

# COLUMBIA BICYCLES

This space, in next week's issue, will be mostly devoted to a description of the world-renowned Columbia Bicycle. In a few days we will have four or five samples to show you. After you have seen the Wheels, and get our prices, we are satisfied if you are thinking of buying a Wheel you will close a bargain at once.

Please remember we are headquarters for everything new in the way of WATCHES, CLOCKS, JEWELRY and SILVERWARE. Our repairing and engraving is constantly increasing. The best goods at living prices is our motto. To be convinced, call and see.

## Cheese Boxes for '99

I am again in a position to manufacture CHEESE BOXES on a large scale, having built a large New Factory, convenient to C.P.R. station; the old machinery having been burned last summer, I have replaced it with New and Up-to-date Machines for making Cheese Boxes and Cutting Shingles. This factory has a capacity of 100,000 in one season, placing it in a position second to none in the province.

I have already between two and three hundred cords of Bolts on hand to be cut into headings before the season opens.

All orders for Boxes sent in early will receive prompt attention.

## YOUR SPRING SUIT

"The hang-dog expression" looks of ready-made hand-me-down suit of clothes is enough to disgust the Prince of Slovens. No fit, no style, NO GOOD.

A Tailor-Made Suit—Cut made and fit to the contour of your form—is certain to look right and wear.

Parts of machinery which accurately fit withstand service, and parts which do not fit wear out quickest. SAME WITH CLOTHES.

Choose your cloth for Suit, Coat, Vest, Trousers or Overcoat, and I will do the rest. Prices small as stitches.

## EASTER TERM

Of the Peterborough Business College begins APRIL 4th. New Students are urged to commence work on that date. There's a practical benefit in so doing.

W. P., Wesley Bruce; W. A., Eliza Jobb; R. S., Bertha Hooey; A. R. S., Geo. Galbraith; F. S., Maud Parks; Treas., John Polton; Chap., Nellie Holmes; Con., W. Taylor; A. C., Erva Marlowe; I. S., Eldon Taylor; O. S., Libbie Reynolds; Organist, Miss Minnie Beacock; P. W. P., Lizzie Parkes; S.Y.P.W., Lizzie Parkes.

The mock trial was postponed until next Friday night.

VISITORS.—Miss Emma Beacock of Bowmantown spent Easter week with friends in this vicinity. Mr. Wesley Clark cast his shadow in our village while passing through on Thursday. Messrs. Prust, Hyland and Marlowe, mds., spent their vacation at their respective homes.

ACCIDENT.—While splitting wood lately Mr. Henry Toohey had the misfortune to cut his foot to such an extent that several stitches were required to put it into shape.

ILLNESS.—We are grieved to learn that Mrs. John J. McLaughlin is very ill, but under the skillful treatment of Dr. Archer of Port Perry we hope to see her out soon.

NOTES.—Mr. Albert Spinks lost a valuable colt last week. Mr. Cowling of Darlington had a horse choked to death by the collar when it got down in the snow banks on the gravel.

### CROSS CREEKS

NEW INDUSTRY.—Mr. John Donovan and John Cuddahoe walked out last weekend from Lindsay to renew old acquaintances and breathe the balmy breezes that April winds waft over the broad bosom of the Cross Creeks waters. They carried two empty bran sacks under their arm, which they filled with balsam bark before returning.

We understand they are making up a cough mixture to be known by the name of the "Two John Mixture,"

which will be free from all alcoholic properties.

They will star a business in town this summer providing exemption from taxes is granted them.

CHEESE.—A meeting of the patrons of Pine Grove cheese factory was held on the 7th inst. for the purpose of transacting ordinary business, preparatory to commencing operations for the season of 1899. Many of the patrons were present on the occasion, and discussions on various points regarding the past year's work and plans for the future were freely indulged in by the members. In one instance, a heated debate took place concerning the running expenses of the factory, the speaker claiming that an injustice was done in asking patrons contributing a small quantity of milk to pay the salaried officials the same as those sending probably double the quantity. In my opinion his head is level. Let each one pay according to amount of milk delivered. This did not meet with approval and he was sat upon by a wretched, unreasonable and squealing patron assisted at weak intervals by a clever director. It might be well for

those directors to exercise more of their assumed smartness in seeing that the stripings is sent with the fore milk, as we understand some trickery was indulged in last season on this score. This work must cease or else shut down the factory.

