Street and Bridges.

The Street and Bridge Committee of this year are evidently exercising a good deal of care and judgment to avoid expenditure except where absolutely neccessary. This is quite right. We would suggest with a view to future economy that the boards of all sidewalks 4 feet wide and over be laid crossways and not lengthways as in the past, and also that the ground be plowed.

The Corbyville Accident.

The North West.

We notice that attractive bills containing cuts of the Colonist Sleeping Cars, which show a very comfortable means of travelling to the North West are being circulated. The C. P. R. certainly is not behind in providing comfort for those who favor that line. The summer excursions are advertised for the 4th, 11th, and 18th, of June, with Tickets to Deloraine, Moosomin, Glenboro, and Satlcoats and return, for \$28 and Calgary for \$35, sleeper included. T. Kindergarten Concert.

Our citizens will no doubt liberally patronize the Kindergarten concert in aid of St. Paul's Church organ fund, in the opera house, on the evening of Friday 31st inst. A class of 60 pupils have been training for three months under Mrs. J. D. MacMurchy for the occasion. Several tableaux will be presented. A class of young ladies from the Collegiate Institute will also give an exhibition of fancy drill and marching, calisthenics, and club-swinging. As there is a general desire that the Kindergarten system should be established in our town, the efforts that are being made to encourage the idea should be cordially supported, and as the class that will give an exhibition on Friday 31st inst. is composed of pupils of all denominations, their entertainment should be most liberally patronized.

The same time on behalf of all the class Mrs. Herriman handed her an elegant pair of gold rimmed spectacles as a slight token of regard and esteem. Mrs. Easton who was quite taken by surprise made a very feeling and appropriate response. After which all enjoyed an hour or two of the pleasantries of the tea table chat.
