frank Barnett, 64; Pat O'Neill, 60; Jos. McGeough, 60; Peter Grozelle, 58; Albert Heenan, 52.

**The Woodville Incendary Fire.**  
Police Magistrate Deacon held a court at Woodville, on Saturday, April 6th, for the hearing of the evidence against Donald J. Carley, Alex. Carley and Michael Malone, who were arrested and charged with setting fire to the Royal hotel at woodville, on the 3rd day of March last. Mr. D. R. Anderson, who appeared for the prosecution stated that he had no evidence against the Carley brothers and the charge preferred against them was dismissed. The magistrate then proceeded to investigate the charges preferred against the prisoner, Michael Malone. A number of witnesses were called and gave evidence to the effect that the prisoner offered \$100 to Alex. Carley if he would set fire to the Royal hotel, owned by Mr. Williams. Magistrate Deacon committed him for trial to the general sessions of the peace to be held in June next. D. R. Anderson for the prosecution, A. J. Reid, Cannington, for the defence.

**Christian Endeavor Notes.**  
—On your next topic card have a meeting for the hearing of "letters from old members and friends."  
—Too often at a C. E. social, all committees but the social committee go off duty. This is a great mistake. The social affords a decided opportunity for all earnest workers.  
—One person out of every eight in the almost 30,000 population of York, Penn., is a Christian Endeavorer.  
—Mr. Ira D. Sankey, the well-known singer will be present at the Boston C. E. convention. Mr. John R. Mott will also attend the convention and will address the Endeavorers on the subject of missions.  
The Lindsay local union meeting was held in St. Andrew's church on Monday evening last. The body of the church being fairly well filled with Christian Endeavorers and their friends. The following officers of the union were elected for the coming year:—President, J. L. Allin, re-elected; Vice-presidents, the presidents of the different societies in the town, Recording secretary, Miss Gilpin. After the election of officers Rev. Robt. Johnston gave the audience an interesting and instructive address. After the address the following resolution was unanimously carried. Moved by C. K. Calhoun, seconded by Rev. Mr. Totten, on the occasion of the departure of the Rev. Robert Johnston, the Endeavorers of the town of Lindsay desire to place on record the high esteem in which they hold him. Mr. Johnston's untiring efforts in all Christ's work are known to few better than to the young people of Lindsay and the County of Victoria, and his zeal, his love, his self-sacrificing labors, his enthusiasm have been an inspiration to many Endeavorers during the past six years. Not only in his own society, but in the wide fields of the local and county unions, will Mr. Johnston be missed, and we know that his place will be hard to fill. We extend to him at the time our heartiest good-will and pray that the richest blessings may be showered upon him in abundance in his new field of labor.

**ADJOURNED AUCTION SALE**  
ON THE MARKET, LINDSAY,  
BY  
JAMES H. LENNON, AUCTIONEER,  
AT ELEVEN O'CLOCK, ON  
SATURDAY, APRIL 13th, 1895.

1 Buggy,  
2 Seed Drills,  
1 Honey Fanning Mill,  
1 Gang Plough,  
1 Straw Cutter.

**DR. JEFFERS,**  
3 WELLINGTON STREET,  
LINDSAY.

Telephone No. 4.

