Sweet memories feed the mind, As dews the flowers and grass; The responsive soul shall find Sweet pleasures as they pass.

Our souls are fed from God, His love to us is true; The harmony of God and love Brings us Him unto.

If I love God-(God loves me), This mutual love between, Then peace shall widen as the sea, O blest felicity.

A new commandment given, That ye love each other true, Brings us nearer heaven, And nearer each unto.

The knowledge of a risen Lord Gives pleasure to our souls: We feed upon His loving word. And treasures rich unfold.

Blest Lord, when we thy face shall see, And know thee as thou art, Our joyous hearts shall grateful be, "We shall be satisfied." J. J. CARTER, Manilla

That Mariposa Audit. - 10 13 5 28 fairy books of their childhood days The To the Editor of the Watchman.

SIR,-Probably no matter of municipal affairs has caused more comment than the affairs of the municipal council of the township of Mariposa and their late treasurer. Now, sir, it is quite evident that there was a nigger on the fence somewhere, and some person is to blame for not chasing him out with a hot stick. It would be useless for me to go over the history of the matter, as those who have watched the drift of affairs are as well qualified to judge of the matter as I am. treasurer was ordered to deposit one thousand dollars in the bank and all other monies to the credit of the municipality, it occurred to me to ask the then munioffices; Mr. Bartmore, an old Toronto cipal council to explain where the money boy, now manager in a large clothing came from. Since then the municipal books would have difficulty in controverting. he has not gone far enough. His report should have shown from what source the surplus arose, and who is entitled to receive them back. Now, for instance, if the surplus arose wholly or in part from toe high a rate on union schools, or from drainage rates, then the sections ton Star. where the extra amount was paid are entitled to receive them back. Then the late treasurer writes to the press to explain, and his explanations leave the an engineer whose reason was shattered matter more unexplainable than before. by his train running over and killing two hearing, our power of motion—these are Now, in all the explanations neither Mr. men leads thoughtful persons to the con-McNeillie or the late treasurer tries to show any justification for the existing
