Mechanics' Institute.

store-16-4t.

The annual meeting of the Mechanics' Institute took place on Tuesday evening Lot No. 17, 2nd. Con. Darlington, a couple last, when the following officers were of miles west of Bowmanville, has been by the Central Experimental Farm at Otelected:—President, John Dobson: 1st bothered for some time past at night by Vice President, J. R. Dundas; 2nd Vice dogs prowling about his place. He bor-President, Col. Deacon; Board of Directors Dr. Burrows, F. D. Moore, A. O'Leary, G. C. Patrick, S. Irwin, J. Kennedy, W. Milner, W. McDonnell, J. H. Sootheran.

store.—12-4t.

Dumont's Cannon.

Our enterprising gunsmith, Mr. J. Robinson, having purchased a cannon said to Guide. have done service at Batoche, and with an admiring merchant of Kent Street having a hankering to test the shooting qualities of "Roaring Meg," brought her out in the back premises, and having "rammed home" the cartridge applied a match to the fuse and left the premises for a season. When the explosion came the gunners peeped out to see if "Meg" was still there. There she was. Now we understand that the "gunners" are up for breach of Town By-laws.

Board of Trade.

The regular quarterly meeting of the Board of Trade was held on Tuesday evenattendance of members. A communication and the number of tickets limited. Refrom the warden of Haliburton Co., and served seats can be secured at Porter's, others, asking the co-operation of the where a plan of the Hall can be seen Board in urging upon the G. T. R. the Admission 35 and 50 cts. construction of a railway from Kinmount through Minden to Mattawa, was laid before the Board. The Secretary was instructed to send a copy of the memorial to new station at Lindsay at as early a date enjoyed a pleasant afternoon in the vicinity the North-west is superior to that where bassador's ball to drive out to Schloss as nossible. The embiect of the local imas possible. The subject of the local improvement system was ably presented to the Board by Mr. Bowman C. E., and after considerable discussion of its various was taken sick, in consequence of which wheat of the North-west, is on an averfeatures, the matter was referred to the they had to get a horse from Mr. R. assessment committee.
