Special to the Watchman. Public Library.—Steps have been recently taken to establish a public library and reading-room in our village. This is something that should have been set on foot here long ago. The Inhabitants are just now waking up to the fact that to keep abreast of the times a reading room is a necessity. A public meeting was held on Friday, 23rd, and a board of management appointed. The requisite one hundred members have been secured, and a fifty dollar order for books sent away. Soon we expect to have our library and reading-room in full operation. The board have rented a room over Coad Bros.' store and Mrs. James Coad has been appointed librarian.