**Sporting World.**  
—A thief in Australia has just received three years' hard labor for cycle stealing.  
—The matched cycling race between Zimmerman and Heuben, the Belgian, is off.  
—In all probability there will be no senior lacrosseists in Lindsay this year, so it will be left to the juniors to keep alive the national game.  
—Several notices of amendments have been made to the C.L.A. rules and constitution and will come up at the annual convention at Stratford on Good Friday.  
—The membership tickets of the Lindsay football club are now ready and may be had from the secretary, Mr. E. L. Flood, or any of the members.  
—What is known as the nursery tricycle is becoming common in London. It has two seats—one for the mistress and one for the maid and the baby. There are two sets of pedals.  
—The junior lacrosse boys will disport themselves in white and blue this season. They have had invitations from outside clubs for a game on the 24th May, but as yet have not come to any decision.  
—Interest in the coming contest between Peter Maher and Steve O'Donnell is very great in Pittsburgh. A friend of Maher yesterday said he was prepared to bet any part of \$5000 that the Irish champion would defeat the Australian.  
—A meeting of the L. B. C. will be held in the club room over Edward's store at 10 o'clock, Good Friday morning for the purpose of deciding on uniforms and to purchase the necessary material to begin the season. All members and everyone interested in baseball are requested to attend.  
—The two Joes left yesterday for their camping ground on West Cross Creeks. They took their canoes, camp, traps and outfit by wagon, the water not being open yet, Joseph Maher an expert at trapping and can make an Indian bluish. Joseph Kent is also over posted in the cunning art and taken together they will no doubt make it rough on rats.  
—The Governor of Florida is evidently determined that Corbett and Fitzsimmons shall not fight in that state, as he has recommended in strong terms that "prize fights or glove contests be made felonies by statute, with such penalties attached as will cause the thugs to respect law and to respect law-abiding, God-fearing people of the State in pursuit of all their rights as citizens."  
—This season is an exception in many things and dead fish is the theme just now. For years past large numbers of dead maskinonge in spring, and after a thaw in winter, come down under the mill and through the locks, but so far this season none have been seen. The fish in Scugog water must be either scarce or healthy, and the question will have to be settled after 15th of June next, by the angler. It is a long time to wait.  
—The Sportsmen's Association has announced to all lovers of field sports that its first exposition will be held at Madison Square Gardens, New York, May 13th to 18th, 1895, inclusive. The exhibits will be as comprehensive as it is possible to make them in order to enable the visitor to obtain a thorough knowledge of everything that pertains to sportsmen's outfits and supplies and to see the advance that has been made in the manufacture of articles relating to field sports and will include a variety of trophies, books and pictures.  
—New York state holds the most trotting records, but Vermont wins on dogs. Last July an item went the rounds that a mastiff puppy owned by W. Bailey, leading horseman of Rutland, N.Y., weighed 213 pounds. Judge Bailey now says that the big fellow tipped the scales last Thursday at 242½ and is still growing. This dog is not fat, but a giant and as nimble as a cat. He looks after the trotting horses in the elegant private barn with great interest, seemingly, and when a stranger appears he acts as an escort when so ordered by his master. He is the king of the dog world.  
—The foregathering of the "new women" in the football field on Saturday last was evidently regarded by the 12,000 spectators as the Emperor Charles did Florence—too pleasant to be looked upon, except on a holiday. The exponents were bonnie lassies every one, arrayed, moreover, in wonderful and fearful costumes (very frilly knickers and light blouses), and all was orthodox and trim, so far. But the play—well! the least said the better, except that Lady Florence Dixie's medals will be the most easily earned of any in "footer" history.  
—London Sporting Life.  
—L. B. C. sparks.—Palen of '91 athletes will figure behind the bat for the Lindsay team. Sinclair will endeavor to keep up his reputation as a backstop this year with the Lindsay team. The boys are anxiously waiting for the grass to dry and they will be out "chasing the leather". The first match will be played on Good Friday afternoon, Grits vs. Tories, agricultural grounds. Come one come all. Stacey will likely cover 1st base for the Lindsay team this year. Watch out for "Ben."  
—On Good Friday afternoon at 2 o'clock the junior lacrosse club will play a practice game. The teams will line up as North vs. South ward and a good tussle will no doubt be the result. Several good players have signified their intention of playing with this club this year and the boys expect to cover themselves with glory before the season wanes. Neat membership cards have been issued and the citizens may procure them from any member of the club for a small fee, and thus give the boys substantial encouragement.  
—A novel starting machine for horse races has been invented by J. T. Andrews, of Montgomery, Ala. The apparatus consists of a series of moveable stalks, arranged in a line across the track. The horses are led into those stalls from the rear. Doors in front of them are carried upward swiftly and simultaneously by an automatic arrangement and at the same time a line of whips, also manipulated automatically, strike the horses from behind. It is thought that this scheme will have the effect to send all the horses off on an even break.  
—The Lindsay base ball club held a most enthusiastic meeting in their club rooms on Friday evening last. President, Geo. Lyle in the chair. The secretary read the minutes of last meeting after which the necessary business was transacted. The club has secured a fine room for the use of the members and intend to furnish it in the latest style. The daily papers as well as the local editions, and all sporting journals will be on file. It will be electric lighted and made comfortable. The managing committee intend to make the L. B. C. of 1895 a big success and will start practice as soon as the weather permits. The secretary is already in receipt of a challenge from a good club organized on the 24th.  
—The cricket club organized on Tuesday evening with the following officers:—Honorary, Col. Deacon; Pres., J. A. Barron; 1st Vice-Pres., J. D. Flavell; 2nd Vice-Pres., J. E. Knowlson; Captain, T. Brodie; Sec.

