Terrible Calamity up the Ottawa, TEAWA, May 14.—A sad calamity is

aported from Ironside, on the dwelling of Mr. J. Hudson, and t son, James, aged 22, and youngwhe woke the room was full of smoke, though no fire was in it, she could the father went to fetch a ladder. The was evidently anchored. Sughter Lila dropped and alighted safely the mattress. When Mr. Hudson re- the only clue left. med with the ladder all was quiet in the use and the fire was raging so terribly at he could not effect an entrance. After after the fire had spent itself the neighbors near the Point this morning, in which was and the charred remains of the little printed the name "Eller." aughter Maud in a corner of her bedwere found wrapped in the bedclothes work upon the case. an iron bed in a different room from dence of Lila Hudson given at the inquest this morning explains this. She 3 room over the kitchen. Last night he appears to have slept over the kitchen and hence to have been the first to give the alarm of the fire. The mother and sister both knew that he was running towards the stairs and making frantic efforts to get at once withdrew. down. When, however, he found that the re had obtained full possession of the \$1,000,000. stairway he must, as is surmised, have been plunged in the madness of despair and have thrown himself on his own bed, rolling himself in his bed clothes and resigned himself to his fate. The fiery element raged till the whole house was burnt. A verdict of accidental death was returned.

A BRIEF DESCRIPTION OF THE

## BELL ORGAN & PIANO CO'Y'S FACTORY,

IN GUELPH, ONT.

The works now embrace two large factories which have an aggregate floor space equivalent to 81/2 acres.

The capacity of the works is now 600 Organs and 100 Pianos per month.

The firm carry a stock of 750,000 feet of walnut lumber, and 1,250,000 feet of other valuable woods. They employ over 500 skilled workmen, whose pay aver-

age over \$200,000 a year. The machinery of this factory is driven by two immense

engines of 275 horse power. The factory is lighted by the incandescent electric light,

having two dynamos of 325 lights each.

The business of this firm extends to almost every habitable portion of the Globe,

Their average shipment of organs to Europe is seven car loads per month, and to the Australian market twenty car-loads cash, or mortgage at a low rate of interest, a year, besides a considerable and growing trade with South America, Africa and Japan.

The exports of this firm is larger than any other similar concern in Canada or the United States.

The cause of favor with which the BELL ONGAN and Represent the Beaver Line of Steamships PIANO is received, is that the instruments are always of uniplying between Montreal and Liverpool, form and most excellent quality, and the buyer can always rely on them being as represented,