### SEAGRAVE

MEETING.—The annual meeting of the Epworth League was held last Tuesday evening. The officers for the ensuing year are: President, Miss Lettie Crooks;

1st vice, Mr. Chas. Nattenbury; 2nd vice, Mrs. N. Mitchell; 3rd vice, Mr.

Britton Lowe; recording and correspond-

ing secretary, Miss Lillian White;

treasurer, Mrs. Wm. Midgley; organist,

Mrs. E. la Miller.

ACCIDENT.—As Mrs. Pollard and her daughter were driving home from the village the king bolt came out of the buggy. Mrs. Pollard was thrown out of her head and received some very serious injuries.

PERSONAL.—Our teacher Mr. Shanard is back again after spending his Easter holidays at his home in Uxbridge. . . . Mr. B. E. Beer, son of the Rev. W. C. Beer of Dutton, and Miss A. White spent part of their holidays at the parsonage.

FISHING.—Quite a number of the villagers are fishing on the lake this week. They report having very good success.

OBITUARY.—After a short but severe illness Mrs. A. Fleury passed away last Thursday on the 30th year of her age.

The funeral took place on Saturday and was attended by a large crowd of sorrowing friends and relatives.

### MANILLA

SONG-SERVICE.—On Sunday evening last, the choir of the Manilla Methodist church gave a song-service. The choir which has lately been strengthened by the addition of several new members, rendered the different selections in a most pleasing manner.

Many people in the congregation considered it the best song-service yet given. Mrs. G. Smith presided very acceptably at the organ.

OUR WALKS.—Winter is very reluctantly giving place to spring. As the snow disappears from the sidewalks the pedestrians in our town are confronted by broken planks, gaping holes and half drawn nails. If the wayfarer reaches his destination without completely destroying his rubbers or injuring the mechanism of his lower extremities, he may congratulate himself and consider that he has executed a triumphal progress, rather than an ordinary constitutional.

Our citizens should wake up and see that these sidewalks are fixed. We must not let our town degenerate into a "Sleepy hollow."

PERSONALS.—Most of the Easter visitors have gone, and our little town is settling down to the ordinary routine of existence. Mr. Alex. McLean of Norland is here at present visiting his brother A. D. McLean.

He intends going to the Northwest next week. Mr. D. B. McQueen

returned on Saturday from Sebright,

where he spent the holidays. Mr. Bert Ball has returned from Toronto where he has spent some few weeks.

CALL EXTENDED.—The Baptist

churches of Manilla and Cannington have extended an unanimous call to

Rev. J. Pollock of McMaster University.

Rev. Mr. Pollock has preached

several times here, and has shown

himself to be a speaker of rare force,

and a student of great ability. It is hoped by all who have heard him that he may accept the call.

### FENELON FALLS

NEW INDUSTRY.—A joint stock company with a capital of \$5,000 has been

formed in our village to start a factory

for the manufacture of Mr. W. Church's

patent washing machine, and also his

many other inventions. The operations

will be performed in the mill, owned

and formerly run by Mr. W. Burgoyne,

on Cameron lake. The factory will

employ about twenty men and is ex-

pected to be in running order by June

1st. Things look bright for the venture

and we trust it will succeed to the

utmost.

LECTURE.—Col. S. Hughes, M.P.,

will deliver his lecture on "Remini-

cences of Derry Walls and Bonnie

Scotland", in Dickson's hall on Friday

evening, and the appearances are that

the hall will scarcely contain the pos-

sessors of tickets who are anxious to

hear the clever speaker on this very

interesting subject.

TEMPLE OF FAME.—The "Temple of

Fame" was presented in Dickson's hall

last (Wednesday) evening, but we were

unable to obtain particulars of the

entertainment in time for publication.

Another very interesting event took

place yesterday which will be fully

described next week.

LECTURE.—A temperance lecture

given in the Methodist church on

Monday evening was largely attended

and an intellectual treat.

SCHOOL OPENING.—Our schools re-

opened on Monday with a first-class

attendance. Mr. B. H. Maybee is

back as principal, in place of Mr. C.

H. Edwards, resigned, and the staff of

assistants is the same as formerly.

PERSONAL.—Mrs. Brandon, sr., and

her little grand-daughter, Miss Mattie

Robertson, left for Peterboro on Mon-

day. Miss Hand spent her vaca-

tions in Lindsay. Mr. E. McClellan

spent Friday at the Falls. . . .

Mrs. E. A. McArthur returned on

Saturday from a visit of several months