**Obituary.**  
Another old resident of Lindsay passed away on Thursday afternoon last in the person of Mr. Richard Leary. The deceased had been confined to his bed for about a week, when the bursting of a blood-vessel caused his sudden death. He had led an active business career and had purchased grain for a number of years and was a popular figure on the local market. He had been a member of the town and county councils and the flags on the public buildings were flying at half mast in respect to his memory. He was a member of the Church of England and a staunch Conservative in politics.

**Our New Cutter at Work.**  
Scientific cut, together with the little things which go to make the stylish suit is what we are giving.

**DUNDAS & FLAVELLE BROS.**  
—The proposed visit of the excellent degree team of Lindsay Lodge No. 100, I. O. O. F. to Ottonabee Lodge Peterboro has been unavoidably postponed for the present.  
—While the people of this section are patiently waiting for the weather to thaw out and spring open up, the farmers in Manitoba are busy with their seeding. This may seem strange but is nevertheless true.  
—While the pastor of the Presbyterian church was busy making his opening prayer at the evening service, on Sunday last, the electric lights blinked out, but the clergyman kept on in the darkness as though nothing had happened.  
—Mr. Donley, of the Commercial hotel, Toronto, visited Sturgeon Point on Tuesday and after looking over the suburban city states that it is one of the finest locations for a summer resort in Canada.  
—The Post comes to hand this week as a live daily paper. It is a four page edition and is published every evening. Its enterprise is certainly commendable and the question whether Lindsay will, or will not, support a daily is in a fair way of being settled.  
—Mr. McMillhargey finds it impossible to make his regular shipment to Montreal this week owing to the difficulty in getting in his stock. The market prices are also low and do not hold out any inducement or extra effort.  
—Mr. Wm. Hungerford has been busy this week overhauling the machinery of the trim little steamer Marie-Louise. Everything is about ready for the seasons operations. Mr. Geo. McFadden is giving the steamer a coat of white paint with red trimmings. She will look spick and span when the captain rings the bell.  
—The tramp nuisance is growing rapidly. The register in the local lock-up generally records from two to five each evening. Last night, however, was a record broken, for there were no less than eight unfortunates domiciled before eight o'clock. If this sort of thing keeps up an addition will have to be made at both ends of "de coop."  
—On Tuesday evening last there was a pleasant social hop at the residence of a popular resident of the south ward. The evening strains of the violin captured the hearts of the merry-makers, and all were enjoying themselves fine when the floor gave way and a couple who had responded vigorously to the call "swinging your partners all" went through into the eight foot cellar. Fortunately no injuries were sustained and presently a voice was heard from the lower regions saying.  
"Let the dance go on,  
And joy be unconfeined  
We are in the cellar  
And dancing—dancing in our mind."  
—A young lad named Kinnear who was serving a time in the Reformatory at Penetanguishene escaped from that institution some six months ago. Chief Bell was informed of the escape at the time but never came across him. A few days ago he received information that Kinnear was wanted in Bradford for larceny and was supposed to have come this way. He arrived on Tuesday evening and was captured yesterday morning by Chief Bell, who at once communicated with the authorities at both places and now awaits their arrival.  
—The Lindsay Fire Brigade do not believe in "all work and no play" and have therefore engaged the celebrated Cosgrove Family for one of their popular entertainments on the evening of Friday, April 19th. The "fire boys" have served the town and its citizens nobly during the past few months and deserve the hearty support of all. The company engaged highly recommended and our citizens are truly upon a capital evening's entertainment while manifesting their appreciation of the gallant manner in which "our boys" always respond to the call of duty.
