THE ROYAL CANADIAN INSURANCE CO. WHICH WILL YOU HAVE?

The latest Blue Book shows that after providing for all liabilities the surplus of the ROYAL CANADIAN for the protection of its policy holders at the close of last year was \$509,074, besides stock to the amount of another \$100,000 subscribed but not called up.

Table with 6 columns: Year, Losses unpaid at close of each year, Cash available for paying losses at close of each year, Money Borrowed, Surplus reckoning premium notes at full face value, Investments each year.

It should be borne in mind that during the last three years the London Mutual collected in heavy assessments over \$30,000 more than usual, and yet at the close of last year, after collecting a full year's income, they had only \$1,403 with which to pay \$26,182 of unsettled losses.
