LOCHLIN

One of the most interesting events of the season occurred at the home of Mr. Robert Burk on the evening of April 12, when Mr. Levi Burk of this place and Miss Cassy Alberta Louks of Allsaw entered into the holy bonds of matrimony. The nuptial knot was securely tied by the Rev. P. Neville. The bride was beautifully attired in light blue trimmed with white silk. The bridesmaid was biiss Lizzie Bark, who wore a very becoming costume. The groom was assisted by Mr. John Deleury of Lindsay. After the ceremony was over and congratulations had been profusely conveyed, the young couple were then presented with many valuable presents, which showed how highly they were esteemed in their own neighborhood. The wedding party and guests then sat down to a sumptuous table, which had been prepared by Mrs. R. Burk with such delicacies as would please the most fastidious palate. After tea was concluded the evening was spent in social enjoyment and all returned to their homes feeling that they had experienced a treat in more ways than one.

FLEETW00D

Mr. Kells is slowly improving. The warm weather will no doubt do him good. Mr., Jonas Bird has purchased a fine horse from Mr. S. Coulter to take the place of the one he lost this spring.

Mr. O. R. Stacey has started again his wagon on the road. He has made several improvements from last SYRUP MAKING .- Several of our

farmers are busy making maple syrup. The flow of sap has been very poor this season as yet, but the sap is of good quality.

Bad Roads .- For the last week our roads have been almost impassable. It would be to the best interests of the community if the men would move a little faster when doing their statute

CHEESE FACTORY, -Our popular cheesemaker, Mr. Wood, purposes opening the cheese factory on the 24th. He has let all the milk routes for the season. Several parties who drove milk last year, are taking the same routes again this

It is rumored that action will be taken against the Mariposa council by one or looking after a covered drain running through the village, which has in some way been obstructed. These citizens have sustained considerable inconvenience and loss as a result of flooded cellars.

On Monday evening a small audience assembled in the hall to liscen to a lecture panied his lecture by an illustration of that mysterious process known as "reading heads." All were delighted with the professor's attempts in this line, and most will admit, that whether or not he is a phrenologist, he is certainly a mighty good guesser.

Some of the boys here in town, who are yet at that tender age when they need continually watching, have been carrying guns lately and are having sport royal shooting small birds. They are exceptionally careless while handling fire-arms and several times they come perilously near shooting persons a short distance away. Some person will likely make it his business to see that they are forbidden to carry firearms. And the sooner the better.

PALESTINE

On Friday evening, the 7th inst., number of the friends of Mr. and Mrs. Malcolm McNabb and family surprised them by marching over to their place to the sound of the bagpipes and taking possession of their house, for to spend a social evening, and to bid them good-bye on the eve of their departure for the N. W. T. also to present them with a slight token of the esteem and respect in which they are held by the people of this locality. Mr. Donald Fraser being called to the chair made a few introductory remarks and then called upon Mr. John Forman to read the following

TO MR. AND MRS. MALCOLM MCNABB AND FAMILY .- We, your friends and neighbors, have assembled here this evening to express our regret at your intended removal from amongst us to the Northwest and at the same time to hope that happiness and prosperity may attend you in that distant and new home. We at all times shall be pleased to hear of your success, and sincerely trust that in your new home you may meet with pleasant surroundings and associates who shall merit your confidence and with whom you can readily co-operate in all with us here. Your intercourse with us has always been of the most pleasant character and your absence will certainly create a blank in our midst that we shall feel for a long time to come. And also in connection with the church you have taken an active interest during the past; Ifriends and neighbors we will greatly miss you, but we can take consolation from the fact that wherever your lot is cast your influence will be felt for good, and that you will do what you can for the to accept these presents not for the value but as a small token of their our and esteem, and as a souvenier of your Traffic is again being resumed on association with the people of Palestine and pray that when your earthly career shall end, you with us shall be counted We are patiently waiting our turn worthy to receive the reward of the faith-

FRASER AND DONALD MCARTHUR.
