in its subtlety. It lies hidden for years in the ambuch of the blood, and when it strikes it voids its venom alike on strength an beauty, disfiguring the one and undermining the other.

is a specific for scrofula in its worst and most malignant forms. Scrofula is a blood disease. Ayer's Sarsaparilla is a blood purifying medicine. Mineral medicines only drive scrofula below the surface. Dr. J. C. Ayer's Sarsaparilla is a vegetable remedy and it eradicates the disease. There is no remedy for scrofula equal to Ayer's Sarsa-

"I was cured of a long-standing case of scrofula by Dr. J. C. Ayer's Sarsaparilla. The disease first manifested itself when l was a child, by breaking out in red blotches all over my body. I was not free from the trouble until I took several bottles of Ayer's Sarsaparilla. That effected a permanent cure."-MRS. E. H. SNYDER, Lehigh-

ROSE AND THORN

[Contributed.] A rose was blooming, pure and sweet,

Its fragrance filled the bare, hot street But ah! beneath those petals white, Sharp and piercing, hid from sight, Concealed from view by those blassoms slight, Something lay.

There it lay concealed from view, Night and morn ; Its presence known to all too few, Bleeding, torn. Flesh still quivering till the tale Of the blossom, slight and frail; How the rose, so pure and pale, Hil the thorn.

Are Your Lungs Weak?

Have you got Consumption, Catarrh, Asthma, or Bronchitis? Cannabis Sativa, Dr. Stevens' East India Remedy, will cure you. It has cured many cases of pulmonary consumption, pronounced hopeless by physicians. Its virtue is attested by leading members of the medical profession; by business men of high standing; by hundreds who owe their lives to its marvellous power to heal the lungs, allay inflammation, renew the vital elements of the blood and create strength. So confident am I of its virtue that I will send a package, sufficient for 12 days' treatment, absolutely without cost, duty prepaid, to every suffered

who will send me an accurate statement of his or her case. I do not say that one package will effect a complete cure, but believe so much benefit will be derived from it that the treatment will be continued until a complete cure is brought about.

What it has done for others. PETERBORO, ONT., Canada, Oct. 13, 1877. "I was foreman in the lumber shanty when I was taken sick, and being anxious about the work, I exposed myself greatly, caught a severe cold, and after recovering took a heavy relapse, which terminated in inflammation of the lungs. "The doctors all gave me up. An abscess formed at the bottom of my left lung and discharged outwardly. At the time I got your medicine, it was getting worse every day. Every one thought, and so did I, that death alone would end my misery, I commenced using Cannabis Sativa the first of February, 1876, and after using three or four packages of the Remedy, the discharge was checked, and I was able to get out of bed alone for the first time in more than three years and three months.

"For from the 22d of January, 1873, to the 15th of May, 1876, I never was able to get in or out of bed once alone, nor never lay ten minutes off my back, nor never was out of bed one-half day at a time, and spent upwards of \$1,400 without much if any bencht, and I only used a few cents over \$20 for your medicine till I was well.

"It is now exactly eleven months since I left my bed, and I am smart and realthy, and without pain or ache, or any symptoms of the disease. For the past and drew in grain."

Example 1 and 2 and 1 and 2 and 2 and 3 and 4 and 4 and 5 and 5 and 6 and 6 and 6 and 7 and 6 and 6 and 6 and 7 and 6 and drew in grain." RO. Sept., 1897.—Mr. Hamilton's health still remains good.
